Quick Reference Guide: Foreign Transaction Fee

A Foreign Transaction Fee is classified as an additional fee charged to credit cards for transactions made in foreign countries. This fee is usually 1% of the original transaction cost. Please use this guide to appropriately expense Foreign Transaction Fees. Note that Foreign Transaction Fees are only allowable on International reports.

Accessing Concur
1. Go to Travel.ou.edu and login with your 4x4.
2. Click Expense from the main menu and either select + Create New Report or access an open report by clicking on the report name.

Travel Card Charges
1. To expense a Travel Card charge, select Import Expenses and the available card charges will appear on the right side of the screen.
2. Click the box to the left of the transaction and click Move to pull the charge over to the expense report or click on the charge and drag it to the expense report on the left side of the screen.
3. If the transaction does not default to the correct expense type, use the drop-down menu under Expense Type to select Foreign Transaction Fee.
4. Ensure that the Traveler Type, Trip Type, Report/Trip Purpose and Event Name/Nature of Business fields all fill down appropriately from the report header as these are required entries.
5. Additional information may also be entered in the available fields.

9. Change the Payment Type to Cash/Out of Pocket. Please note that Pending Card Transactions should not be expensed until the transaction has posted. Please see the above section on Travel Card Charges for more information.

10. Enter the amount in the Amount field. Note that the amount will default to US Dollars (USD). Do not enter in commas or dollar signs in this field.

Receipts

11. Charges for Foreign Transaction Fees in excess of $25.00 will require a receipt. However, since Foreign Transaction Fees are assessed by credit card associations (Visa, MasterCard, etc.) there is no receipt that could be provided by the vendor to show the additional fee.

12. To satisfy the receipt requirement for a Foreign Transaction Fee either attach the receipt from the original Travel Card charge or, for a Cash/Out of Pocket expense, attach documentation showing the amount charged from a bank statement or currency conversion calculator.

13. Add the receipt by selecting Attach Receipt.

14. A pop-up box will appear and you can click Browse to locate the receipt saved on a local device or, if the receipt image was uploaded previously, the receipt will be available in Available Receipts. Locate the correct receipt and select Attach.

15. Once the receipt requirement has been added, the icon will show a blue check box indicating that the receipt requirement has been met.

16. Click Save.

Additional Information

17. Note that charges for Actual Meal Costs that incur a Foreign Transaction Fee should be coded as the appropriate type of Actual Meal Cost, not a Foreign Transaction Fee, to ensure correct reimbursement calculation.
