2019 WOMEN IN ENGINEERING MONTH

OVERVIEW The mission of activities hosted during Women in Engineering (WiE) Month is to celebrate Women's History Month in March and to join the nation in commemorating and encouraging the study, observance and celebration of the vital role of women in American history, specifically in STEM applications. Events will be consistent with WiE guiding pillars of outreach, service, personal and professional development.

FEATURES WiE Month is expected to include events such as hosting guest speakers and special topics, the High School Girls Day, Women Mentoring Women Program, and Working Woman’s Workshop (Investing 101).

INTERESTED? Want to participate? Want to serve as part of the “think tank”/planning committee for WiE Month activities? Want to volunteer? Please indicate your interest here: http://ou.edu/coe/wie-month.
