Construction Science Division
Contract for A Minor in Construction Science

Name _______________________________ Student ID # _______________________

Major ______________________________ Classification: Soph ____ JR ____ SR ____

Major College _________________________ GPA: OU ____ CUM ____

Expected Date of Graduation _______________________

Students enrolled in the undergraduate Minor Program must complete twenty-one (21) hours of
courses in the program. Required courses in the student’s major cannot be used for the minors
program. The program is not intended to prepare students for professional practice in the minor
field. Enrollment in the Construction Science minor program must have the approval of the
Director of Construction Science, the Division that offers the minor.

Required courses for the minor in Construction Science:

Additional Requirements:

Students will be admitted on a competitive basis, based upon overall GPA, during the Spring
semester of each academic year. Priority will be given to College of Architecture Majors and/or
students with construction experience majoring in a related discipline such as business or civil
engineering. Current CNS enrollment allows for 5 students per year to be admitted. Students should
allow 2 ½ years to complete the minor with the prerequisites. The top portion of the form should be
completed and returned to the CNS Director by April 1. Students can contact the CNS Director after
April 15th to determine their admission status. Prerequisites for CNS classes can only be waived by the
CNS Director. All students must have a 2.5 GPA to enter the minors program. Additionally, students
must have a 2.5 OU Cumulative GPA to receive the minor.
