Dear OU-Tulsa Student,

This letter reviews benefits available to you as part of your student health fee. Health services are available on the Schusterman Campus at the Student Health Clinic, located on the 3rd floor of the Schusterman Clinic. The Student Health Clinic is affiliated with the Internal Medicine Department. Appointments are available Monday through Friday from 8:30-11:30 am and 1:00-4:00 pm, by calling Student Health at 619-4565. Generally, an appointment can be made within 24 hours of the call. Student Health (SH) provides acute care, chronic care, routine preventive care, and a limited number of laboratory tests and x-ray services.

At the time of check in, you will be required to show your Student ID and if applicable, proof of insurance. A copy of each will be made at each visit. There are no provider visit charges or co pays when seen by a Student Health provider in the Student Health Clinic. You may have additional expenses for labs or services not covered by the student health fee.

Students admitted to the Health Sciences Programs (OUHSC) are required by the Board of Regents to have health insurance. Students may purchase the OU Student Policy- Macori, or a policy from another carrier. Any questions regarding the OUHSC insurance policies should be directed to Rochelle Johnson at 660-3388.

Any questions regarding immunizations should be directed to Student Health at 619-4565. Immunizations are available daily (except Thursdays for TB skin tests), 8:30-11:30 am and 1:00-4:30 pm by appointment.

During the time you are enrolled as a student, your student health fee covers the following services:

- Acute Care Visits
- Routine immunizations
- Routine Pap Smear
- Limited and Stable Chronic Illness Visits
- Routine Health Care
- Well Woman Exams
- Limited laboratory services (visit the website for the list of labs which are covered under the student health fee)
Services not covered by the student health fee:

Care of Dependents
Contraception devices
MRI, CT scan, Ultrasound Studies
Prescriptions
Emergency Room/Urgent Care
Joint Injections
Fertility and OB Services
Consults/Referrals

Pathology Services
Titers or other non diagnostic tests
Needle stick, post exposure labs
Hospitalizations
Durable Medical Equipment/Casting
