Hi folks,

This month’s newsletter has lots of exciting updates for you and highlights the 2018-2019 leadership experience! Keep reading to see what’s happening:

**Fall 2018 Semester Recap**

The Fall 2018 semester was full of events and opportunities for our leaders. We hosted a variety of speakers and workshops that covered a range of topics from leadership perspectives to the importance of mentorship. Our Leadership Associates Network (HLA) meeting topped off the semester with a session on leadership and professional development.

**Spring Events**

With the semester winding down, we’re gearing up for another successful semester of cultivating leaders. This newsletter has a special issue dedicated to the spring events, student award winners, mentor spotlights, and more.

**Students Honored at Fall Gala**

Two outstanding seniors were honored for their exemplary leadership skills through enrollment in the Leadership & Management Program. Chain hopes to help aspiring scientists and engineers find their calling as they pursue their vision and continue to lead. With his 32 years of experience, Vaughn has chosen to invest in the next generation of leaders, and you can help us honor him by attending the Fall 2018 Mentor Reception. The Kennedy Award was established in 2015 and comes with a cash award of $500.

**Mentor Spotlight**

Dr. Jennifer Chain is the Science Officer for Cellular Engineering at Oklahoma Medical Research Foundation. She is a part of the Leadership Associates Network (HLA) meeting and serves as the head mentor. Chain has served as a mentor for four years and currently serves as captain. He further developed his leadership skills through enrollment in the Leadership & Management Program. Chain is looking forward to a spring semester filled with HLA meetings, outstanding Gallogly College student leaders for many years to come.
