FINAL EXAMINATION REGULATIONS CONTINUED ON NEXT PAGE

FINAL EXAMINATION REGULATIONS

1. Oklahoma State Regents for Higher Education regulations require that those institutions that reserve the final week of the semester as a testing period shall ensure that all classes meet during the testing period. Final examinations are given at the discretion of the instructor, or, in the case of multiple sections, the department in which the class is offered*. When a final examination is given, the student must take the examination.
*EXCEPTIONS
 - a. **The College of Arts and Sciences** requires that an examination (either a last or final examination) be given during the scheduled final examination period for each regularly scheduled undergraduate course. Independent study and pure laboratory courses are excluded.
 - b. **The College of Engineering and the College of Atmospheric and Geographic Sciences** require comprehensive examinations to be given during the regularly scheduled examination periods in all undergraduate courses **excluding** directed readings, pure laboratory courses and project type design courses and seminars.
2. If a final examination is given, no faculty member is authorized to depart from the published examination schedule for either a class or an individual without approval, as stated in the Faculty Handbook. Early final examinations are prohibited. **Final Examination** has been defined as follows: an examination that is comprehensive in nature or that accounts for a greater proportion of the final grade than an exam given during the semester.
3. **Uniform final examinations** are listed by department and course number at the times they are scheduled to be given.
4. Two-hour classes which have **one** of their meetings on MWF will have the examination at the time scheduled for MWF classes. Those meeting both days of TR will have the examination at the time scheduled for TR classes.
5. Three-hour classes must follow the examination schedule. Classes meeting both Tuesday and Thursday are considered to be TR classes. Classes meeting two of the days Monday-Wednesday-Friday are considered to be MWF classes.
6. Classes meeting four or five days a week will have the final examination at the time scheduled for MWF classes with the same meeting time.
7. Classes meeting one day a week for more than one hour with a start time before 5:00 PM will have the final examination **during the last lecture period***. Classes in this format have been scheduled with sufficient meeting time during the semester to compensate for time lost in the final examination week.
*EXCEPTION: Courses offered by the College of Business Administration will test during the final examination week.
8. **Evening Classes.** Classes that begin at 5:00 PM or later will have the final examination during the last lecture period. Evening classes have been scheduled with sufficient meeting time during the semester to compensate for time lost in the final examination week.
9. If laboratory examinations are given, they will be held during the last regularly scheduled meeting of the lab.
10. A student will not be expected to take more than two final examinations in one day. In cases where a student has three or more exams scheduled for the same day, instructors must offer make-up exams. The student's number of exams will be reduced to two by the following procedure:
 - a. If a student has three or more exams on the same day, the instructor(s) giving the third and subsequent exams must provide make-up exams during the week designated for final exams for that semester;
 - b. The student must notify the instructor or department of the third and subsequent final exams scheduled within a single day. Such notification must be given to the specific instructor or department before the end of the twelfth week of classes (sixth week of summer session).
11. In the event a conflict should arise from the scheduling of two or more examinations at the same time, the student will attend the examination for the class that met first during the week, according to the student's class schedule. The instructor(s) giving the second and subsequent exams must provide make-up exams during the week designated for final exams for that semester.

TUITION AND FEES PAYMENT PLAN

Participation in the Tuition Payment Plan will be limited to currently enrolled students for the semester in progress. Students receiving Financial Aid will be required to apply all of their aid to their account up to the total amount owed.

Participation in the Tuition Payment Plan requires no application or acceptance. Simply paying the minimum payment amount on each monthly statement by the due date listed on the statement constitutes participation in the plan.

The Tuition Payment Plan applies to current semester tuition and fees (including course user charges) only. All other charges (housing, telephone bills, Continuing Education, Goddard, etc.) are due on the 21st of the month following the statement containing the charge.

The minimum payment due will be calculated as the total month's ending balance of non-tuition and fee charges plus the appropriate percentage of tuition and fees. Percentages used are 25% for the first month of Fall or Spring semester, 33.33% for the second month, 50% for the third month, and 100% for the fourth month. During Summer semester, 50% paid the first month and balance the second month.

A 1.5% service charge will be computed on the prior month's statement ending balance minus payments and other credits received during the first 21 days of the current month. The 1.5% charge will be assessed on the 22nd of each month. A \$50 end-of-semester penalty will be assessed if all current tuition and fees are not paid in full. Unpaid balances may be turned over to outside collection agencies and/or legal office for collection.

Students may pay tuition and fees at the Bursar's Office in Buchanan Hall (8:00 am—5:00 pm) Monday through Friday. To avoid penalties, payment should be received by the deadlines on the above schedule.

Students with unpaid tuition and fees may continue to attend classes until the last day of finals; however, all service charges and penalties will be added and enrollment for future semesters will not be allowed. In addition, students with any unpaid tuition and fees will not have grades or diplomas released; students with any unpaid University accounts, including tuition and fees, will not have transcripts (with or without degrees) released. Accounts must be paid in full to allow release of these records.

When paying delinquent fees and tuition, the total amount due is required. Selective course payment or reinstatement will not be possible.

It is the student's responsibility each semester to check with the scholarship clerk in the Bursar's office to be certain that any university administered scholarship or resident or non-resident tuition waiver is applied.

The Bursar cannot extend the dates noted. All requests for financial assistance should be made at the Office of Financial Aid Services located in Buchanan Hall, Rm. 216, phone number 325-4521.

UNIVERSITY OF OKLAHOMA REFUND POLICIES

The refund policies listed below describe the financial obligation of students who withdraw from classes after the official beginning of a semester. Students are advised to read these refund policies carefully to determine which apply to their specific circumstances.

I. COMPLETE WITHDRAWALS FROM THE UNIVERSITY:

A. REFUND POLICY FOR COMPLETE WITHDRAWAL FOR ALL STUDENTS WHO ARE NOT TITLE IV AID RECIPIENTS. (See 'B' below for definition of Title IV Aid Recipients.)

(The Oklahoma State Regents refund policy with respect to fees and tuition is as follows:)

Complete withdrawals from the institution during the defined refund period (first ten days of classes in Fall and Spring semesters, first five days of classes in Summer Session) will result in full charges for courses added and full credit for courses dropped. No refunds will be made after the refund period except as stipulated for enrollment of Title IV recipients.

B. REFUND REGULATIONS FOR COMPLETE WITHDRAWAL FOR ALL STUDENTS WHO ARE TITLE IV AID RECIPIENTS

Any student receiving Federal Title IV funds will be subject to the following policy regarding return of Federal Title IV funds: The University and the student will be required to return to the federal aid programs the amount of aid received that was in excess of the aid "earned" for the time period the student remained enrolled. By Federal Law, the University has 45 days from the date the University determines the student withdrew to return unearned federal aid to the specified programs.

The percentage of the semester completed is the percentage of aid earned: This is calculated by the number of days the student attended divided by the number of days in the payment period (i.e. semester). For example, if a student withdrew on the 20th day of a semester 114 days in length, the student would have only earned 17.5% of the aid he received ($20/114=0.175$).

Students who remain enrolled through at least 60% of the payment period (semester) are considered to have earned 100% of the aid received and will not owe a repayment of Federal Title IV grant funds.

If the University returns funds to the Title IV aid programs, it could result in the student owing OU charges that were originally paid at the time of disbursement. Students may also be required to return funds released to them for personal expenses.

Monies will be returned to the Title IV programs and not to recipients. Monies returned to the Title IV aid programs will be applied first to loans to reduce the loan debt of the student and/or parent borrower.

II. REFUND POLICY FOR DROPPING A PORTION OF YOUR SCHEDULE AFTER CLASSES BEGIN

Changes in schedules during the first ten days of classes in Fall and Spring semesters, first five days of classes in Summer Session will result in full charges for courses added and full credit for courses dropped. No refunds for dropped courses will be made after this time.

FINANCIAL AID EARLY DISBURSEMENT

Disbursement begins Monday, August 12, 2013 and continues throughout the semester

IMPORTANT!! Aid disbursement depends on the following two (2) factors:

1. Aid availability
2. All eligibility requirements must be met at the time you are picking up your aid, including enrollment requirements.

If you come, beginning August 12 to pick up your aid, bring a photo ID for identification. Staffing is reduced during lunch hours, 11:30 AM – 1:45 PM, resulting in an increase in waiting time. Normal operating hours are Monday through Friday, 8:00 AM – 5:00 PM.

The University of Oklahoma is pleased to be one of the few schools in the country that disburses financial aid funds to students before the beginning of classes. We offer disbursement early so that student can focus on their classes rather than taking care of financial matters. Students can be supportive in the process by being informed of their aid eligibility and by following the disbursement schedule.

Due to the rigor and inflexibility of the program, it is necessary that all students meet for advisement during each enrollment period. The College of Architecture does not permit self-advising.

College of Arts and Sciences

The College provides advising services through professional advising staff in the College of Arts and Sciences Academic Services office and through professional and faculty advisors in the departments. Professional Counselors in the Academic Services office are knowledgeable about degree programs offered by the College and will assist with choice of major, help resolve academic and graduation problems, and help determine how evaluated transfer work will apply toward degree requirements. The professional counselors in the Academic Services office verify that all degree requirements have been met and clear students for graduation. Faculty and professional advisors in the departments provide in-depth information about the discipline, courses, instructors, and special opportunities available through the department. The College of Arts and Sciences requires all students to be advised prior to each enrollment by the faculty or professional advisor in the major department.

Students new to the College who have transfer credits should meet with an academic counselor in the Academic Services office for an evaluation of credits for University and College requirements. All other students should seek advisement from their faculty or professional advisor in the major department. After being advised, students should receive an advising form that lists their preferred courses.

Students may view their academic requirements and progress with Degree Navigator (<http://degree.ou.edu>). Degree Navigator is helpful for viewing courses completed toward graduation and courses remaining to be completed. Students and advisors use this information in planning for enrollment. Degree Navigator should be used in conjunction with the degree requirement sheet (check sheet), as the check sheet is the definitive document the College counselors use for graduation clearance.

The Arts and Sciences Academic Services office is located in 124 Ellison Hall. The telephone number is (405) 325-4411.

College of Atmospheric & Geographic Sciences

The College of Atmospheric and Geographic Sciences believes that faculty members are best qualified to provide curricular, professional and career advisement; therefore, all Atmospheric and Geographic Sciences students consult with a faculty adviser before registration. Each semester, students will be contacted by their Atmospheric and Geographic Sciences school/department regarding who their faculty advisor will be and when advising hours will be held.

The College of Atmospheric and Geographic Sciences Dean's Office strongly encourages students to review their academic records on Degree Navigator at degree.ou.edu prior to scheduling an advising appointment with their faculty advisor. Students should also prepare an enrollment plan before meeting with their advisor. For further information or general questions, please call (405) 325-3095.

The Mewbourne College of Earth and Energy believes that faculty members are best qualified to provide curricular, professional and career advisement; therefore, all MCEE students consult with a faculty advisor before registration. All undergraduate students who have been admitted to the MCEE should begin the enrollment process

by creating a trial schedule on ozone.ou.edu, being familiar with and reviewing their Degree Navigator, then scheduling an advising appointment with a faculty advisor in their specific department. Petroleum Engineering students should attend a group faculty advising session. Advising instructions and schedules will be posted prior to the advising period. All MCEE Students are responsible for completing all necessary grade and course prerequisites. College of Engineering

All undergraduate students who have been admitted to the College of Engineering should begin the enrollment process in the Williams Student Services Center (WSSC), Suite 112 Felgar Hall, 325-4096. New transfer students should schedule an appointment with an advisor in WSSC before enrolling for their first semester. All current students meet with faculty advisors in their major, so it is important to have declared a specific major by the time they are advised. Instructions for meeting with faculty advisors will be provided by the department to the students via their OU e-mail account. Students may also contact their school directly if they have questions about faculty advising for the upcoming term <http://www.ou.edu/content/coe/academics.html>. Those students **NOT** attending a Lean Advising Session will have to turn in an "Advising Verification Form" to WSSC (Felgar, 112) after meeting with a faculty advisor. * At that time they will be authorized to enroll in classes. Students are responsible for completing all necessary grade and prerequisites for courses in which they enroll.

Services provided by the Williams Student Services Center (WSSC) staff are available to all engineering undergraduates, including engineering majors in University College, and include assistance with transfer credit evaluation, choosing a major, graduation verification as well as information about University policies and procedures, academic support services such as tutoring and mentoring, and student organizations and leadership. Additional information is available at coe.ou.edu/wssc.

*The College of AME and Engineering Physics Program do not have "Lean Cell" Advising sessions.

Weitzenhoffer Family College of Fine Arts

Students in the Weitzenhoffer Family College of Fine Arts are required to meet with a faculty advisor each semester on the school designated Advising Day(s). These days are announced in class and are posted in the various buildings, or you may contact your school office for the date(s). Students are also notified via the monthly college eNewsletter and by individual notices sent to their OU student email addresses. Current students who are not advised on Advising Day will have to wait to be advised and to enroll until the three days prior to the next semester starting. *Currently enrolled students* should proceed to their assigned faculty advisors for advisement. *Newly admitted students, transfer students and readmitted students* should proceed to the individual school offices (see locations below) to be assigned to a faculty advisor.

During the meeting with the faculty advisor, students should obtain an Academic Advising Form completed and signed by the advisor, and any needed overrides (Special Permissions). The student should then take the advisement form to the Dean's Office, in order to have their advising flag removed.

The Fine Arts Dean's Office is located in Fred Jones Art Center (FJC), Room 122; tel. (405) 325-7370. The academic advisor provides detailed information regarding the Department's majors, minors, courses, and instructors (405-325-4547). Every IAS major is required to meet with the professional advisor prior to enrollment each semester for assistance in choosing appropriate classes.

Students should be familiar with the degree requirement, checklist for their chosen major, available on IAS website (<http://www.ou.edu/international>). Degree Navigator (<http://degree.ou.edu>) is another helpful tool students and advisors use to view academic requirements and progress.

Gaylord College of Journalism and Mass Communication

All undergraduates must be advised prior to each enrollment. Pre-Journalism students who are in University College should meet with their counselor in that office.

With the exception of Intersession, advising is mandatory prior to each academic term for all students in the Gaylord College. Advising for the fall semester begins in February; advising for the spring/summer semester begins in September. Students are advised by professional academic counselors in the Student Services Center. Students may also meet with faculty members to discuss careers, internships, and professional issues. Notices about advising will be posted in The Gaylord Extra.

Students are required to maintain current local addresses and e-mail addresses with the university, as important advising and

graduation information is distributed each academic term in The Gaylord Extra.

The Language Skills Test is the entrance examination to the Gaylord College. The LST/AIT must be completed prior to enrollment in JMC 2033 (Writing for Mass Media), a course that is required of all journalism and mass communication majors.

The LST includes 80 questions on grammar, punctuation and spelling.

The AIT covers information from the Students' Guide to Academic Integrity as found on the new Academic integrity website. The AIT consists of 25 questions that are taken directly from information in the Students' Guide to Academic Integrity. You may download a copy of the pdf at <http://www.integrity.ou.edu>.

The LST/AIT is administered in the Student Services Center (2533 Gaylord Hall) Monday through Friday from 8:30 a.m. to 3:00 p.m. No appointment is necessary. Test results are available the next business day.

The college encourages students to thoroughly review these areas prior to taking the LST. An online study guide is available on the college's Web site ou.edu/gaylord. Students are also encouraged to review a grammar and composition textbook (several are recommended on the college's Web site) as well as the Student Academic Integrity Code.

The LST/AIT may be attempted three times during their Academic tenure at the University of Oklahoma. If a student fails the third time, the student will be required to enroll in JMC 0123 (Fundamentals of Writing for the Media), a course that will not apply toward the degree.

Fine Arts. Students are allowed a maximum of 16 hours of elective credit under the Pass/No Pass option. Courses completed under the pass/no pass option may not be used to fulfill the University-Wide General Education requirements, major requirements, or major support requirements.

Graduate. A Pass/No Pass enrollment will not count toward any Graduate degree requirement.

International Studies. The Pass/No Pass option may be used to fulfill no more than 16 credit hours of free electives only. The Pass/No Pass option may not be used to fulfill requirements for any General Education, College, major, major support, or minor requirements.

Journalism. No more than 16 semester credit hours earned under the Pass/No Pass option will apply toward the degree. P/NP credit may not be used to satisfy general education, college, major, major support, or minor requirements. Transfer credit graded P/NP is counted as part of the 16 semester credit hours earned.

Law. A Pass/No Pass enrollment will not count toward any Law degree requirement.

University College. The Pass/No Pass option is allowed, with Dean's permission, for University College students who are above the freshman level.

Cautions:

Both grades, Pass and No Pass, are considered neutral grades in the computation of grade point averages, i.e. credit hours for Pass, though earned, will not be included in grade point averaging, and credit hours for No Pass simply will not be earned. Pre-professional students who plan to apply for admission to professional schools such as law or medicine after completion of an undergraduate degree are advised that courses taken on the Pass/No Pass option may hinder admission possibilities when grade point average is a major consideration. For advice, the student should consult the admissions office of the professional school where he/she intends to apply.

Before enrolling in courses on the Pass/No Pass option, students should consult with their advisers or personnel in college offices to be certain of approved enrollment.

Procedure:

Students may change enrollment in a course by the add/drop procedure to or from the Pass/No Pass option through the end of the second week of a regular semester or the first week of a summer session in Enrollment Services. College and/or adviser approval should be obtained prior to any change.

To prevent discrimination in grading, the student's choice of P/NP grading will not be made known to the instructor of a course. The grade will be automatically assigned at the end of the course on the basis of the letter grade submitted by the instructor. The lowest letter grade required to receive a P grade in a course will be C.

AUDIT ENROLLMENT

Auditing is attending a class without participating in classwork or receiving credit. Enrollment as an auditor is permitted in all courses subject to the approval of the instructor in the course.

Initial enrollment in a course as an auditor may be completed only between the first day of classes and the last day permitted for late enrollment for credit in any semester or term. Students wishing to enroll in a course as an auditor need to get an add/drop form from OU Enrollment Services in Buchanan Hall 230, get instructor's approval and then return the form to Enrollment Services.

A change of enrollment from audit to credit may be made, provided the change is made no later than the end of the second week of classes in a regular semester or the first week of classes in a summer term, and provided the instructor and appropriate dean grant approval. Students wishing to change enrollment from audit to credit need to get an add/drop form from OU Enrollment Services in Buchanan Hall 230, get the appropriate approvals and then return the form to Enrollment Services.

Effective Fall 2011

Undergraduate students: a change of enrollment from credit to audit may be made during the first two weeks of classes in a semester or first week of classes in a summer term.

Graduate students: a change of enrollment from credit to audit may be made during the first ten weeks of classes in a semester or five weeks of classes in a summer term, provided the student is passing in the course at the time the change is processed and the student has received approval from the instructor. A change of enrollment processed during the first ten weeks of a semester or five weeks of a summer term requires a report of progress from the student's instructor.

A change of enrollment to audit supersedes the original enrollment for credit, and no withdrawal from the credit enrollment is posted on the student's academic record. To change enrollment from credit to audit, students need to get a Change Enrollment from Credit to Audit form from the OU Enrollment Services office in Buchanan Hall 230, get appropriate approvals and then return the form to Enrollment Services.

A grade of W may be assigned to a student who has not performed according to the instructor's requirements for an auditor in that class. Such W's will be applied to the total of five drops allowed in a student's academic career.

Enrollment as an auditor is indicated on the student's permanent academic record with the final mark AU (identified as Audit), subject to the same posting regulations governing credit enrollment.

CANCELLATION OF ENROLLMENT

Students may cancel enrollment online at ozone.ou.edu or in person in Enrollment Services, Room 230 Buchanan Hall. The deadline to cancel online for Fall semester is at Midnight, on August 18, and in person at 5:00 pm on August 16. After classes have begun, students must withdraw from enrollment according to the following instructions.

COMPLETE WITHDRAWAL FROM ENROLLMENT

Students withdrawing from the University after classes have begun should report to their College Office (College Office locations are listed in the Campus Information Directory, page 8). If you do not know your college, check with Enrollment Services, Room 230 Buchanan Hall. Withdrawn students are refunded fees and tuition according to State Regents' refund policy (see refund regulations in section on **FEES AND TUITION**).

OTHER UNIVERSITY REGULATIONS

ACADEMIC RETENTION, PROBATION AND SUSPENSION REGULATIONS

For continued enrollment at the University, an undergraduate student must maintain a cumulative retention/ graduation grade point average as indicated below:

0 through 30 semester hours attempted	1.7
Greater than 30 semester hours attempted	2.0

A student not maintaining a satisfactory cumulative retention/graduation grade point average will be placed on academic probation for one semester. To be removed from probation, the student, during the next semester of enrollment, must raise his or her cumulative retention/graduation grade point average to the minimum standard required to continue. However, a student enrolled on probation may be continued on probation provided he or she makes a 2.0 grade point average on that semester's work. Students should check with their college office or the Office of Academic Records for specific requirements for enrollment while on academic probation. A student enrolled on probation who fails to raise his or her cumulative retention/graduation grade point average to minimum requirements or to make a grade point average of 2.0 or better on work taken while enrolled on probation will be suspended for poor scholarship.

A student suspended from the University for poor scholarship is not eligible to apply for readmission until after one full semester has elapsed following the date of suspension. To be readmitted, a suspended student must submit an application for admission and a letter of appeal to the Office of Admissions by November 1 for the Spring Semester; April 1 for Summer and Fall.

UNIVERSITY GRADING REGULATIONS GOVERNING WITHDRAWALS AND DROPS

Complete Withdrawal from the University for Undergraduate Students. An undergraduate student who withdraws from all classes during the first ten weeks of a regular semester (first five weeks of a summer session) will receive the grade of "W" for all courses. For complete withdrawals that occur after the tenth week of class (fifth week of summer session), a final grade of "W" or "F" will be assigned by the instructor of each course. A student is allowed only five grades of W throughout the course of his/her undergraduate career at the University. Once a student reaches this maximum number of W grades, he/she will not be allowed to drop any courses after the two-week "free drop" period. After the five-drop limit has been reached, students with extreme, extenuating circumstances may apply for an exception to the limit on W grades through the Office of the Provost. Because complete withdrawals often stem from extenuating circumstances, complete withdrawals will not be counted against the five-drop limit.

Complete Withdrawal from the University for Graduate Students. A graduate student who withdraws from all classes during the first six weeks of a regular semester (first three weeks of a summer session) will receive the grade of W for all courses. For complete withdrawals that occur after the sixth week of class (first three weeks of summer session), a final grade of W or F will be assigned by the instructor of each course.

Undergraduate Students Dropping Courses After Classes Begin. For students who drop one or more courses after classes begin, but who remain enrolled in at least one course, the following grading regulations for dropped courses apply:

In the first two weeks of the semester (first week of summer session), no grade is recorded;

From the third week through the tenth week of a semester (second to fifth week of a summer session), a grade of W will be assigned to each dropped course;

After the tenth week (fifth week of a summer term) through the remainder of the term, withdrawals are not permitted except by direct petition to the dean of the college in which the student is enrolled. The student who withdraws with permission of the dean will receive a final grade of "W" or "F" at the discretion of the instructor.

A student is allowed only five grades of W throughout the course of his/her undergraduate career at the University. Once a student reaches this maximum number of W grades, he/she will not be allowed to drop any courses after the two-week "free drop" period. After the five-drop limit has been reached, students with extreme, extenuating circumstances may apply for an exception to the limit on W grades through the Office of the Provost.

Graduate Students Dropping Courses After Classes Begin. For students who drop one or more courses after classes begin, but who remain enrolled in at least one course, the following grading regulations for dropped courses apply:

In the first two weeks of the semester (first week of summer session), no grade is recorded;

From the third week through the sixth week of a semester (second and third week of a summer session), a grade of W will be assigned to each dropped course;

From the seventh week through the tenth week (fourth and fifth week of summer session) the instructor of each course dropped will assign a grade of W or F.

Beginning with the eleventh week of the semester (sixth week of the summer session) through the last day of classes, courses may be dropped only by direct petition to the Dean of the student's college. The student who drops a course with permission of the Dean will receive a final grade of W or F at the discretion of the instructor of the course dropped.

UNIVERSITY REGULATIONS GOVERNING INCOMPLETES

An "I" (Incomplete) received following the close of a semester or summer session is a temporary grade issued when a student, for reasons satisfactory to the instructor, is unable to complete certain requirements of the course by the end of the term. Any student receiving an "I" should contact the instructor, who will indicate what must be done to complete the course and set a time limit for completion. The time allowed may in no instance exceed one calendar year. During that year, the student is not permitted to re-enroll in the course.

If an incomplete is received, the "I" grade remains on the student's record and the final grade is next to the "I" (example I/B).

If by the end of the year no change in grade has been submitted, the grade of I will become permanent. After a grade of I has become permanent, a student may re-enroll in the course.

ALL-UNIVERSITY REGULATION ON REPEATED COURSES

Students may not repeat a course in which they earned a grade of A or B, unless the course is one in which there is a change of subject matter (e.g., SLEP, Independent Study).

A student may repeat up to four courses, not to exceed 18 hours, in which the original grade was D or F and have only the second grade count in the calculation of the student's retention/graduation grade point average. Students who repeat courses beyond the first 4 courses of D or F may do so with both the original grades and repeat grades included in the calculation of the retention/graduation grade point average.

GRADE POINT AVERAGE. The cumulative retention/ graduation grade point average is based on all work attempted, both transfer and OU, minus those courses repeated in accordance with the policy on repeated courses. The minimum cumulative retention/graduation grade point average required for graduation is 2.0. Each degree-recommending college may establish higher standards for retention and graduation.

DEGREE CANDIDATES

Degrees are formally conferred at spring commencement exercises. However, degrees are awarded in absentia and diplomas mailed to graduates at the end of the fall semester and summer session. The date of graduation for each term is: the last day of examinations in the fall; the date of commencement in the spring; and the last day of classes in the summer. The degree and date of the diploma are entered on the student's permanent academic record. When a student completes all requirements for a degree other than at the close of a semester or session, the Office of Admissions and Records, upon request, will issue a certified statement that the student is eligible for the degree as of the date when the requirements for the degree were completed. For complete information regarding degree requirements the student should consult with personnel in the college office in which he/she is enrolled.

A student who is a candidate for a degree at the close of any semester or summer session must file an official Application for Graduation in the Office of Admissions and Records and must pay all tuition and fee charges before the degree is conferred. This is now an online process in ozone.ou.edu. See section on Fees and Tuition in this schedule for fee information and deadline date.

All students shall be required to have all work needed for graduation submitted to Admissions & Records no later than ten working days following the last day of finals for the term in which the student wishes to graduate. This would include transfer work from another institution, correspondence courses, incomplete grades, and any other correction or addition to the student's academic record. This deadline does not take the place of the existing deadline for all work to be completed, which is "all work required for the degree must be completed satisfactorily by the last day of finals of the semester or term". This is an additional requirement that the notification of the completion of this credit must be submitted in a timely fashion in order

for the student to graduate within that term. The appropriate deadline for receipt of that notification is within ten working days after the last day of finals. Requirements for graduation are cleared by the degree-recommending colleges approximately four weeks after the close of a regular semester and three weeks after the close of a summer session. Diplomas are printed after degree clearances are completed and are mailed from the Office of Admissions and Records approximately one month later.

RELEASE OF STUDENT INFORMATION Family Educational Rights and Privacy Act of 1974 also known as the Buckley Amendment

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

(1) The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to provide written consent before the University discloses personally identifiable information *other than "directory information"* from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Directory information, which may be disclosed without consent, includes: Student's name, local and permanent addresses, e-mail address, telephone number, college, major, classification, current enrollment status, participation in recognized student activities and sports, dates of attendance, degrees and awards received and dates of receipt, posting of individual student's grades and interim class evaluations by code number and anticipated date of graduation based on completed hours.

A student may elect to withhold directory information by filling out the Directory Information Hold Form (link opens in new window) and submitting it to the Office of Academic Records, 1000 Asp Avenue, Buchanan Hall room 230. The hold will: block the student's name, address and e-mail address from the OU Web site directory; prevent the release of attendance, withdrawal or graduation information, even after the student leaves the university (unless the student submits a written authorization to release it); and prevent the university from releasing contact information. For students who withhold directory information, University officials are prohibited from releasing any form of information without a written release from the student. The University requires this release before it will verify employment, enrollment or the status of students who make applications for employment, auto loans, good student discounts, apartment leases, etc.

Without a directory hold, any member of the public, including individuals, organizations and vendors, may obtain student

directory information for purposes such as advertising and solicitation.

A student cannot place a hold on a portion of the information. A student can place a directory hold at any time. However, in order for information to be withheld from the printed directory, if a printed directory is produced, the directory hold must be on file by the end of the second week of the fall semester. This form is accessible from the "How To" link in the left column of OU's [Enrollment Services web site](#).

The University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement personnel and health staff); a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Regents; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University. Upon request, the University also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:
Family Policy Compliance Office
U.S. Department of Education

400 Maryland Avenue, SW
Washington, DC 20202-5901

PARENTAL ACCESS TO STUDENT EDUCATION RECORDS

Parents of a dependent student may have access to grades and other confidential academic information under guidelines provided in the Family Educational Rights and Privacy Act of 1974. Access to this information is limited to parents who claim the student as an exemption on their federal income tax return.

Requests for specific grade or other academic information can be addressed to the Office of Academic Records, University of Oklahoma, 1000 Asp Avenue, Room 330, Norman, Oklahoma 73019-4076. Each request must include a copy of the top portion of the parent's most recent tax return, showing the student's name and social security number listed as a dependent. Academic information can also be obtained by providing the Office of Academic Records with written consent of the student.

Student Release of Education Information

Students may authorize the release of their education record information to a third party on either a one-time or an on-going basis. Authorizations for release of information on an on-going basis will remain valid for one year following the student's last enrollment at the University of Oklahoma or until canceled in writing by the student at any time.

Questions concerning these policies or procedures should be directed to the Office of Academic Records, 325-4147, Buchanan Hall 330, 1000 Asp Avenue, Norman OK 73019- 4076.
Revised May 2009

POLICY ON PREVENTION OF ALCOHOL ABUSE AND DRUG USE ON CAMPUS AND IN THE WORKPLACE

The University of Oklahoma recognizes its responsibility as an educational and public service institution to promote a healthy and productive environment. This responsibility demands implementation of programs and services facilitating that effort. The university is committed to a program to prevent the abuse of alcohol and the illegal use of drugs and alcohol by its students and employees. The university program includes this policy, which prohibits illegal use of drugs and alcohol in the workplace, on university property or as part of any university-sponsored activities. In order to meet these responsibilities, university policy:

1. Requires all students and employees to abide by the terms of this policy as a condition of initial and continued enrollment/employment.
2. Recognizes that the illegal use of drugs and alcohol is in direct violation of local, state and federal laws as well as university policies included in this policy, the Staff and Faculty Handbooks, and the Student Code of Responsibility and Conduct. University policy strictly prohibits the illegal use, possession, manufacture, dispensing or distribution of alcohol, drugs or controlled substances in the workplace; on its premises; or as a part of any university-sponsored activities.
3. Considers a violation of this policy to be a major offense, which can result in a requirement for satisfactory participation in a drug or alcohol rehabilitation program, referral for criminal prosecution, and/or immediate disciplinary action up to and including termination from employment and suspension or expulsion from the university. A criminal conviction is not required for sanctions to be imposed upon an employee or student for violations of this policy.

4. Recognizes that violations of applicable local, state and federal laws may subject a student or employee to a variety of legal sanctions including but not limited to fines, incarceration, imprisonment and/or community service requirements. Convictions become a part of an individual's criminal record and may prohibit certain career and professional opportunities. A current listing of applicable local, state and federal sanctions can be obtained through the Office of Student Affairs and Human Resources.
5. Requires an employee to notify his/her supervisor in writing of a criminal conviction for drug or alcohol-related offenses occurring in the workplace no later than five calendar days following the conviction.
6. Provides access to the university's Employee Assistance Programs and Student Counseling Services for counseling and training programs that inform students and employees about the dangers of drug and alcohol abuse. Voluntary participation in or referral to these services is strictly confidential.
7. Forbids an employee from performing sensitive safety functions while a prohibited drug is in his/her system.
8. Mandates drug testing of sensitive safety employees prior to employment, when there is reasonable cause, after an accident, on a random basis, and before returning to duty after refusing to take a drug test or after not passing a drug test. (Sensitive safety employees are defined in CFR Volume 32, Part 280 and CFR Volume 49, Part 653. This legislation is available for review in Human Resources.)
9. Provides for annual distribution of this policy to all staff, faculty and students.

Health risks generally associated with alcohol and drug abuse can result in but are not limited to a lowered immune system, damage to critical nerve cells, physical dependency, lung damage, heart problems, liver disease, physical and mental depression, increased infection, irreversible memory loss, personality changes and thought disorders. The university's Employee Assistance Programs and Student Counseling Services staff are responsible for informing students and employees about the dangers of drug and alcohol abuse and the availability of counseling and rehabilitation programs. The appropriate provost or executive officer is responsible for notifying federal funding agencies within 10 calendar

days whenever an employee is convicted of a drug-related crime that occurred in the workplace. This policy is based on the Drug Free Workplace Act of 1988 (P.L.100-690, Title V, Subtitle D) and the Drug Free Schools and Communities Act Amendments of 1989 (P.L.101-226) and is subject to the grievance procedure as stated in the Staff and Faculty Handbooks and the university discipline system as outlined in the Student Code of Responsibility and Conduct.

UNIVERSITY POLICIES ON DISCRIMINATION, SEXUAL HARASSMENT/ SEXUAL ASSAULT, CONSENSUAL SEXUAL RELATIONSHIPS, RETALIATION AND RACIAL AND ETHNIC HARASSMENT

SEXUAL HARASSMENT/SEXUAL ASSAULT POLICY

Statement

The University explicitly condemns sexual harassment of students, staff, and faculty. Sexual harassment is unlawful and will subject those who engage in it to University sanctions as well as civil and criminal penalties.

When criminal action is pursued in addition to an administrative grievance under this policy, the University Office of Equal Opportunity may coordinate its investigative actions with the University or local law enforcement authorities to ensure that criminal prosecution is not jeopardized. The University Equal Opportunity Officer may defer administrative action at the request of University or local law enforcement authorities pending completion of the criminal investigation. Where review by the University Equal Opportunity Officer or other University executive officer determines that immediate administrative action is necessary for the safety, health and well being of the University community, such action may be taken in advance of resolution of criminal charges.

Since some members of the University community hold positions of authority that may involve the legitimate exercise of power over others, it is their responsibility to be sensitive to that power. Faculty, and supervisors in particular, in their relationships with students and subordinates, need to be aware of potential conflicts of interest and the possible compromise of their evaluative capacity. Because there is an inherent power difference in these relationships, the potential exists for the less powerful person to perceive a coercive element in suggestions regarding activities outside those appropriate to the professional relationship. It is the responsibility of faculty and staff to behave in such a manner that their words or actions cannot reasonably be perceived as sexually coercive, abusive, or exploitive. Sexual harassment also can involve relationships among equals as when repeated advances, demeaning verbal behavior, or offensive physical contact interfere with an individual's ability to work and study productively.

The University is committed to providing an environment of study and work free from sexual harassment and to ensuring the accessibility of appropriate grievance procedures for addressing all complaints regarding sexual harassment. The University reserves the right, however, to deal administratively with sexual harassment issues whenever becoming aware of their existence. Records of all complaints, except for hearings before the Faculty Appeals Board, shall be transmitted to and maintained by the University Equal Opportunity Officer as confidential records.

The University encourages victims to report instances of sexual assault or other sex offenses, forcible or non-forcible. In addition to internal grievance procedures, victims are encouraged to file complaints or reports with Campus Police or local law enforcement agencies **by telephoning 911**, as soon as possible after the offense occurs in order to preserve

evidence necessary to the proof of criminal offenses. The Campus Police Department is available to assist victims in filing reports with other area law enforcement agencies.

Definition Of Sexual Harassment

Sexual harassment shall be defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature in the following context:

1. when submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic standing, or
2. when submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual, or
3. when such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile, or offensive working or academic environment.

Examples Of Prohibited Conduct

Conduct prohibited by this policy may include, but is not limited to:

- Unwelcome sexual flirtation; advances or propositions for sexual activity.
- Continued or repeated verbal abuse of a sexual nature, such as suggestive comments and sexually explicit jokes.
- Sexually degrading language to describe an individual.
- Remarks of a sexual nature to describe a person's body or clothing.
- Display of sexually demeaning objects or pictures.
- Offensive physical contact, such as unwelcome touching, pinching, brushing against the body.
- Coerced sexual intercourse.
- Sexual assault.
- Rape, date or acquaintance rape, or other sex offenses, forcible or nonforcible.
- Actions indicating that benefits will be gained or lost based on response to sexual advances.

CONSENSUAL SEXUAL RELATIONSHIPS

Rationale

The University's educational mission is promoted by professionalism in faculty-student relationships. Professionalism is fostered by an atmosphere of mutual trust and respect. Actions of faculty members and

students that harm this atmosphere undermine professionalism and hinder fulfillment of the University's educational mission. Trust and respect are diminished when those in positions of authority abuse, or appear to abuse, their power. Those who abuse, or appear to abuse, their power in such a context violate their duty to the University community.

Faculty members exercise power over students, whether in giving them praise or criticism, evaluating them, making recommendations for further studies or their future employment, or conferring any other benefits on them. Amorous relationships between faculty members and students are wrong when the faculty member has professional responsibility for the student. Such situations greatly increase the chances that the faculty member will abuse his or her power and sexually exploit the student. Voluntary consent by the student in such a relationship is suspect, given the fundamentally asymmetric nature of the relationship. Moreover, other students and faculty may be affected by such unprofessional behavior because it places the faculty member in a position to favor or advance one student's interest at the expense of others and implicitly makes obtaining benefits contingent on amorous or sexual favors. Therefore, the University will view it as unethical if faculty members engage in amorous relations with students enrolled in their classes or subject to their supervision, even when both parties appear to have consented to the relationship.

As with faculty, staff may also be in a position to exert authority and control over students. Staff, too, must be conscious of the potential for abuse of power inherent in their relationships with students. Students rely on staff for assistance and guidance in dealing with issues such as scheduling of classes, financial aid, tutoring, housing, meals, employment, educational programs, social activities, and many other aspects of University life. Those who deal with students are expected to provide them with support and positive reinforcement. Staff who would deal with students in a sexual manner abuse, or appear to abuse, their power and violate their duty to the University community.

Definition

As used in this policy, the terms "faculty" or "faculty member" mean all those who teach at the University, and include graduate students with teaching responsibilities and other instructional personnel. The terms "staff" or "staff members" mean all employees who are not faculty, and include academic and non-academic administrators as well as supervisory personnel. The term "consensual sexual relationship" may include amorous or romantic relationships, and is intended to indicate conduct which goes beyond what a person of ordinary sensibilities would believe to be a collegial or professional relationship.

Policy

A. Faculty/Student Relationships

1. Within the Instructional Context — It is considered a serious breach of professional ethics for a member of the faculty to initiate or acquiesce in a sexual relationship with a student who is enrolled in a course being taught by the faculty member or whose academic work (including work as a teaching assistant) is being supervised by the faculty member.
2. Outside the Instructional Context — Sexual relationships between faculty members and students occurring outside the instructional context may lead to difficulties. Particularly when the faculty member and student are in the same academic unit or in units that are academically allied, relationships that the parties view as consensual may appear to others to be exploitative. Further, in such situations the faculty member may face serious conflicts of interest and should be careful to distance himself or herself from any decisions that may reward or penalize the student involved. A faculty member who fails to withdraw from participation in activities or decisions that may reward or penalize a student with whom the faculty member has or has had an amorous relationship will be deemed to have violated his or her ethical obligation to

the student, to other students, to colleagues, and to the University.

Complaint Procedure

Complaints alleging a violation of the Consensual Sexual Relationships Policy shall be handled in accordance with the Grievance Procedure For Equal Opportunity.

RACIAL AND ETHNIC HARASSMENT POLICY

Introduction

Diversity is one of the strengths of our society as well as one of the hallmarks of a great university. The University supports diversity and therefore is committed to maintaining employment and educational settings which are multicultural, multiethnic and multiracial. Respecting cultural differences and promoting dignity among all members of the University community are responsibilities each of us must share.

Racial and ethnic harassment is a growing concern across American college campuses. It has taken various forms, from criminal acts (assault and battery, vandalism, destruction of property) to anonymous, malicious intimidation, most often directed toward persons whose race and ethnicity is readily identifiable. In employment, racial/ethnic harassment is race discrimination which interferes with an employee's ability to perform his or her duties or creates a hostile or intimidating work environment, prohibited by law under Title VII of the Civil Rights Act of 1964. In the educational context, racial/ethnic harassment is race discrimination which interferes with the students' opportunities to enjoy the educational program offered by the University, prohibited by law under Title VI of the Civil Rights Act of 1964.

Policy Statement

Principles of academic freedom and freedom of expression require tolerance of the expression of ideas and opinions which may be offensive to some, and the University respects and upholds these principles. The University also adheres to the laws prohibiting discrimination in employment and education. The University recognizes that conduct which constitutes racial/ethnic harassment in employment or educational programs and activities shall be prohibited and is subject to remedial or corrective action as set forth in this policy. This policy is premised on the University's obligation to provide an environment free from unlawful discrimination. The University will vigorously exercise its authority to protect employees and students from harassment by agents or employees of the University, students, visitors or guests.

Agents or employees of the University, acting within the scope of their official duties, shall not treat an individual differently on the basis of race or ethnicity in the context of an employment or educational program or activity without a legitimate nondiscriminatory reason, and,

The University shall not subject an individual to different treatment on the basis of race or ethnicity by effectively causing, encouraging, accepting, tolerating, or failing to correct a racially or ethnically hostile environment of which it has notice.

Corrective Actions

Violations of this policy shall result in corrective action(s) designed to reestablish an employment or educational environment which is conducive to work or learning. Corrective actions will include disciplinary action directed by the executive officer having responsibility for the offender, where appropriate. Corrective actions will be tailored to redress the specific problem and may range from apologies, mandatory. Violations of this policy by students will be considered as violations of the Student Code and will subject student offenders to the corrective action(s) provided by the Code.

Administrative Action

The University recognizes its obligation to address incidents of racial/ethnic harassment on campus when it becomes aware of their existence, even if no complaints are filed; therefore, in such circumstances, the University reserves the right to take appropriate action unilaterally under this policy.

With respect to students, the University Vice President for Student Affairs and Dean of Students or other appropriate persons in authority may take immediate administrative or disciplinary action which is deemed necessary for the welfare or safety of the University community. Any student so affected must be granted due process including a proper hearing. Any hearing involving disciplinary suspension or expulsion shall be conducted by a campus disciplinary council in accordance with the applicable student handbook. Students who receive lesser administrative or disciplinary action may request a review of the action by the University Vice President for Student Affairs and Dean of Students. Such requests must be in writing and filed within seven calendar days following summary action. The University Vice President for Student Affairs and Dean of Students will issue a written determination to the student within three working days following the date the request is received.

With respect to employees, upon a determination at any stage in the investigation or grievance procedure that the continued performance of either party's regular duties or University responsibilities would be inappropriate, the proper executive officer may suspend or reassign said duties or responsibilities or place the individual on leave of absence, with or without pay, pending the completion of the investigation or grievance procedure.

Retaliation

Threats or other forms of intimidation or retaliation against complaining witnesses, other witnesses, any reviewing officer, or any review panel shall constitute a separate violation of this policy which may be subject to direct administrative action.

Complaint Process

The complaint procedures delineated herein apply to all students, faculty, staff, guests, or visitors. Complaints alleging violation of the racial and ethnic harassment policy will be reviewed and investigated by the appropriate University office. Complaints may be resolved informally or may proceed through the applicable formal complaint proceedings. Complaints may be filed in the following manner:

1. Complaints against students or student organizations, faculty or staff, or contractors working on University premises shall be filed with the Office of Equal Opportunity for review and investigation.
