to LLMCREYNOLDS@OU.EDU
or call 325-6372

Please join us for coffee and an enlightening discussion with one of the nation’s leading election experts. James E. Campbell, a distinguished professor and chair of the political science department at the University of Buffalo, is also chair of the American Political Science Association’s Political Forecasting Group (for more information, please see http://politicalsciencenow.com/forecasting.)

In a public lecture at 7:00 p.m. in room 1140 of Gaylord Hall, 395 W. Lindsey Street, Professor Campbell will shed some light on the various predictions about how the 2012 presidential election would turn out, and he will also talk about the effects of the presidential campaigns on the outcome of the election.

In our coffee klatch, Professor Campbell will be answering questions about these and other topics of interest. You are welcome to bring a friend to this event.
