Travel on this 11-day journey of a lifetime through the wildlife frontiers of Tanzania, Africa’s premier safari destination where, in one of Earth’s greatest natural dramas, the Great Migration, vast herds of elephant, wildebeest, zebra, gazelle and Cape buffalo roam the savannas, shadowed by magnificent lion, cheetah and leopard. Rivaling the grandeur of Tanzania’s wildlife is the panoramic sweep of its scenery. In the north, the snow-crowned summit of Kilimanjaro, Africa’s loftiest peak, towers majestically above the plains. From Lake Manyara, the expansive grasslands of the Serengeti, a UNESCO World Heritage site, offer unrestricted vistas in every direction, broken only by the occasional rocky outcropping. And, in the Ngorongoro Crater, savannas, forests and wetlands are enclosed by the sheer 2,000-foot-high walls of the ancient caldera. Witness Africa’s animal kingdom awakening on a dawn game drive, enjoy a second game drive in the late afternoon and, as the day gives way to night, watch the radiant glow of an African sunset. An exclusive four-night Zanzibar Post-Program Option is offered to this legendary isle, historic center of the spice trade.

**HIGHLIGHTS**

† Experience the stunning beauty and magnificent wildlife of Tanzania during this customized itinerary specially designed to coincide with the Great Migration, one of nature’s greatest spectacles, and hear about Africa’s unrivaled wildlife during a series of expert-led game drives, which are limited in size to ensure better game viewing.

† Enjoy exceptional accommodations in the finest game lodges, which combine traditional African design and hospitality with ideal locations, providing access to the magnificent wildlife of the African Bush from the moment you step out of your door.

† Spend three nights in the Serengeti, where expansive grasslands, broken by the occasional rocky outcropping, offer unrestricted vistas of the grandeur of the East African Plain in every direction.
and three nights on the rim of Ngorongoro Crater, a vast collapsed volcano that contains a
dazzling array of game animals and habitats.
♦ Attend a special lecture presented by the curator of Olduvai Gorge, where the Leakey family has
explored the origins of mankind, followed by a fascinating tour of the excavation sites.
♦ Meet the young people of Tanzania during a specially arranged visit to a local school.
