The Find Your Future Summer Education Camp is a five-day, all-expenses-paid residential program at the University of Oklahoma's Jeannine Rainbolt College of Education.

This program is designed to recruit and prepare high school students of color who are interested in becoming educators in order to address issues of teacher shortage, particularly among people of color, in the state of Oklahoma and across the country.

Diversification of the teaching professions is a critical step toward improving educational outcomes for all students, and students of color in particular. The Find Your Future Summer Education Camp responds to this need.
