Voters aged 18-30 have the highest voter turnout of eligible Oklahoma voters.

We are working on planning voter registration drives both on and off campus, but in the meantime I will leave you with these facts to get you riled up for the upcoming events!

OK has the highest voter turnout in the nation!

1-in-3 eligible Oklahoma voters did not vote in the 2014 elections.

Voters aged 18-30 historically make up a small percentage of voter turnout.

The purpose is to create awareness of the impact of intimate partner and sexual violence, to celebrate survivors’ strengths, and to provide an avenue for survivors to share their stories.
