Letter of Agreement

I herewith agree to complete the program in its entirety with all core courses, major and alternative specialization courses as well as to complete one of the following: a capstone project, a thesis, or a comprehensive exam. Because of the program model including the focus on leading-edge research and application as well as the unique mix of topics covered in each course, transfer credit is not generally possible. Students are generally expected to take a course every other month (6 course per year) in order to stay on track for timely completion of the program. Offering of specific courses is contingent on faculty availability. Courses are generally not offered in December. Pre-course readings and assignments will generally be posted at least two weeks prior to the opening of the class on the course website (http://learn.ou.edu). Students should be sure to prepare readings and assignments thoroughly prior to the first course meeting.
