Dundee University
Scotland

The University
University College, Dundee, was founded in 1882 and thus belongs to the same period as the older civic universities of England; like many of them, it prepared its students for external degrees of the University of London. In 1897, University College became part of the neighboring University of St. Andrews, remaining so for the next seventy years. Following reorganization it was renamed Queen's College in 1954. On August 1, 1967, by the grant of a Royal Charter, Queen's College became the University of Dundee. The University campus overlooking the River Tay is a pleasant mix of old and new buildings amidst lawns and gardens. Teaching buildings are integrated with recreational and residential buildings to form a friendly, self-contained community relatively free from motor traffic and within walking distance of the city center. There are approximately 11,000 students attending the University of Dundee, with the vast majority coming from Scotland and Northern Ireland. Programs offered at the university include, but aren’t limited to: business, social sciences, religion, science and engineering, education, and Scottish studies.

The City
Dundee has a population of some 180,000 and is one of the four principal cities of Scotland. Dundee is located along the mouth of the river Tay, where it empties into the North Sea after flowing 100 miles down from the Highlands. The city is small enough to be easily navigated, and most amenities are located quite close to the campus. The Dundonian natives are honest, industrious people with strong accents and special affinities for beer and football-in addition to their self-proclaimed pride in Jute, Jam, and Journalism. The surrounding Tayside region holds many cultural and physical activities, including skiing and hill walking in the highlands and quick, cheap trips to Edinburgh.

Academic Calendar
Fall semester: September - December
Spring semester: January - May
For exact dates, visit:
http://www.somis.dundee.ac.uk/academic/AcademicCalendar.html

Am I eligible for this program?
You must have a 2.5 Combined Retained GPA.
What could I study?
Exchange students can take a wide variety of courses in Arts and Sciences, Business, Art and Design, Engineering and Physical Sciences.

What about academic credit?
Grades received on reciprocal exchange study abroad programs through the University of Oklahoma are posted by the Office of Admissions as Satisfactory (S) or Unsatisfactory (U) on the OU permanent record. These grades are not factored into the participant’s Grade Point Average. Because each student is enrolled in 12 credits per semester while abroad, participants are expected to enroll in an equivalent number of credits at the host university. Academic systems around the world vary in what equals 12 OU credits. The decision about awarding credits is made in the Office of Admissions at OU.

Where would I live?
Dundee has a wide variety of options for exchange students, who are housed on campus.

How much does it cost?
Costs at OU: All students participating on semester or academic year reciprocal exchange programs are enrolled at OU for 12 credits each semester abroad. Tuition and fees are billed through and paid directly to OU at the appropriate resident or non-resident rate. Fees are charged at the Arts and Sciences College rate, even if the student’s major is in a different college. All participants pay a $10/credit hour study abroad fee. There is a $35 non-refundable application fee for study abroad.

Costs at Dundee:
Depending on where you live, accommodation fees range £2,790.06 to £4,119.57 for a 39 week contract.

Costs per month: Accommodation (private) £200 - £260
Food / Household Goods £120
Entertainment £75
Phone / Postage £25
Household items £20
TOTAL £440 - £500

How do I apply?
Instructions for applying to any semester or academic year exchange program may be found in the “how to apply” section of our website.
