Lessons Learned
Beginning a Transition Program

I. Setting current and future goals for your program

II. Researching Available Community and State Resources
   A. DRS Supported Programs
   B. Community Business Partners

III. Developing Guidelines for Student Admission and Grading

IV. Problem Solving
   A. Transportation
   B. Staffing
   C. Student Scheduling

V. Survival Tips For First Time Transition Coordinators

(Our goal is for the participants to walk out with a basic plan that they have drafted as we work through the outline. They could then take their plan back to their home campus and begin building on the plan.)
