The University of Oklahoma Entry-Level Math Courses

Prerequisites for courses through Math 1823 that are taken at another college/university must be validated with the OU placement test.

For specific information about placement, please contact the Assessment office at 325-4336. The ACT/SAT math subscore is valid only until the student earns college-level math credit taken as a college student (not a concurrently enrolled high school student). A student may place into a math class based on his/her ACT/SAT math subscore, but if the student then fails that class COMPASS placement is required.

This chart is for math sequence only. Beginning-level GenEd math courses require ACT/SAT score as noted above, or DMAT 0123 with a minimum grade of C, or satisfactory score on COMPASS Assessment.

**Admission to Math 1914 requires an A or B in MATH 1523, or COMPASS placement, or ACT/SAT score and high school course work.**

Dr. Catherine Hall, Academic Advisor
Coordinator of Placement & Enrollment
Department of Mathematics, PHSC 425
Tel. (405) 325-2727 Email: chall@math.ou.edu

Note: Students may receive credit for only one of the following courses: 1643 or 1503, and one of the following calculus sequences: 1743 & 2123; 1823, 2423, 2433, & 2443; or 1914, 2924, & 2934.

---

**IV. (040)**

MATH 1473
Math for Critical Thinking

**V. (055)**

(a) MATH 1523
Pre-Cal. & Trigonometry

(b) MATH 1743

**VI. (060)**

Transfer placements here and before require testing for validation.

**VII. (080)**

MATH 1473
Math for Critical Thinking

DMAT 0123
Introductory Alg.

DMAT 0123
Intermediate Alg.

MATH 1643
Pre-calc. for Bus. & Life/Soc. Sci.

MATH 1503
College Algebra

MATH 1823
Calc. & Analytical Geometry

MATH 2123

MATH 2123

MATH 2423
Calc. & Analytic Geom. II

MATH 2433
Calc. & Analytic Geom. III

MATH 2443
Calc. & Analytic Geom. IV

MATH 1914 (4 hr.)
Dif. & Integral Calc. I

Minimum grade of C required in 1914

MATH 1914 (4 hr.)
Dif. & Integral Calc. I

Minimum grade of C required in 2924

MATH 2924 (4 hr.)
Dif. & Integral Calc. II

MATH 2924 (4 hr.)
Dif. & Integral Calc. II

MATH 2934 (4 hr.)
Dif. & Integral Calc. III

MATH 2934 (4 hr.)
Dif. & Integral Calc. III
