ChoiceMaker Self-Determination Assessment

James E. Martin, Ph.D. and Laura Huber Marshall, M.A.

Student’s Name ____________________________ Date 1 ____________

Teacher’s Name ____________________________ Date 2 ____________

The ChoiceMaker Self-Determination Assessment is a curriculum-based assessment and planning tool. The Assessment questions directly match the ChoiceMaker Self-Determination Curriculum objectives. The Curriculum is designed to teach students the self-determination skills they need to be successful in adult life. Self-determination occurs when individuals define goals for themselves and take the initiative needed to achieve their goals. In the ChoiceMaker Self-Determination Curriculum, students learn self-determination skills by managing their own Individual Education Plans (IEPs).

The ChoiceMaker Self-Determination Assessment has three parts:

Part I: The ChoiceMaker Assessment consists of three sections that rate the student’s skills and proficiency in performing each of 51 self-determination skills, and the opportunity the school provides for the student to engage in these behaviors.

Part II: The ChoiceMaker Assessment Profile is a monitoring tool for graphically displaying student progress and showing the opportunities students have at school to exhibit these self-determination behaviors.

Part III: The ChoiceMaker Curriculum Matrix enables the teacher and other team members to observe at a glance those skills in which the student needs instruction. Each “Teaching Objective” relates to a lesson or set of lessons in the ChoiceMaker Self-Determination Curriculum.

Administration The ChoiceMaker Self-Determination Assessment is designed to be used with middle to high school students with emotional or behavior disabilities and mild to moderate learning problems. The Assessment may be adapted for use with older elementary students and with secondary students with severe learning problems. You may use it in a variety of ways. In order to establish a baseline, we suggest an initial administration prior to teaching the ChoiceMaker lessons. Subsequent administrations may take place at the completion of a set of lessons, at the end of a semester, at the end of the school year, or whenever deemed necessary. You may use the Curriculum objectives as IEP goals and use the Assessment to measure progress toward the goals. You may also use the information from the Assessment to make program changes where the “Opportunity at School” was low.

Reliability A multi-state test-retest reliability study found a .8 or higher significant correlation between the first and a second administration given two weeks later.

Instructions to Part I

ChoiceMaker Assessment

Student Skills Rate the student from “0” to “4” indicating the skill level and fluency with which the student performs each of the 51 skills. In the “Student Skills” column a rating of “0” means that the student does not perform any part of the skill; a rating of “4” means that the student performs the skill in its entirety and whenever needed. If you have not observed the student perform certain skills, you may “interview” the student in order to obtain the necessary information. However, it is important that you do not prompt the student with possible answers. You may consult other teachers or support staff for their observations as well. The purpose is to get as accurate an assessment of the student’s skills as possible.

Opportunity at School Rate the degree to which the school provides a structured, planned time for the student to perform each of the skills. In the “Opportunity at School” column a rating of “0” indicates that there is no structured time for the student to perform the skill; a “4” shows that there is a regularly scheduled time or activity available when the student has the opportunity to demonstrate the skill.

Subtotal Subtotal the points at the end of each part for both the “Student Skills” and “Opportunity at School” categories and enter the totals in the blank spaces provided at the bottom of each page. Transfer each total to the space provided on Part II: ChoiceMaker Assessment Profile.

Instructions to Part II

ChoiceMaker Assessment Profile

Initial Administration Transfer the point totals from the “Student Skills” and “Opportunity at School” categories of Part I to the “Date 1” spaces for each section. Shade in the bar graphs to the number of total points as indicated in the middle column. By looking at the “Student Skills” bars you can see the sections in which the student needs instruction. Likewise, scores on the “Opportunity at School” bars show the sections in which school programs need to be improved to allow opportunity to learn and practice the skills.

Follow-Up Administration Transfer the point totals from subsequent administrations of the assessment to the “Date 2” spaces on the profile. Shade in the bar graphs. Compare the follow-up scores to the initial levels.

Use of the Percent Scale The percent of self-determination points by section is automatically computed by looking at the 0–100 scale on the left side of the profile. The number on the scale that corresponds to the top of the shaded area will tell you the percentage of points for that section. This tells you what percentage of the time the student demonstrated the skills, and what percentage of structured time your school provides to perform them.

Instructions to Part III

ChoiceMaker Curriculum Matrix

After completing Part I, circle each objective you marked “0,” “1,” or “2” on the “Student Skills” portion of Part I. These objectives and corresponding goals are the ones you or your team may want to consider as teaching priorities. There are ChoiceMaker lessons for teaching each of the goals and objectives.

# Part I: ChoiceMaker Assessment

## SECTION 1: Choosing Goals

### A. Student Interests
- **A1.** Express *education* interests (e.g., classes, sports, clubs, community colleges, trade schools, universities)
- **A2.** Express *employment* interests (e.g., jobs, careers)
- **A3.** Express *personal* interests (e.g., relationships, recreation, health)

<table>
<thead>
<tr>
<th>Student Skills (Does the student do this?)</th>
<th>Opportunity at School (Does school provide structured time?)</th>
</tr>
</thead>
<tbody>
<tr>
<td>(not at all)</td>
<td>(100%)</td>
</tr>
<tr>
<td>0</td>
<td>1</td>
</tr>
<tr>
<td>0</td>
<td>1</td>
</tr>
<tr>
<td>0</td>
<td>1</td>
</tr>
</tbody>
</table>

Subtotal

### B. Student Skills and Limits
- **B1.** Express *education* skills and limits
- **B2.** Express *employment* skills and limits
- **B3.** Express *personal* skills and limits

| 0 | 1 | 2 | 3 | 4 | 0 | 1 | 2 | 3 | 4 |
| 0 | 1 | 2 | 3 | 4 | 0 | 1 | 2 | 3 | 4 |
| 0 | 1 | 2 | 3 | 4 | 0 | 1 | 2 | 3 | 4 |

Subtotal

### C. Student Goals
- **C1.** Indicate options and choose *education* goals
- **C2.** Indicate options and choose *employment* goals
- **C3.** Indicate options and choose *personal* goals

| 0 | 1 | 2 | 3 | 4 | 0 | 1 | 2 | 3 | 4 |
| 0 | 1 | 2 | 3 | 4 | 0 | 1 | 2 | 3 | 4 |
| 0 | 1 | 2 | 3 | 4 | 0 | 1 | 2 | 3 | 4 |
