Emergency Preparedness and Lab Safety Meeting

Friday
August 23, 2019
4:00 PM

National Weather Center
David L. Boren Auditorium
Room 1313

Everyone is required to attend the meeting!
Refreshments will be served outside the auditorium prior to the meeting

This meeting will cover topics including Fire Safety and proper laboratory safety procedures.

Hands-on fire extinguisher training will immediately follow the meeting.

Fire extinguisher training is required for all new department personnel.
A Sign-up sheet for the hands-on fire extinguisher training is located in the mailroom.
Please sign up by noon (12 pm) Wednesday, August 21st

Due to the heightened security at the National Weather Center, identification must be displayed at all times when in the building. You are allowed to display your Sooner ID for this identification requirement. Make sure to use a clear name badge to wear your Sooner ID. Anyone not displaying identification on his/her person must check in at the table near the front door to obtain a nametag.
