Features:

- Collaborative effort involving local school districts and a nationally recognized higher education faculty.
- Cohort format, emphasizing student networking.
- Leadership with an emphasis on:
  - Enhancing teaching and learning in LEA the metropolitan region by the identification of promising aspirant leaders to the principalship;
  - Developing the competencies and abilities of aspiring principals (i.e. including but not limited to instructional leadership, data-driven decision-making, strategic thinking & planning, continuous improvement; organizational capacity & learning) and;
  - Cultivation of effective 21st century school leaders equipped for the contemporary challenges of schooling.
- Innovation that includes:
  - A curriculum that encompasses theory and knowledge of effective leadership and successful schools that is also grounded in practice. The coursework has a strong emphasis on instructional improvement and transformational leadership to increase student achievement;
  - Course delivery by OU faculty and experienced district practitioners who have knowledge of the educational issues facing schools;
  - A high-quality internship integrated with coursework and supervised by expert principals and OU professors and;
  - The development of practical leadership competencies based on scholarship.
