Greetings from the
Professional Advisory Board
Division of Architecture
Fred Schmidt, FAIA / Chair of PAB

The DivA Professional Advisory Board (PAB) meets at the beginning and end of each semester; 4 times each school year. As a part of our mission, the PAB is dedicated to a quality architecture program and enhancing the academic experience of the students of the Division of Architecture.

The PAB is currently working towards creating a comprehensive contact list that would include all graduating classes of the Division of Architecture along with friends of the College. The purpose of this effort is to achieve several objectives which include informing architects and friends of the ongoing activities of the college and the PAB and to outline ways in which to get involved and give back to the future generations of students that include time commitment, the sharing of talent and supporting financial initiatives.

Standing committees of the PAB have instituted a Mentor Program for 1st thru 5th year architecture students, promoted participation in design competitions and provided a number of student scholarships including funds for Study Abroad programs.

As we work to engage all graduates, please make sure we have your contact information by informing us through the college administration. We look forward to the continued efforts of the PAB and in keeping all interested parties informed of the great activities of the college.
