The University of Oklahoma’s College of Architecture invites applications for a full time tenured, tenure-track or renewable term appointment in the Division of Architecture at the rank of Assistant or Associate Professor to teach digitally based design processes and fabrication methods in studio, and seminar or lecture settings, beginning no later than August 16, 2014. This tenured/tenure-track position will require teaching a minimum of two undergraduate or graduate studio classes, in addition to a minimum of two seminar or lecture courses related to design and fabrication processes per year. A renewable term appointment will require teaching a minimum of three courses per semester, plus limited research/creative activity and more service duties. The position may also provide administrative support to the Director. If administrative support is negotiated, the balance between teaching, research/creative and service activities will be adjusted according to the Division’s needs and the College’s workload policy. The position will be for nine months, but with administrative support, may include a stipend for an additional one-three months annually.

Requirements:
- At time of hire, a minimum of an accredited professional degree in Architecture with a Master’s degree in Architecture or related field.
- Professional registration in Architecture or a Ph.D. in Architecture or related field, required for application toward tenure.
- Teaching experience with undergraduate or graduate architecture students.
- Experience collaborating with architects/engineers in an office setting, or evidence of a fundable research agenda.
- Ability to support a collegial and collaborative working environment in addition to possessing effective communication and inter-personal skills.

Preferences:
- Experience teaching design studios in the use of design software and fabrication.
- Record of externally funded research, or award winning practice.
- Evidence of digitally based design and fabrication.

The Division of Architecture’s NAAB-accredited B.ARCH and M.ARCH professional programs are shaped by an ethos of Creating-Making, and founded on core principles of ethics and sustainability. Under dynamic new leadership, the appointment offers the following opportunities:
- To work in newly renovated Gould Hall, which provides exceptional studio facilities and digital collaboration spaces with access to creating-making fabrication technology labs.
- Research collaborations within the Division and across the College, including accredited Divisions of Planning, Landscape Architecture, Interior Design, and Construction Science.
- To work with the College’s students to maintain a strong track record of successful collaborations, including the ULI Competition, the ACSA/NSF Sustainable Building Design Competition, the Compressed Earth Block Program, and national architecture/construction science competitions. For more information, please visit http://arch.ou.edu and www.ou.edu/architecture.html
- Contributing to the Ph.D. in Planning, Design, and Construction.

Apply by submitting the following materials: a cover letter which expresses interest in the position and highlights relevant experience, a current curriculum vita, a statement of teaching philosophy, a narrative of administrative experiences, a portfolio of sample teaching efforts, professional research work and/or work generated through critical practice, and full contact information for three references (please indicate if these are to remain confidential). All application materials shall be submitted on a CD or flash drive via mail to:

Prof. Hans E. Butzer, Director of Architecture, University of Oklahoma College of Architecture
Design and Digital Technologies Faculty Search, Gould Hall, Rm 275
830 Van Vleet Oval, Norman, OK 73109

Please submit questions by email to mcartwright@ou.edu. Application review will begin December 2, 2013 and continue until the position is filled. The University of Oklahoma is an Equal Opportunity/Affirmative Action Employer. Women and minorities are especially encouraged to apply.
