STUDENT-FACULTY POLICIES

- (A) Assignments, examinations, or projects worth less than 10 percent of a student's grade may be assigned at any time prior to pre-finals week and may be due during pre-finals week. However, no assignments, examinations, or projects may be due on the last two days of pre-finals week.
- (B) Assignments, take-home examinations, in-class examinations, or projects worth more than 10 percent of a student's grade must be scheduled at least 30 days prior to the first day of finals and must be due or given prior to pre-finals week. Any assignment that is to take the entire semester to complete may be accepted or presented during pre-finals week provided the syllabus explicitly states that the assignment can be turned in prior to pre-finals week. In-class presentation of semester assignments due before pre-finals week may be scheduled for any day other than the last two days of pre-finals week.

FINAL EXAMINATION REGULATIONS CONTINUED ON NEXT PAGE

FINAL EXAMINATION REGULATIONS

1. Oklahoma State Regents for Higher Education regulations require that those institutions that reserve the final week of the semester as a testing period shall ensure that all classes meet during the testing period. Final examinations are given at the discretion of the instructor, or, in the case of multiple sections, the department in which the class is offered*. When a final examination is given, the student must take the examination.
*EXCEPTIONS
 - a. **The College of Arts and Sciences** requires that an examination (either a last or final examination) be given during the scheduled final examination period for each regularly scheduled undergraduate course. Independent study and pure laboratory courses are excluded.
 - b. **The College of Engineering and the College of Atmospheric and Geographic Sciences** require comprehensive examinations to be given during the regularly scheduled examination periods in all undergraduate courses **excluding** directed readings, pure laboratory courses and project type design courses and seminars.
2. If a final examination is given, no faculty member is authorized to depart from the published examination schedule for either a class or an individual without approval, as stated in the Faculty Handbook. Early final examinations are prohibited. **Final Examination** has been defined as follows: an examination that is comprehensive in nature or that accounts for a greater proportion of the final grade than an exam given during the semester.
3. **Uniform final examinations** are listed by department and course number at the times they are scheduled to be given.
4. Two-hour classes which have **one** of their meetings on MWF will have the examination at the time scheduled for MWF classes. Those meeting both days of TR will have the examination at the time scheduled for TR classes.
5. Three-hour classes must follow the examination schedule. Classes meeting both Tuesday and Thursday are considered to be TR classes. Classes meeting two of the days Monday-Wednesday-Friday are considered to be MWF classes.
6. Classes meeting four or five days a week will have the final examination at the time scheduled for MWF classes with the same meeting time.
7. Classes meeting one day a week for more than one hour with a start time before 5:00 PM will have the final examination **during the last lecture period***. Classes in this format have been scheduled with sufficient meeting time during the semester to compensate for time lost in the final examination week.
*EXCEPTION: Courses offered by the College of Business Administration will test during the final examination week.
8. **Evening Classes.** Classes that begin at 5:00 PM or later will have the final examination during the last lecture period. Evening classes have been scheduled with sufficient meeting time during the semester to compensate for time lost in the final examination week.
9. If laboratory examinations are given, they will be held during the last regularly scheduled meeting of the lab.
10. A student will not be expected to take more than two final examinations in one day. In cases where a student has three or more exams scheduled for the same day, instructors must offer make-up exams. The student's number of exams will be reduced to two by the following procedure:
 - a. If a student has three or more exams on the same day, the instructor(s) giving the third and subsequent exams must provide make-up exams during the week designated for final exams for that semester;
 - b. The student must notify the instructor or department of the third and subsequent final exams scheduled within a single day. Such notification must be given to the specific instructor or department before the end of the twelfth week of classes (sixth week of summer session).
11. In the event a conflict should arise from the scheduling of two or more examinations at the same time, the student will attend the examination for the class that met first during the week, according to the student's class schedule. The instructor(s) giving the second and subsequent exams must provide make-up exams during the week designated for final exams for that semester.

Use On-Line Payments or Make checks payable to the University of Oklahoma

Students may pay fees On-line (E-checks or Credit Cards) at pay.ou.edu or in person at the Bursar's Office. Access to Online Payments requires a current university 4+4. Monthly statements will be prepared and mailed prior to the payment deadline. Failure to receive a statement will not exempt a student from late penalties. It is the responsibility of the student to determine his/her financial obligation and how it is to be met. Tuition and fee payments may be mailed. If mailed, payment must be received in the Office of the Bursar by the deadlines listed above. Checks for payments should include the student's name and Sooner I.D. Number to ensure proper credit. If this information is not included, a University employee will write this information on the check. The tuition and fee information number is 325-3122. Scholarship and loans information numbers are 325-3123 and 325-3124. You may call Monday thru Friday, 8:00 am – 5:00 pm.

TUITION AND FEES PAYMENT PLAN

Participation in the Tuition Payment Plan will be limited to currently enrolled students for the semester in progress. Students receiving Financial Aid will be required to apply all of their aid to their account up to the total amount owed.

Participation in the Tuition Payment Plan requires no application or acceptance. Simply paying the minimum payment amount on each monthly statement by the due date listed on the statement constitutes participation in the plan.

The Tuition Payment Plan applies to current semester tuition and fees (including course user charges) only. All other charges (housing, telephone bills, Continuing Education, Goddard, etc.) are due on the 15th of the month following the statement containing the charge.

The minimum payment due will be calculated as the total month's ending balance of non-tuition and fee charges plus the appropriate percentage of tuition and fees. Percentages used are 25% for the first month of Fall or Spring semester, 33.33% for the second month, 50% for the third month, and 100% for the fourth month. During Summer semester, 50% paid the first month and balance the second month.

A 1.5% service charge will be computed on the prior month's statement ending balance minus payments and other credits received during the first 15 days of the current month. The 1.5% charge will be assessed on the 16th of each month. A \$50 end-of-semester penalty will be assessed if all current tuition and fees are not paid in full. Unpaid balances may be turned over to outside collection agencies and/or legal office for collection.

Students may pay tuition and fees at the Bursar's Office in Buchanan Hall (8:00 am—5:00 pm) Monday through Friday. To avoid penalties, payment should be received by the deadlines on the above schedule.

Students with unpaid tuition and fees may continue to attend classes until the last day of finals; however, all service charges and penalties will be added and enrollment for future semesters will not be allowed. In addition, students with any unpaid tuition and fees will not have grades or diplomas released; students with any unpaid University accounts, including tuition and fees, will not have transcripts (with or without degrees) released. Accounts must be paid in full to allow release of these records.

When paying delinquent fees and tuition, the total amount due is required. Selective course payment or reinstatement will not be possible.

It is the student's responsibility each semester to check with the scholarship clerk in the Bursar's office to be certain that any university administered scholarship or resident or non-resident tuition waiver is applied.

The Bursar cannot extend the dates noted. All requests for financial assistance should be made at the Office of Financial Aid Services located in Buchanan Hall, Rm. 216, phone number 325-4521.

UNIVERSITY OF OKLAHOMA REFUND POLICIES

The refund policies listed below describe the financial obligation of students who withdraw from classes after the official beginning of a semester. Students are advised to read these refund policies carefully to determine which apply to their specific circumstances.

I. COMPLETE WITHDRAWALS FROM THE UNIVERSITY:

A. REFUND POLICY FOR COMPLETE WITHDRAWAL FOR ALL STUDENTS WHO ARE NOT TITLE IV AID RECIPIENTS. (See 'B' below for definition of Title IV Aid Recipients.)

(The Oklahoma State Regents refund policy with respect to fees and tuition is as follows:)

Complete withdrawals from the institution during the defined refund period (first ten days of classes in Fall and Spring semesters, first five days of classes in Summer Session) will result in full charges for courses added and full credit for courses dropped. No refunds will be made after the refund period except as stipulated for enrollment of Title IV recipients.

B. REFUND REGULATIONS FOR COMPLETE WITHDRAWAL FOR ALL STUDENTS WHO ARE TITLE IV AID RECIPIENTS

Any student receiving Federal Title IV funds will be subject to the following policy regarding return of Federal Title IV funds:

The University and the student will be required to return to the federal aid programs the amount of aid received that was in excess of the aid "earned" for the time period the student remained enrolled.

The percentage of the semester completed is the percentage of aid earned: This is calculated by the number of days the student attended divided by the number of days in the payment period (i.e. semester). For example, if a student withdrew on the 20th day of a semester 114 days in length, the student would have only earned 17.5% of the aid he received ($20/114=0.175$).

Students who remain enrolled through at least 60% of the payment period (semester) are considered to have earned 100% of the aid received and will not owe a repayment of Federal Title IV grant funds.

If the University returns funds to the Title IV aid programs, it could result in the student owing OU charges that were originally paid at the time of disbursement. Students may also be required to return funds released to them for personal expenses.

Monies will be returned to the Title IV programs and not to recipients. Monies returned to the Title IV aid programs will be applied first to loans to reduce the loan debt of the student and/or parent borrower.

II. REFUND POLICY FOR DROPPING A PORTION OF YOUR SCHEDULE AFTER CLASSES BEGIN

Changes in schedules during the first ten days of classes in Fall and Spring semesters, first five days of classes in Summer Session will result in full charges for courses added and full credit for courses dropped. No refunds for dropped courses will be made after this time.

FINANCIAL AID EARLY DISBURSEMENT

Disbursement begins Monday, JANUARY 12 and continues throughout the semester

IMPORTANT!! Aid disbursement depends on the following two (2) factors:

1. Aid availability
2. All eligibility requirements must be met at the time you are picking up your aid, including enrollment requirements.

If you come, beginning JANUARY 12 to pick up your aid, bring a photo ID for identification. Staffing is reduced during lunch hours, 11:30 AM – 1:45 PM, resulting in an increase in waiting time. Normal operating hours are Monday through Friday, 8:00 AM – 5:00 PM.

The University of Oklahoma is pleased to be one of the few schools in the country that disburses financial aid funds to students before the beginning of classes. We offer disbursement early so that student can focus on their classes rather than taking care of financial matters. Students can be supportive in the process by being informed of their aid eligibility and by following the disbursement schedule.

An application for readmission, a letter of appeal and all required transcripts must be submitted to the Office of Admissions by **April 1 for a summer or fall semester and November 1 for a spring semester**. The letter of appeal should include an explanation of the student's previous academic record, information about the student's activities since suspension and reasons why an exception to the requirements for admission to the University should be made.

A student who has been suspended twice from the University is not eligible to be considered for readmission until that student has attended another accredited college or university and raised his/her grade point average to the University's retention standards.

RESIDENT STATUS

All applicants are classified as resident or nonresident based on information provided on the application for admission. Applicants may be required to submit evidence to substantiate their claim to resident classification. Questions regarding resident classification should be directed to the Office of Admissions.

A uniform policy concerning resident status exists for all state-supported institutions of higher education in Oklahoma. Information on residency requirements is available from the Office of Admissions or at http://www.ou.edu/admissions/home/resident_tuition_regulations.html.

Non resident members of the armed forces stationed in Oklahoma and their dependents are eligible for in-state tuition rates through a non-resident tuition waiver. Further information regarding this waiver can be obtained from the University's Office of Admissions.

COLLEGE ADVISING INFORMATION

College of Architecture

Students in the College of Architecture are advised in Group and/or Individual Advising Sessions by one of the College advisors. Due to the rigor and inflexibility of the program sequences, it is necessary that all students meet for advisement during each enrollment period. The College of Architecture does not permit self-advising.

College of Arts and Sciences

The College provides advising services through professional advising staff in the College of Arts and Sciences Academic Services office and through professional and faculty advisors in the departments. Professional Counselors in the Academic Services office are knowledgeable about degree programs offered by the College and will assist with choice of major, help resolve academic and graduation problems, and help determine how evaluated transfer work will apply toward degree requirements. The professional counselors in the Academic Services office verify all degree requirements have been met and clear students for graduation. Faculty and professional advisors in the departments provide in-depth information about the discipline, courses, instructors, and special opportunities available through the department. The College of Arts and Sciences requires all students to be advised prior to each enrollment by the faculty or professional advisor in the major department.

Students new to the College who have transfer credits should meet with an academic counselor in the Academic Services office for an evaluation of credits for University and College requirements. All other students should seek advisement from their faculty or professional advisor in the major department. After being advised, students should receive an advising form that lists their preferred courses.

Students may view their academic requirements and progress with Degree Navigator (<http://degree.ou.edu>). Degree Navigator is helpful for viewing courses completed toward graduation and courses remaining to be completed. Students and advisors use this information in planning for enrollment. Degree Navigator should be used in conjunction with the degree requirement sheet (checksheet), as the checksheet is the definitive document the College counselors use for graduation clearance.

Students in the College of Arts and Sciences must take one course in the Biological Sciences and one course in the Physical Sciences, including one laboratory component, to fulfill the University General Education Natural Sciences requirement.

The Arts and Sciences Academic Services office is located in 124 Ellison Hall. The telephone number is (405) 325-4411.

College of Atmospheric & Geographic Sciences

The College of Atmospheric and Geographic Sciences believes that faculty members are best qualified to provide curricular, professional and career advisement; therefore, all Atmospheric and Geographic Sciences students consult with a faculty adviser before registration. Each semester, students will be contacted by their Atmospheric and Geographic Sciences school/department regarding who their faculty advisor will be and when advising hours will be held.

The College of Atmospheric and Geographic Sciences Dean's Office strongly encourages students to review their academic records on Degree Navigator at degree.ou.edu prior to scheduling an advising appointment with their faculty advisor. Students should also prepare an enrollment plan before meeting with their advisor. For further information or general questions, please call (405) 325-3101.

Mewbourne College of Earth and Energy (MCEE)

The Mewbourne College of Earth and Energy believes that faculty members are best qualified to provide curricular, professional and career advisement; therefore, all MCEE students consult with a faculty advisor before registration. All undergraduate students who have been admitted to the MCEE should begin the enrollment process by creating a trial schedule on the online enrollment system, being familiar with and reviewing their Degree Navigator, then scheduling an advising appointment with a faculty advisor in their specific department. Advising instructions and schedules will be posted prior to the advising period. All MCEE Students are responsible for completing all necessary grade and course prerequisites. New students in the MCEE and new transfer students should schedule an appointment with an advisor in the MCEE Student Services Office before enrolling for their first semester. New transfer students should schedule an appointment with an advisor in WSSC before enrolling for their first semester. Students will use Degree Navigator <http://degree.ou.edu> to draft a proposed schedule of classes for the upcoming semester for their faculty to review. All students meet with faculty advisors in their major so it is important to have declared a specific major by the time they are advised. Instructions for meeting with faculty advisors will be provided by the department to the students via their OU e-mail account. Students may also contact their school directly if they have questions about faculty advising for the upcoming term <http://www.coe.ou.edu/en/page/coe-schools/>. After meeting with a faculty advisor, each student will return an Advising Verification Form, as well as any Transfer Evaluation Forms, to WSSC. At that time they will be authorized to enroll in classes. Students are responsible for completing all necessary grade and prerequisites for courses in which they enroll.

Services provided by the Williams Student Services Center staff are available to all engineering undergraduates, including engineering majors in University College, and include assisting with transfer credit evaluation, choosing a major, graduation verification as well as information about University policies and procedures, academic support services such as tutoring and mentoring, and student organizations and leadership. Additional information is available at coe.ou.edu/wssc.

Weitzenhoffer Family College of Fine Arts

Students in the Weitzenhoffer Family College of Fine Arts are required to meet with a faculty advisor each semester on the school/department designated Advising Day(s). These days are announced in class and are posted in the various buildings or you may contact your school/department office for the date(s). Students are also notified via the monthly college eNewsletter and by individual notices all sent to their OU student email addresses. Current students who are not advised on Advising Day will have to wait to be advised and to enroll until the three days prior to the next semester starting. *Currently enrolled students* should proceed to their assigned faculty advisors for advisement. *Newly admitted students, transfer students and readmitted students* should proceed to the Fine Arts Dean's Office for copies of their records and then to the individual school offices (see locations below) to be assigned to a faculty advisor.

During the meeting with the faculty advisor, students should obtain an Academic Advising Form completed and signed by the advisor, and any needed ESP's (Electronic Special Permissions). The student should then take the advisement form to the Dean's Office, in order to have their advising flag removed.

Gaylord College of Journalism and Mass Communication

All undergraduates must be advised prior to each enrollment. Pre-Journalism students who are in University College should meet with their counselor in that office.

With the exception of Intersession, advising is mandatory prior to each academic term for all students in the Gaylord College. Advising for the summer session and the fall semester begins in February; advising for the spring semester begins in September. Students are advised by professional academic counselors in the Student Services Center. Students may also meet with faculty members to discuss careers, internships, and professional issues. Notices about advising will be posted in The Gaylord Extra.

Students are required to maintain current local addresses and e-mail addresses with the university, as important advising and graduation information is distributed each academic term in The Gaylord Extra.

The Language Skills Test is the entrance examination to the Gaylord College. The LST/AIT must be completed prior to enrollment in JMC 2033 (Writing for Mass Media), a course that is required of all journalism and mass communication majors.

The LST includes 80 questions on grammar, punctuation and spelling.

The Academic Integrity Test (AIT) consists of 20 questions that are taken directly from information in the Academic Misconduct Code in the University of Oklahoma's Student Code Booklet.

The LST/AIT is administered in the Student Services Center (2533 Gaylord Hall) Monday through Friday from 8:30 a.m. to 3:00 p.m. No appointment is necessary. Test results are available the next business day.

The college encourages students to thoroughly review these areas prior to taking the LST. An online study guide is available on the college's Web site <http://www.ou.edu/gaylord/home.html>. Students are also encouraged to review a grammar and composition textbook (several are recommended on the college's Web site) as well as the Student Academic Integrity Code.

The LST/AIT may be attempted three times. If a student fails the third time, the student will be required to enroll in JMC 0123 (Fundamentals of Writing for the Media), a course that will not apply toward the degree.

Helpful Hints

Canceling All of Your Course(s)

If you are dropping all of your courses or your only course for a semester, you will need to click on the “Cancel (Semester you are logged into) Enrollment” button. This will only cancel the semester and campus that you are currently logged into. It will **not** have any effect on any other campus or semester that you have enrolled in. Once you have clicked the “Cancel Enrollment” button, the system will give you a pop up box that will ask you “Cancel enrollment?” After you tell it “yes”, the system will give you a message that says “You have just cancelled your enrollment for the campus and semester” and you will be sent an email confirmation stating that you have cancelled your enrollment. This is your receipt and we recommend that you verify the information and save the confirmation receipt. Cancel button will only be displayed during appropriate time frames.

HOW TO ADD/DROP

Different regulations will apply, depending on when add/drop occurs. Read the following instructions carefully to determine the rules that apply to your add or drop:

NOTE: The regulations listed below apply to courses that meet the full semester or summer session. Courses that do not meet the full term will have different deadlines. Contact Enrollment Services, room 230 Buchanan Hall, for more information

Period I. Free add and drop: Students may add during the first week of classes for Fall, Spring and Summer without approval of instructor. Students may add during the second week of classes for the Fall and Spring semester with approval of instructors. Students may drop without additional charges or grading penalties anytime up through the end of the second week of classes in Fall or Spring, or the first week of classes in Summer Session. No grades will be recorded for dropped courses.

Note on tuition charges for dropped courses: You will be required to pay tuition and fees for any course dropped after the second week of classes in Fall or Spring Semesters or after the first week of Summer Session, even if you add another course at the same time.

Period II. Third through sixth week of Fall and Spring; second or third week of Summer Session: Students may add classes only by permission of

the instructor of the course and the Dean of the student's College. Courses dropped during this time will be recorded with a grade of "W." (University College requires their students to obtain approval of the Dean to drop a course after the second week of classes.)

Period III. Seventh through tenth week of Fall and Spring or fourth and fifth of Summer Session: The same restrictions on added courses apply as for Period II, above. For dropped courses, instructors may assign a grade of "W" or "F." (University College requires their students to obtain approval of the Dean to drop a course after the second week of classes.)

Period IV. Eleventh week through end of classes in Fall and Spring, sixth week through end of classes for Summer Session. Permission of instructor and Dean is required for added classes. Students who wish to drop a course during this period must petition the Dean of their College. Instructors may assign a grade of "W" or "F."

ENROLLMENT REGULATIONS

CLASS ATTENDANCE POLICY

The student is responsible for class attendance after completion of registration. The student must cancel before the first day of classes to avoid being charged fees and tuition. Students who do not attend classes beginning the first day **may** be canceled from a course if there is high demand for seats from students who are waiting to enroll in courses. **HOWEVER, STUDENTS SHOULD UNDERSTAND THAT NON-ATTENDANCE AND/OR NON-PAYMENT OF FEES WILL NOT AUTOMATICALLY RESULT IN CANCELLATION OF ENROLLMENT. THE STUDENT IS RESPONSIBLE FOR DROPPING COURSES BY THE APPROPRIATE DEADLINES IN ORDER TO AVOID TUITION CHARGES.**

FULL-TIME ENROLLMENT

To be considered full-time, a student must be enrolled in at least the number of credit hours listed below, depending on the semester:

	Fall/Spring	Summer
Graduate	9	4
Undergraduate	12	6

Note to students applying for Veterans' Benefits: VA may not accept all hours taken when determining benefits. Consult the VA Certification Office in Buchanan Hall, Rm. 234 for more information.

Note to students applying for Financial Aid: Additional enrollment regulations may apply. Please consult Financial Aid Services for more information.

CREDIT HOUR ENROLLMENT LIMITS

There are limits on how many credit hours a student may enroll in each semester, without permission of the student's dean. These limits are listed below:

FALL/SPRING: 19 hours for undergraduates; 16 hours for graduates.

SUMMER: 9 hours for undergraduates; 9 hours for graduates.

SUMMER MINI-SESSIONS: 5 hours maximum for either of the four-week mini-sessions.

PASS/NO PASS ENROLLMENT

Students may elect to enroll in courses on a Pass/No Pass basis, but should understand that Colleges may not count Pass/No Pass enrollments when determining whether the student has fulfilled the requirements for a degree. Specific College limits are listed below.

Academic Affairs. The Pass/No Pass option may be used to fulfill no more than 16 credit hours of free electives only. The Pass/No Pass option may not be used to fulfill requirements for any General Education, College, major, major support, or minor requirements.

Architecture. The Pass/No Pass option will not count toward any College of Architecture degree requirements.

Arts & Sciences. The Pass/No Pass option may be used to fulfill no more than 16 credit hours of free electives only. The Pass/No Pass option may not be used to fulfill requirements for any General Education, College, major, major support, or minor requirements.

Atmospheric and Geographic Sciences. A Pass/No Pass enrollment will not count toward any College of Atmospheric and Geographic Sciences degree requirement.

Business. The Pass/No Pass option may not be used with any College of Business course, General Education requirement, or specifically required course. Business majors may take a maximum of 12 hours of P/NP in free, non-business electives. Not to exceed 1 course per semester.

Continuing Education (Aviation). The Pass/No Pass option may not be used to fulfill requirements for any General Education, College, major, major support or minor requirements. P/NP may be used in the free electives, as long as they are not aviation courses.

Earth and Energy. A Pass/No Pass enrollment will not count toward any College of Earth and Energy degree requirement.

Education. The Pass/No Pass option may be used only on courses belonging to one of the general education areas of free electives.

Engineering. A Pass/No Pass enrollment will not count toward any College of Engineering degree requirement.

Fine Arts. Students are allowed a maximum of 16 hours of elective credit under the Pass/No Pass option.

Graduate. A Pass/No Pass enrollment will not count toward any Graduate degree requirement.

Journalism. No more than 16 semester credit hours earned under the Pass/No Pass option will apply toward the degree. P/NP credit may not be used to satisfy general education, college, major, major support, or minor requirements. Transfer credit graded P/NP is counted as part of the 16 semester credit hours earned.

Law. A Pass/No Pass enrollment will not count toward any Law degree requirement.

University College. The Pass/No Pass option is allowed, with Dean's permission, for University College students who are above the freshman level.

Cautions:

Both grades, Pass and No Pass, are considered neutral grades in the computation of grade point averages, i.e. credit hours for Pass, though earned, will not be included in grade point averaging, and credit hours for No Pass simply will not be earned. Pre-professional students who plan to apply for admission to professional schools such as law or medicine after completion of an undergraduate degree are advised that courses taken on the Pass/No Pass option may hinder admission possibilities when grade point average is a major consideration. For advice, the student should consult the admissions office of the professional school where he/she intends to apply.

Before enrolling in courses on the Pass/No Pass option, students should consult with their advisers or personnel in college offices to be certain of approved enrollment.

Procedure:

Students may change enrollment in a course by the add/drop procedure to or from the Pass/No Pass option through the end of the second week of a regular semester or the first week of a summer session in Enrollment Services. College and/or adviser approval should be obtained prior to any change.

To prevent discrimination in grading, the student's choice of P/NP grading will not be made known to the instructor of a course. The grade will be automatically assigned at the end of the course on the basis of the letter grade submitted by the instructor. The lowest letter grade required to receive a P grade in a course will be C.

AUDIT ENROLLMENT

Enrollment as an auditor is permitted in all courses subject to the approval of the instructor in the course. Initial enrollment in a course as an auditor may be completed only between the first day of classes and the last day permitted for late enrollment for credit in any semester or summer session.

A change of enrollment from audit to credit may be made provided the change is made no later than the end of the second week of classes of a regular semester, or the first week of classes of a summer session, and provided the instructor and appropriate dean approve.

A change of enrollment from credit to audit may be made during the first ten weeks of classes of a regular semester or five weeks of classes of a summer session, provided the student is passing at the time the change is processed. A change of enrollment to audit supersedes the original enrollment for credit, and no withdrawal from the credit enrollment is posted on the student's academic record. Fee and tuition policies for audit enrollments are the same as fee and tuition policies for credit enrollments. A student enrolled exclusively as an auditor may withdraw only during the refund period. Such withdrawal will result in the student's registration being cancelled, and no entry will be made on the permanent record. An instructor may assign a final grade of AW to a student who has not performed according to the instructor's requirements for an auditor.

CANCELLATION OF ENROLLMENT

Students may cancel enrollment online at enroll.ou.edu or by person in Enrollment Services, Room 230 Buchanan Hall. The deadline to cancel online is at 6:00 pm, on January 17, and in person at 5:00 pm on January 16 for the Spring semester. After classes have begun, students must withdraw from enrollment according to the following instructions.

COMPLETE WITHDRAWAL FROM ENROLLMENT

Students withdrawing from the University after classes have begun should report to their College Office (College Office locations are listed in the Campus Information Directory, page 8). If you do not know your college, check with Enrollment Services, Room 230 Buchanan Hall. Withdrawn students are refunded fees and tuition according to State Regents' refund policy (see refund regulations in section on FEES AND TUITION).

OTHER UNIVERSITY REGULATIONS

ACADEMIC RETENTION, PROBATION AND SUSPENSION REGULATIONS

For continued enrollment at the University, an undergraduate student must maintain a cumulative retention/ graduation grade point average as indicated below:

0 through 30 semester hours attempted	1.7
Greater than 30 semester hours attempted	2.0

A student not maintaining a satisfactory cumulative retention/graduation grade point average will be placed on academic probation for one semester. To be removed from probation, the student, during the next semester of enrollment, must raise his or her cumulative retention/graduation grade point average to the minimum standard required to continue. However, a student enrolled on probation may be continued on probation provided he or she makes a 2.0 grade point average on that semester's work. Students should check with their college office or the Office of Academic Records for specific requirements for enrollment while on academic probation. A student enrolled on probation who fails to raise his or her cumulative retention/graduation grade point average to minimum requirements or to make a grade point average of 2.0 or better on work taken while enrolled on probation will be suspended for poor scholarship.

A student suspended from the University for poor scholarship is not eligible to apply for readmission until after one full semester has elapsed following the date of suspension. To be readmitted, a suspended student must submit an application for admission and a letter of appeal to the Office of Admissions by November 1 for the Spring Semester; April 1 for Summer and Fall.

UNIVERSITY GRADING REGULATIONS GOVERNING WITHDRAWALS AND DROPS

1. **Complete Withdrawal from the University.** A student who withdraws from all classes during the first six weeks of a regular semester (first three weeks of a summer session) will receive the grade of W for all courses. For complete withdrawals that occur after the sixth week of class (first three weeks of summer session), a final grade of W or F will be assigned by the instructor of each course.

2. **Dropping Courses After Classes Begin.** For students who drop one or more courses after classes begin, but who remain enrolled in at least one course, the following grading regulations for dropped courses apply:

In the first two weeks of the semester (first week of summer session), no grade is recorded;

From the third week through the sixth week of a semester (second and third week of a summer session), a grade of W will be assigned to each dropped course;

From the seventh week through the tenth week (fourth and fifth week of summer session) the instructor of each course dropped will assign a grade of W or F.

Beginning with the eleventh week of the semester (sixth week of the summer session) through the last day of classes, courses may be dropped only by direct petition to the Dean of the student's college. The student who drops a course with permission of the Dean will receive a final grade of W or F at the discretion of the instructor of the course dropped.

UNIVERSITY REGULATIONS GOVERNING INCOMPLETES

An "I" (Incomplete) received following the close of a semester or summer session is a temporary grade issued when a student, for reasons satisfactory to the instructor, is unable to complete certain requirements of the course by the end of the term. Any student receiving an "I" should contact the instructor, who will indicate what must be done to complete the course and set a time limit for completion. The time allowed may in no instance exceed one calendar year. During that year, the student is not permitted to re-enroll in the course.

If an incomplete is received, the "I" grade remains on the student's record and the final grade is next to the "I" (example I/B).

If by the end of the year no change in grade has been submitted, the grade of I will become permanent. After a grade of I has become permanent, a student may re-enroll in the course.

ALL-UNIVERSITY REGULATION ON REPEATED COURSES

Students may not repeat a course in which they earned a grade of A or B, unless the course is one in which there is a change of subject matter (e.g., SLEP, Independent Study).

A student may repeat up to four courses, not to exceed 18 hours, in which the original grade was D or F and have only the second grade count in the calculation of the student's retention/graduation grade point average. Students who repeat courses beyond the first 4 courses of D or F may do so with both the original grades and repeat grades included in the calculation of the retention/graduation grade point average.

GRADE POINT AVERAGE. The cumulative retention/ graduation grade point average is based on all work attempted, both transfer and OU, minus those courses repeated in accordance with the policy on repeated courses. The minimum cumulative retention/graduation grade point average required for graduation is 2.0. Each degree-recommending college may establish higher standards for retention and graduation.

DEGREE CANDIDATES

Degrees are formally conferred at spring commencement exercises. However, degrees are awarded in absentia and diplomas mailed to graduates at the end of the fall semester and summer session. The date of graduation for each term is: the last day of examinations in the fall; the date of commencement in the spring; and the last day of classes in the summer. The degree and date of the diploma are entered on the student's permanent academic record. When a student completes all requirements for a degree other than at the close of a semester or session, the Office of Admissions and Records, upon request, will issue a certified statement that the student is eligible for the degree as of the date when the requirements for the degree were completed. For complete information regarding degree requirements the student should consult with personnel in the college office in which he/she is enrolled.

A student who is a candidate for a degree at the close of any semester or summer session must file an official application for graduation in the Office of Admissions and Records and must pay all tuition and fee charges before the degree is conferred. The application for graduation may be obtained in the student's college office. See section on Fees and Tuition in this schedule for fee information and deadline date.

All students shall be required to have all work needed for graduation submitted to Admissions & Records no later than ten working days following the last day of finals for the term in which the student wishes to graduate. This would include transfer work from another institution, correspondence courses, incomplete grades, and any other correction or addition to the student's academic record. This deadline does not take the place of the existing deadline for all work to be completed, which is "all work required for the degree must be completed satisfactorily by the last day of finals of the semester or term". This is an additional requirement that the notification of the completion of this credit must be submitted in a timely fashion in order for the student to graduate within that term. The appropriate deadline for receipt of that notification is within ten working days after the last day of finals. Requirements for graduation are cleared by the degree-recommending colleges approximately four weeks after the close of a regular semester and three weeks after the close of a summer session. Diplomas are printed after degree clearances are completed and are mailed from the Office of Admissions and Records approximately one month later.

RELEASE OF STUDENT INFORMATION AND ACCESS TO STUDENT RECORDS

Public Law 93-380 (also known as the Buckley Amendment, also known as the Family Educational Rights and Privacy—Section 438 of the General Education Provisions Act) permits only the release of

"directory information" about students without the student's written consent. "Directory information" includes:

Student's name, local and permanent addresses, e-mail address, telephone number, college, major, classification, current enrollment status, participation in recognized student activities, dates of attendance, degrees and awards received and dates of receipt, posting of individual student's grades and interim class evaluations by code number or I.D. number and anticipated date of graduation based on completed hours.

The Law provides that any student may, upon written request, restrict the printing of such personal information relating to himself/herself as is provided in "directory information." Forms for withholding student "directory information" are available in the Office of Admissions and Records in Buchanan Hall. The form must be completed by the end of the third week of classes in the fall to prevent printing of "directory information" in the Student Directory.

The Law requires the written consent of the student for the release to anyone (including parents) of other than "directory information" with the following exceptions—(a) other school officials within the educational institution who have legitimate educational interests; (b) officials of schools to which the student seeks to transfer; (c) the Comptroller General of the United States, the HEW Secretary, the administrative head of an educational agency, or State educational authorities; (d) in connection with the student's application for, or receipt of, financial aid; (e) State and local officials or authorities to which such information is specifically required to be reported under the State statute and adopted prior to November 19, 1974; (f) organizations or educational agencies conducting legitimate research, provided no personal identifiable information about the student is made public; (g) accrediting organizations; (h) parents of a dependent student upon proof of dependency (exclusive of international students); (i) in connection with an emergency when such information is necessary to protect the health or safety of the student or other persons, and (j) to comply with a judicial order or lawfully issued subpoena.

Personal information shall only be transferred to a third party, however, on the condition that such party will not permit any other party to have access to the information without the written consent of the student.

Under the law, any student has the right to inspect and challenge his or her own educational file with the exception of letters of recommendation or other material when the author was guaranteed confidentiality prior to January 1, 1975. Positive identification of the student shall be required prior to such examination and the student is not guaranteed the right of privacy in examining the records, nor the right to remove them.

Each educational institution is required by the Law to maintain a record, kept with the education records of each student, which will indicate all individuals, agencies or organizations (other than those specified as having access without the student's written consent) having obtained access to the student's record.

AMENDED AND REISSUED

PARENTAL ACCESS TO STUDENT ACADEMIC RECORDS

Parents of a dependent student may have access to grades and other confidential academic information under guidelines provided in the Family Educational Rights and Privacy Act of 1974. Access to this information is limited to parents who claim the student as an exemption on their federal income tax return.

Requests for specific grade or other academic information can be addressed to the Office of Academic Records, University of Oklahoma, 1000 Asp Avenue, Room 330, Norman, Oklahoma 73019-0430. POLICY ON PREVENTION OF ALCOHOL ABUSE AND DRUG USE ON CAMPUS AND IN THE WORKPLACE

The University of Oklahoma recognizes its responsibility as an educational and public service institution to promote a healthy and productive environment. This responsibility demands implementation of programs and services which facilitate that effort. The University is committed to a program to prevent the abuse of alcohol and the illegal use of drugs by its students and employees. The University program includes this policy which prohibits illegal use of drugs and alcohol in the workplace, on university property, or as part of any university sponsored activities. In order to meet these responsibilities, university policy:

1. Requires all students and employees abide by the terms of this policy as a condition of initial and continued enrollment/employment.
2. Recognizes that the illegal use of drugs and alcohol is in direct violation of local, state and federal laws as well as university policies included in this Policy, the Staff and Faculty Handbooks and the Student Code of Responsibility and Conduct. University policy strictly prohibits the illegal use, possession, manufacture, dispensing or distribution of alcohol, drugs, or controlled substances in the workplace, on its premises, or as part of any university sponsored activities.
3. Considers a violation of this policy to be a major offense which can result in a requirement for satisfactory participation in a drug or alcohol rehabilitation program, referral for criminal prosecution, and/or immediate disciplinary action up to and including termination from employment and suspension or expulsion from the University. A criminal conviction is not required for sanctions to be imposed upon an employee or student for violations of this policy.
4. Recognizes that violations of applicable local, state and federal laws may subject a student or employee to a variety of legal sanctions including, but not limited to, fines, incarceration, imprisonment, and/or community service requirements. Convictions become a part of an individual's criminal record and may prohibit career and professional opportunities. A current listing of applicable local, state and federal sanctions can be obtained through the Office of Student Affairs and Personnel Services.

5. Requires an employee to notify his or her supervisor in writing of a criminal conviction for drug or alcohol related offenses occurring in the workplace no later than five calendar days following the conviction.

6. Provides access to the University's Employee Assistance Programs and Student Counseling Services for counseling and training programs which inform students and employees about the dangers of drug and alcohol abuse. Voluntary participation in or referral to these services is strictly confidential.

7. Forbids an employee from performing sensitive safety functions while a prohibited drug is in his or her system.

8. Mandates drug testing of sensitive safety employees prior to employment, when there is reasonable cause, after an accident, on a random basis, and before returning to duty after refusing to take a drug test or after not passing a drug test. (Sensitive safety employees are defined in CFR Volume 32, Part 280, and CFR Volume 49, Part 653. This legislation is available for review in Personnel Services.)

9. Provides for annual distribution of this policy to staff, faculty and students.

Health risks generally associated with alcohol and drug abuse can result in but are not limited to: a lowered immune system, damage to critical nerve cells, physical dependency, lung damage, heart problems, liver disease, physical and mental depression, increased infection, irreversible memory loss, personality changes and thought disorders.

The University's Employee Assistance Programs and Student Counseling Services staff are responsible for informing students and employees about the dangers of drug and alcohol abuse and the availability of counseling and rehabilitation programs. The appropriate Provost or Executive Officer is responsible for notifying federal funding agencies within ten calendar days whenever an employee is convicted of a drug-related crime which occurred in the workplace. This policy is based on the Drug Free Workplace Act of 1988 (P.L. 101-226) and is subject to the grievance procedure as stated in the Staff and Faculty Handbooks and the University Discipline System as outlined in the Student Code of Responsibility and Conduct.

UNIVERSITY POLICIES ON DISCRIMINATION, SEXUAL HARASSMENT/ SEXUAL ASSAULT, CONSENSUAL SEXUAL RELATIONSHIPS, RETALIATION AND RACIAL AND ETHNIC HARASSMENT

SEXUAL HARASSMENT/SEXUAL ASSAULT POLICY

A. Statement

The University of Oklahoma explicitly condemns sexual harassment of students, staff and faculty. Sexual harassment is unlawful and may subject those who engage in it to University sanctions as well as civil and criminal penalties.

When criminal action is pursued in addition to an administrative grievance under this policy, the EO/AA (Equal Opportunity and Affirmative Action) Office will coordinate its investigative actions with the University or local law enforcement authorities to ensure that criminal prosecution is not jeopardized. The EO/AA Officer may defer administrative action at the request of the University or local law enforcement authorities, pending completion of the criminal investigation. Where review by the EO/AA Officer or other University executive officer determines that immediate administrative action is necessary for the safety, health and well-being of the campus community, such action may be taken in advance of resolution of criminal charges.

Since some members of the University community hold positions of authority that may involve the legitimate exercise of power over others, it is their particular responsibility to be sensitive to that power. Faculty and supervisors in particular, in their relationships with students and subordinates, need to be aware of potential conflicts of interest and the possible compromise of their evaluative capacity. Because there is an inherent power difference in these relationships, the potential exists for the less powerful person to perceive a coercive element in suggestions regarding activities outside those appropriate to the professional relationship. It is the responsibility of faculty and staff to behave in such a manner that their words or actions cannot reasonably be perceived as sexually coercive, abusive or exploitative. Sexual harassment also can involve relationships among equals as when repeated advances, demeaning verbal behavior or offensive physical contact interfere with an individual's ability to work and study productively.

The University is committed to providing an environment of study and work free from sexual harassment and to insuring the accessibility of appropriate grievance procedures for addressing all complaints regarding sexual harassment. The University reserves the right, however, to deal administratively with sexual harassment issues whenever becoming aware of their existence. Records of all complaints, except for hearings before the Faculty Appeals Board, shall be transmitted to and maintained by the University Equal Opportunity and Affirmative Action Officer as confidential records.

The University encourages victims to report instances of sexual assault or other sexual offenses, either forcible or non-forcible. In addition to internal grievance procedures, victims are encouraged to file complaints or reports with campus police or local law enforcement agencies **by telephoning 911** as soon as possible after the offense occurs in order to preserve evidence necessary to the proof of criminal offenses. The campus police department is available to assist victims in filing reports with other area law enforcement agencies.

B. Definition of Sexual Harassment

Sexual harassment shall be defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature in the following context:

1. When submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic standing, or
2. When submission to or rejection of such conduct by an individual is used as the basis for employment or academic decisions affecting such individual, or
3. When such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile or offensive working or academic environment.

C. Examples of Prohibited Conduct

Conduct prohibited by this policy may include, but is not limited to:

- Unwelcome sexual flirtation; advances or propositions for sexual activity.
- Continued or repeated verbal abuse of a sexual nature, such as suggestive comments and sexually explicit jokes.
- Sexually degrading language to describe an individual.
- Remarks of a sexual nature to describe a person's body or clothing.
- Display of sexually demeaning objects and pictures.
- Offensive physical contact, such as unwelcome touching, pinching, brushing the body.
- Coerced sexual intercourse.
- Sexual assault.
- Rape, date or acquaintance rape, or other sex offenses, forcible or nonforcible.
- Actions indicating that benefits will be gained or lost based on response to sexual advances.

CONSENSUAL SEXUAL RELATIONSHIPS

RATIONALE

The University's educational mission is promoted by professionalism in faculty, staff, and student relationships. Professionalism is fostered by an atmosphere of mutual trust and respect. Actions of faculty, staff, and students that harm this atmosphere undermine professionalism and hinder fulfillment of the University's mission. Trust and respect are diminished when those in positions of authority abuse, or appear to abuse, their power. Those who abuse, or appear to abuse, their power in such a context violate their duty to the University.

University employees exercise power over subordinate employees and students, whether in giving them praise or criticism; evaluating them; making recommendations for promotion, further studies, their future employment; or conferring any other benefits on them. Amorous relationships between employees and subordinate employees or subordinate students are wrong when the employee has professional responsibility for the subordinate employee or student. Such situations greatly increase the opportunities that a University employee may abuse his or her power and sexually exploit the subordinate employee or subordinate student. Voluntary consent in such a relationship is suspect, given the fundamentally asymmetric nature of the relationship. Moreover, other employees and students will likely be adversely affected by such unprofessional behavior because it places the employee in a position to favor or advance one individual's interests at the expense of others and implicitly makes obtaining benefits contingent on amorous or sexual favors. Therefore, the University will view it as unethical if staff or faculty members engage in amorous relations with subordinate employees or students enrolled in their classes or subject to their supervision, even when both parties appear to have consented to the relationship.

DEFINITIONS

As used in this policy, the term "employee" includes all employees, including but not limited to, academic and non-academic administrators, supervisory personnel, staff, faculty, graduate students with or without teaching responsibilities, student employees, and other instructional personnel. The term "consensual sexual relationship" may include amorous or romantic relationships and is intended to indicate conduct which goes beyond what a person of ordinary sensibilities would believe to be a collegial or professional relationship.

The term "subordinate" as used here means an employee or student in a position of lesser power or authority than the other party to the amorous relationship; e.g., any employee or student who is beneath another in the employment chain of command or who relies upon the

other for day-to-day directions would be "subordinate" as would a project team member or housing resident with respect to the project director or resident advisor, respectively.

POLICY

A. Employee Relationships with Subordinate Students or Subordinate Employees

1. Instructional Context

It is considered a serious breach of professional ethics for a employee to initiate or acquiesce in a sexual relationship with a student who is enrolled in a course being taught by the employee or whose academic work (including work as a teaching assistant) is being supervised by the employee.

2. Other Contexts

Sexual relationships between employees and subordinate employees or subordinate students occurring outside the instructional context may also lead to difficulties, particularly when the employee and subordinate employee or subordinate student are in the same academic unit or in units that are closely allied. Relationships that the parties view as consensual may appear to others to be exploitative. Further, in such situations the employee may face serious conflicts of interest and must be careful to distance himself or herself from any decisions that may reward or penalize the subordinate employee or subordinate student involved. An employee who fails to withdraw from participation in activities or decisions that may reward or penalize such subordinates with whom the employee has or has had an amorous relationship will be deemed to have violated his or her ethical and professional obligation to the University.

B. Prohibitions

1. Consensual sexual relationships between employees and subordinate employees or subordinate students are prohibited. Violations of this policy may lead to disciplinary action up to and including termination and/or expulsion.

COMPLAINT PROCEDURE

Complaints alleging a violation of the Consensual Sexual Relationships Policy shall be handled in accordance with the Office of Equal Opportunity Grievance Procedure.

RACIAL AND ETHNIC HARASSMENT POLICY

I. Introduction

Diversity is one of the strengths of our society as well as one of the hallmarks of a great university. The University of Oklahoma supports diversity and therefore is committed to maintaining employment and educational settings which are multicultural, multiethnic and multiracial. Respecting cultural differences and promoting dignity among all members of the University Community are responsibilities each of us must share.

Racial and ethnic harassment is a growing concern across American college campuses. It has taken various forms, from criminal acts (assault and battery, vandalism, destruction of property) to anonymous, malicious intimidation, most often directed toward persons whose race or ethnicity is readily identifiable. In employment, racial/ethnic harassment is race discrimination which interferes with an employee's ability to perform his or her duties or creates a hostile or intimidating work environment, prohibited by law under Title VII of the Civil Rights Act of 1964. In the educational context, racial/ethnic harassment is race discrimination which interferes with students' opportunities to enjoy the educational program offered by the University, prohibited by law under Title VI of the Civil Rights Act of 1964.

II. Policy Statement

Principles of academic freedom and freedom of expression require tolerance of the expression of ideas and opinions which may be offensive to some, and the University respects and upholds these principles. The University also adheres to the laws prohibiting discrimination in employment and education. The University recognizes that conduct which constitutes racial/ethnic harassment in employment or educational programs and activities shall be prohibited and is subject to remedial or corrective action as set forth in this policy. This policy is premised on the University's obligation to provide a nondiscriminatory environment which is conducive to employment and learning. The University will vigorously exercise its authority to protect employees and students from harassment by agents or employees of the University, students and visitors or guests. Specifically,

1. Agents or employees of the University, acting within the scope of their official duties, shall not treat an individual differently on the basis of race, color or national origin in the context of an employment or educational program or activity without a legitimate nondiscriminatory reason, so as to interfere with or limit the ability of the individual to participate in or benefit from the services, activities or privileges provided by the University; and,

2. The University shall not subject an individual to different treatment on the basis of race by effectively causing, encouraging, accepting, tolerating or failing to correct a racially hostile environment of which it has notice.

III. Remedies or Corrective Actions

Violation of this policy may result in corrective action(s) or remedy(ies) designed to reestablish an employment or educational environment which is conducive to work or learning. Corrective actions or remedies will include disciplinary action directed by the executive officer having responsibility for the offender, where appropriate. Remedies or corrective actions will be tailored to redress the specific problem and may range from apologies, mandatory attendance at specific training programs, reprimands, demotion, to expulsion or termination. Remedies or corrective actions shall be based upon the facts and circumstances of each case and shall be in accordance with the terms and guidelines of the applicable campus grievance procedures.

Violation of this policy by students will be considered as violations of the Student Code and subject students offenders to the remedy(ies) and corrective action(s) provided by the Code.

IV. Administrative Action

1. The University recognizes its obligation to address incidents of racial/ethnic harassment on campus when it becomes aware of their existence even if no complaints are filed, therefore, the University reserves the right to take appropriate action unilaterally under this policy.

2. With respect to students, the Vice President for Student Affairs/Vice Provost for Educational Services or other appropriate persons in authority may take immediate administrative or disciplinary action which is deemed necessary for the welfare or safety of the University Community. Any student so affected must be granted due process including a proper hearing. Any hearing involving disciplinary suspension or expulsion shall be conducted by a campus disciplinary council in accordance with Title 13, Section 1.2 of the Student Code. Lesser administrative or disciplinary action may be appealed to the Vice President for Student Affairs/Vice Provost for Educational Services. Such requests must be in writing and filed within seven calendar days following the summary action. The Vice President for Student Affairs/Vice Provost for Educational Services will issue a written determination to the student within three working days following the date the request is received.

3. With respect to employees, upon a determination at any stage in the investigation or grievance procedure that the continued performance of either party's regular duties or University responsibilities would be inappropriate, the proper executive officer may suspend or reassign said duties or responsibilities or place the individual on leave of absence pending completion of the investigation or grievance procedure.

**DISCRIMINATION POLICY
(OTHER THAN SEXUAL OR RACIAL/ETHNIC HARASSMENT)**

The University has a policy of internal adjudication in matters relating to alleged discrimination. Any faculty member, staff member or student, including those in temporary or part-time status, who believes that he or she has been discriminated or retaliated against should file a complaint under the Grievance Procedure for Complaints Based Upon Discrimination, Sexual Harassment/Sexual Assault, Consensual Sexual Relationships, Retaliation or Racial and Ethnic Harassment.

Any attempt to penalize or retaliate against a person for filing a complaint or participating in the investigation of a complaint of discrimination and/or harassment will be treated as a separate and distinct violation of University policy.

COMPLAINT PROCEDURE

Complaints alleging a violation of the Discrimination Policy, Sexual Harassment/Sexual Assault Policy, the Consensual Sexual Relationships Policy or the Racial and Ethnic Harassment Policy shall be handled in accordance with the Grievance Procedure For Complaints based upon Discrimination, Sexual Harassment/ Sexual Assault, Sexual Assault, Consensual Sexual Relationships, Retaliation or Racial and Ethnic Harassment. To request a copy of any of the policies or the grievance procedure or to place a complaint, contact Jerry Jensen on the Norman campus, 102 Evans Hall, 325-3546; or contact Carole Call on the Health Sciences Center campus, Service Center Building, Room 113, 271-2110.

The program offers the Bachelor of Arts degree with specializations in International, East Asian, European, Latin American and Russian and East European studies as well as minors in International, African, Asian, European, Latin American, Middle Eastern and Russian and European Studies. For detailed information on specific areas, courses and advisement, please contact the Academic Advisor for IAS. Hester Hall, Room 101, Tel 325-4547.

College of Liberal Studies

The College of Liberal Studies is a fully-accredited academic division of the University of Oklahoma that offers interdisciplinary undergraduate and graduate degree programs of high quality in non-traditional formats. Through their studies, CLS students gain the knowledge, sense of perspective, and analytical ability they need to function effectively and responsibly in any professional or career role they choose to follow.

Established in 1960, the College was initiated by University of Oklahoma faculty members committed to the ideal of high-quality programs that would recognize the circumstance and needs of adult learners. During more than 45 years serving the educational needs of working adults, the College of Liberal Studies has gained national and international recognition as a leader in the nontraditional degree movement and in continuing, liberal arts education. Today, CLS provides educational opportunities for more than 1500 students worldwide through its **Online, On-Site, and Self-Paced Independent Study** courses.

Undergraduate Program

Degree Options:

- **Bachelor of Arts in Liberal Studies**
Concentrations: Administrative Leadership, Humanities, Natural Sciences, Social Sciences
- **Bachelor of Science in Criminal Justice**

Delivery Options:

- **100% Online** – This delivery option allows students to earn their entire degree online from the comfort of their own home. Utilizing course-specific websites and the Desire2Learn web-portal, students are able to receive instruction, complete course objectives, and interact with their instructor and classmates in a 100% online environment. This option is open to both lower and upper division students.
- **On-Site (BA Degree Only)** – This delivery option allows students to complete courses in a traditional classroom setting during evenings or weekends. Courses are offered in an eight-week format, and students can complete the entire Liberal Studies major (42 upper-division hours) in eighteen months. Currently, this option is available at four locations throughout Oklahoma: OU-Norman, OU-Tulsa, Oklahoma City Community College and Rose State College.
- **Self-Paced Independent Study** - Students choosing the Self-Paced Independent Study option can enroll in up to two classes at a time (six hours) and take as little as six weeks or as long as a year to complete each course. Self-paced courses are not tied to the academic semester, so when a course is completed, students can begin the enrollment process again without waiting for a new semester to begin. This option is open to both lower and upper division students.

Graduate Program

Master of Arts in Liberal Studies

Administrative Leadership – This online option allows student to focus on effective leadership styles from a number of theoretical perspectives and explore everyday issues that leaders face in a variety of institutional settings. Students will explore the role of leadership across history, cultures and organizations, and will be prepared to apply knowledge and strategies from literature, research findings and practice to current and future leadership situations.

Museum Studies – This online option serves the career development needs of individuals who work or volunteer in museums, national and state monuments, historic sites, galleries, zoos and other similar institutions. Students can complete the Museum Studies program online from virtually anywhere in the world and without an on-campus residency. Students of the Museum Studies program will benefit from the knowledge and experience of faculty members drawn from museums across the country including two AAM-accredited museums located at the University of Oklahoma: the Sam Noble Oklahoma Museum of Natural History and the Fred Jones, Jr. Museum of Art.

Interprofessional Human and Health Services – This online option addresses current issues and ethics in health care and provides students the opportunity to select a specific area for intensive study. This option is intended to serve as a mechanism for professional advancement by enhancing the student's competency level and expanding his/her knowledge base.

Integrated Studies (Self-Design) – This independent study option helps students shape their studies to meet their academic interests. Students are not restricted to a particular discipline or field, but instead study a central topic of their own choosing from the perspective of three academic disciplines - Humanities, Natural Sciences and Social Sciences. Working with faculty advisors, students create a learning plan for their degree program that is academically rigorous and that complements and enhances their past academic work and personal experience.

In order to earn their degree, all MA students are required to choose one of four, six-hour degree completion options:

- Thesis with in-person oral defense
- Research Project with oral defense
- Internship with oral defense
- Six Hours of Advanced Coursework with written comprehensive exam

Additional Information

The College of Liberal Studies also offers special courses and seminars on particular themes and issues that are available to students in other academic majors and colleges. All programs offered the College of Liberal Studies maintain an interdisciplinary approach and have learning objectives commensurate with traditional liberal arts programs.

ALL SECTIONS OF EXPO 1213 ARE RESTRICTED TO FRESHMEN WITH THE APPROPRIATE PREREQUISITE(S) AND ARE SUBJECT TO A LIMITED ENROLLMENT OF 16 PER SECTION.	

What kinds of stories do myths tell? Are they lies, truths, or something in between? Whose stories are they? Why do they matter? In this course, we will learn to think critically & write clearly about facts & fictions, good & evil, masculinity & femininity, & other important cultural categories, first by examining various scholarly definitions of "myth." We'll apply our new understandings to a familiar figure, "the hero." Is the American cowboy hero related to the heroes of ancient Greek myth? Does his presence still resonate in the uniquely American superheroes of contemporary popular imagination-from Superman to V (for Vendetta)? Why are superheroes (almost) always White & male? Students are invited to interpret selected novels, films, & comic books as primary sources for thinking about the paradoxical nature of heroism, virtue, freedom, nationalism, gender, & race in our postmodern, post-9/11 world. EXPO 1213 001 Is a GenEd Core Area I 'English Composition II' course.

Is the image replacing the printed word? What might be lost if we digitize the world's libraries? Will anyone read books in ten years? New media transform the ways we communicate & the ways we produce knowledge. In former times, printed books changed lives & generated cultural conflicts; today we ask about the role played by the media such as movies, blogs, & even video games in our personal & public lives. This course will explore why some people view new media with a sense of doom, while others enthusiastically embrace & exploit it. Eating, a basic necessity and pleasure, has become a complex activity. What to eat is a question that reaches far beyond a drive-through window. This course explores the power relationships among consumers, producers, industry, and the government concerning the food we eat. We will see how these relationships affect our health, culture, environment, and rural economies. Beginning with a discussion about the dilemma of choice in what we eat, we then investigate fast food and ethics in food consumption. Our final unit explores eating disorders, obesity, and cultural ideas about the body. EXPO 1213 005 Is a GenEd Core Area I 'English Composition II' course.

Why was shoplifting originally considered a nineteenth century female malady? Is fashion feminine? What is the commodity fetishism? Did sweatshops ever exist in the United States? We will examine media and sartorial objects (i.e. mannequins and clothing) to illuminate misconceptions, clichés, stereotypes, and commonly held beliefs about fashion's relationship to, influence on, and shaping of identity. In a vast and tumultuous world, home can feel like a haven of safety and belonging. Exploring the bonds that connect family and community, this course considers the power of home and hometowns as points of attachment for people in a rapidly moving world. What holds families and communities together, and what happens when they come apart? Our investigations will take us from small town Oklahoma to urban Tokyo and refugee camps in East Africa. We will consider how global trends like climate change and ethnic conflict shape family and community relationships. We will contemplate changing definitions of family and community in the US as we look at gay and lesbian families, utopian communes, and cyber communities. In an election year when home and hometown serve as political rallying points, this course examines the families and communities we are born into and those we create.

Tourism is the largest & most rapidly growing global industry today. Millions of tourists travel around the world seeking adventure & relaxation. Millions more depend on tourists for their livelihood. In this course, we will consider the complex relationship between local hosts & visiting guests as we move through a variety of tourist scenarios—from beach vacations in Hawaii to bus tours through Europe & treks in Nepal. As we grapple with the far-reaching implications of travel abroad, we will alternate between looking broadly at global tourist trends & zooming in on the local experiences of host communities & intrepid travelers.

According to the columnist Molly Ivins, "Satire is traditionally the weapon of the powerless against the powerful." Writers, cartoonists, and filmmakers often employ satire when they intend to provoke or prevent change by ridiculing the powers that be. And occasionally those powers strike back. In this course we will examine the traditional and contemporary roles of satire in cultural and political discourse. Has satire proven an effective weapon? Can satire change the hearts and minds of its audiences? Where do we draw the lines between funny and offensive, between satire and irony, between satire and reality? Should certain topics be "out of bounds" for satirists?

George Gerbner, a television scholar, argues that "for the first time in human history, most of the stories about people, life, and values are told not by parents, schools, churches, or others in the community that have something to tell, but by a group of distant conglomerates that have something to sell." What stories do television texts tell, and how do these stories affect our society and our culture? The purpose of this class is to change our position as mere consumers of television and to make us into critics of the mediation that TV brings into our lives. Our task is not to denounce television, but to understand the ways it works on us, as well as what it reveals about who we are.

Beginning with Biblical human sacrifice and extending to the contemporary phenomenon of suicide bombing, this course examines how human communities have used symbolic violence to forge a common identity and to establish boundaries between themselves and others. Why do cultures create "scapegoats" in times of crisis? Why do religions of peace produce prophets of terror? Why do secular states cloak their wars in sacred language? We will address these questions by reading first-hand accounts and literary interpretations of violent episodes such as the medieval crusades, ethnic cleansing in Bosnia, and Jihadist terrorism.

Beginning with the regional devotion to place & tradition, this course explores how some of the cultural commitments that rendered southerners so distinctive & intriguing were made-& occasionally unmade-over time. What were the philosophical & scientific arguments that buttressed lynching, & how were they overcome? How did the culture of rednecks & "white trash" emerge, & what does our fascination with it reveal about them/us? In the 1960s, a great storm of social change swept across America, giving rise to a host of new social movements -- including civil rights, women's liberation, and homosexual liberation -- that continue to shape American politics and society today. This course will trace the legacies of the 60s up to the present. The primary focus will be the key statements of the period -- Martin Luther King Jr.'s "Letter from Birmingham City Jail", Betty Friedan's *The Feminine Mystique*, and Abbie Hoffman's *Woodstock Nation*, for example. In the final part of the course we will situate the American 60s within an international context and consider the evolution since the late 1990s of the "anti-globalization" and "alter-globalization" movements. Which legacies of the 60s are now worth reviving and which should be left behind?

What kinds of stories do myths tell? Are they lies, truths, or something in between? Whose stories are they? Why do they matter? In this course, we will learn to think critically & write clearly about facts & fictions, good & evil, masculinity & femininity, & other important cultural categories, first by examining various scholarly definitions of "myth." We'll apply our new understandings to a familiar figure, "the hero." Is the American cowboy hero related to the heroes of ancient Greek myth? Does his presence still resonate in the uniquely American superheroes of contemporary popular imagination--from Superman to V (for *Vendetta*)? Why are superheroes (almost) always White & male? Students are invited to interpret selected novels, films, & comic books as primary sources for thinking about the paradoxical nature of heroism, virtue, freedom, nationalism, gender, & race in our postmodern, post-9/11 world.

In a vast and tumultuous world, home can feel like a haven of safety and belonging. Exploring the bonds that connect family and community, this course considers the power of home and hometowns as points of attachment for people in a rapidly moving world. What holds families and communities together, and what happens when they come apart? Our investigations will take us from small town Oklahoma to urban Tokyo and refugee camps in East Africa. We will consider how global trends like climate change and ethnic conflict shape family and community relationships. We will contemplate changing definitions of family and community in the US as we look at gay and lesbian families, utopian communes, and cyber communities. In an election year when home and hometown serve as political rallying points, this course examines the families and communities we are born into and those we create.

According to the columnist Molly Ivins, "Satire is traditionally the weapon of the powerless against the powerful." Writers, cartoonists, and filmmakers often employ satire when they intend to provoke or prevent change by ridiculing the powers that be. And occasionally those powers strike back. In this course we will examine the traditional and contemporary roles of satire in cultural and political discourse. Has satire proven an effective weapon? Can satire change the hearts and minds of its audiences? Where do we draw the lines between funny and offensive, between satire and irony, between satire and reality? Should certain topics be "out of bounds" for satirists?

George Gerbner, a television scholar, argues that "for the first time in human history, most of the stories about people, life, and values are told not by parents, schools, churches, or others in the community that have something to tell, but by a group of distant conglomerates that have something to sell." What stories do television texts tell, and how do these stories affect our society and our culture? The purpose of this class is to change our position as mere consumers of television and to make us into critics of the mediation that TV brings into our lives. Our task is not to denounce television, but to understand the ways it works on us, as well as what it reveals about who we are.

The CIA and Congress: Can a democracy control its intelligence agencies, while at the same time ensuring their effectiveness? This course will examine: (1) Can a democracy control its intelligence agencies? (2) How can the U.S. increase the effectiveness of its current intelligence agencies? Most people would agree that, in the post 9/11 world, the United States needs intelligence agencies like the CIA, with the capacity to acquire information and conduct secret operations. But how can such clandestine organizations be monitored and controlled by a democratic and open institution like the U.S. Congress? We will attempt to answer that question by studying congressional oversight of U.S. intelligence agencies from 1947 to the present. We will give consideration to CIA covert operations at specific times in Iran, Cuba, Vietnam, and Nicaragua among others; we will also give detailed consideration to U.S. covert operations in Afghanistan from 1979-1990, in central Asia and Iraq during the 1990s, and in Afghanistan after the 9/11 attacks. Finally, the course examines two major recent intelligence failures: (a) the failure to predict and prevent the 9/11 attack on the World Trade Center, and (b) the incorrect assessment of Iraq's access to weapons of mass destruction prior to the 2003 war. Each of these failures was the subject of two major investigations. The course will briefly consider the findings of these investigations and ask whether or not their concerns were fully addressed by the intelligence reorganization Congress enacted in December, 2004, and the appointment of the first National Intelligence Director in mid-2005. UCOL 1022 004 has a service charge of \$25.00.

UCOL 1022 COMICS 2 hrs.

Sec. 005 Provine J

Comics. This course will look at the medium of comics and how they can be used for humor, storytelling, and even social change. First, the class will look into the historical development of comics from Revolutionary era political cartoons to the newspaper strips of the early 1900s, to comic books and their heyday in the mid-twentieth century. The first project, a research paper, will be focused on looking in-depth at a particular historical cartoonist. From there, the class will begin an analysis of what comics are today in newspapers, in graphic novels, and as the new phenomenon of web comics. The second project will be a group research project and presentation about a contemporary cartoonist, studying especially how he/she goes about creating works. Then with an idea of how the process works, students will begin to create their own comics as devices for themes and storytelling, providing a firsthand look at what it takes to generate knowledge, meet deadlines, and combine creativity and structure for productivity. UCOL 1022 005 has a service charge of \$25.00.

UCOL 1022 ABNORMAL PSYCHOLOG' 2 hrs.

Sec. 006 Adamo D

Abnormal Psychology in Film. From Psycho to Fight Club, the fascinating aspects of abnormal psychology have been a popular topic of exciting, funny, and frightening Hollywood movies for decades. How are these movies beneficial for learning about abnormal psychology? How might they be harmful? Learn about abnormal psychology while exploring and analyzing how Hollywood movies have depicted the field and those who are affected by these disorders. Assignments will include viewing and critically analyzing films which feature characters affected by abnormal psychological disorders, as well as creating an on-screen character of your own. UCOL 1022 006 has a service charge of \$25.00.

UCOL 1022 POLITICS IN FILM 2 hrs.

Sec. 007 Ellis M

American Politics through the Director's Lens. This course will review the powerful influence of movies and television on American politics. While most people view these as simply forms of entertainment, the study of films and television shows can deepen our understanding of politics and culture in the United States. We will consider political ambition, electoral politics, the nature of political leadership, and the role of the media in America to deepen our understanding of the political process and political culture in this nation. UCOL 1022 007 has a service charge of \$25.00.

UCOL 1022 FOOD FOR THOUGHT 2 hrs.

Sec. 008 Cesar D

Food for Thought. Oklahoma is one of the hungriest states in the nation. As fuel prices rise, so does the cost of planting, harvesting and transporting food. You can help solve the climate and energy crisis while affecting child hunger in Oklahoma. In this service-learning course, students will be introduced to a variety of professions while cultivating community gardens or edible schoolyards. Students will explore the cultural, historical, political, economic and scientific aspects of food while providing rich, sensorial, hands-on experiences to schoolchildren. Through the class we will think about majors and career opportunities while practicing earth stewardship, good nutrition and self-sufficiency in local food production. UCOL 1022 008 has a service charge of \$25.00.

UCOL 1022 FRESHMAN-15 2 hrs.

Sec. 009 Mann Y

Freshman-15: Weighty Issues of Self-esteem & Body Image. This foundation course will explore body image, a hot topic for both men and women in college. We will use an interdisciplinary approach to look at different cultural experiences relating to body image. We will address questions such as: 1. Why is there so much focus on body image in our society? 2. Where does the notion of an ideal body come from? 3. How does the ideal image of a female's body differ among cultures? 4. How does this compare to the ideal image of a man's body? 5. Who controls the images that we see? 6. What does self-esteem mean for females from different racial/ethnic groups in different social settings? 7. What defines beauty? 8. Is there any relationship between beauty and popularity, or beauty and self-esteem? To answer these questions, the class will use media, cultural traditions, and fashion trends. Through guest lectures/speakers, film, music, and homework assignments that include reading responses and small groups, we will focus on various ways females deal with these external pressures, which can lead to plastic surgery, eating disorders, and damaged self esteem. Our class meetings will be devoted to discussions of the reading that we do together and of the films that we will watch. UCOL 1022 009 has a service charge of \$25.00.
