Information about Bovine Hemoglobin and Bovine Albumin

Bovine hemoglobin:

\[ p_l = 6.8 \]
Molecular weight = 64,500
Absorbance at 280 nm at 1.00 mg/ml with 1 cm pathlength = 2.491
(measured 9-20-96 with Sigma Chemical product # 142625)

Bovine albumin:

\[ p_l = 4.7 \]
Molecular weight = 66,430
Absorbance at 280 nm at 1.00 mg/ml with 1 cm pathlength = 0.594
(measured 9-20-96 with Sigma Chemical product # A9418)
