Jönköping International Business School
Sweden

The University
Jönköping International Business School (JIBS) is part of Jönköping University. It is the most international business school in Sweden. It has the largest study abroad programme of any Swedish business school. Approximately 80 percent of all its students study abroad at one of its partner universities for at least one semester. Many students study abroad for two or even three semesters. In addition, JIBS has more courses in English than any other business school in Sweden. These courses are completely integrated with both international students from around the world and Swedish students. Furthermore, the programs that it offers have an international focus.

The City
With approximately 123,500 inhabitants, Jönköping is one of the ten largest municipalities in Sweden. The city, which was founded in the thirteenth century, has a strategic location in the south of Sweden. Rail and road networks provide fast access to Stockholm (330 km) Gothenburg (140 km) and Copenhagen (290 km). Jönköping Airport has direct connections to both Stockholm and Copenhagen.
The region has some 9,800 registered companies, most of which are small and medium-sized manufacturing companies. But there are also many large international groups and companies, such as IKEA, Electrolux, SAAB, VSM Group, Fläkt Woods, Stora Enso Packaging, Kinnarps, Smurfit Munksjö, ROL and ITAB based in Jönköping.
Leisure and sports facilities are available to suit every taste: four golf courses, a racket sports centre, ice rinks, and indoor adventure baths, sandy beaches in the city centre, and nature trails and paths within easy distance.

What about academic credit?
Grades received on reciprocal exchange study abroad programs through the University of Oklahoma are posted by the Office of Admissions as Satisfactory (S) or Unsatisfactory (U) on the OU permanent record. These grades are not factored into the participant’s Grade Point Average. Because each student is enrolled in 12 credits per semester while abroad, participants are expected to enroll in an equivalent number of credits at the host university. Academic systems around the world vary in what equals 12 OU credits. The decision about awarding credits is made in the Office of Admissions at OU.

Where would I live?
Accommodation is guaranteed for exchange students as long as they apply before the deadline.
