FINE ARTS ORIENTATION

Undergraduate fine arts students are required to complete an online orientation session after they have earned 24 hours and are in their first semester in the Weitzenhoffer Family College of Fine Arts. The session covers college policies and procedures, the advisement and enrollment process within the college, and graduation issues. During the online orientation, students will learn how to access the College of Fine Arts Policies and Procedures Guide on the College of Fine Arts website. Instructions for completing the online new student orientation are sent to students via OU email.

ADVISING PROCESS

Students who have earned grades in fewer than 24 credit hours:
- must contact University College for advisement: http://iadvise.ou.edu
- members of the OU Scholars Program must schedule an advising appointment with their OU Scholars Office advisor: http://iadvise.ou.edu

Students that have earned 24 credit hours, or more, will follow the steps outlined below.

1) Advisement:

Students in the Weitzenhoffer Family College of Fine Arts are required to meet with a faculty adviser each semester on the school designated Advising Day(s). These days are announced in class and are posted in the various buildings. In addition, the information is emailed to each student’s OU email address in the monthly college eNewsletter, Artifacts, and in an individual message.

Currently enrolled students should proceed to their assigned faculty adviser for advisement.

Newly admitted students declaring a major in the Schools of Art and Art History, Dance, Drama, Music and Musical Theatre must audition or submit a portfolio and be accepted into a specific degree plan prior to advisement and enrollment.

2) At the Advising Session:

- Students must come prepared with a proposed schedule and a degree plan for graduation to discuss with their faculty adviser.
- The faculty adviser will complete an advising form with a preferred list of classes for enrollment and additional alternative classes in case of schedule conflicts or closures.
- The faculty adviser, or the School office, must enter “overrides” (special permissions) in oZONE for enrollment in permission only major courses.
- The faculty adviser will give the student a white and a yellow copy of the advisement form.
- Although college and faculty advisers are available to help students plan their programs of study, the individual student has a responsibility to know the degree requirements for their declared major and the college policies which impact their degree and graduation as listed in the university catalog.

3) Enrollment:

- After being advised, the student must take the yellow copy of the advisement form to the Fine Arts Dean’s Office.

  The Dean’s Office receptionist will keep the yellow copy and remove the student’s electronic advising flag in oZONE, provided the student does not have a “college stop” on their enrollment. Students with a college stop will receive further instructions. Students may have other types of registration holds/stops that will keep them from being able to enroll (Bursar, Admissions, Student Affairs, Student Conduct, Legal Counsel, Registrar, etc.). The student must contact the appropriate office and resolve those issues before enrollment can take place.

- Although students cannot enroll through the http://classnav.ou.edu website, some find it more user friendly when searching for classes, especially general education approved courses.

- Students may then proceed to enroll for the semester through the online enrollment system at http://ozone.ou.edu. Instructions for enrolling online are available on the website. Use the “Attribution Type” tool to find General Education course options.
COMMON ENROLLMENT ISSUES

Time Conflict
If there is a time conflict between two classes and one of the instructors agrees to allow the student to arrive a few minutes late, or to leave a few minutes early, the instructors will need to sign a “Course Time Conflict” form (available in the Fine Arts Dean’s Office or on the Fine Arts website) and an “Add Form”. The student must take the forms to the Office of Enrollment Services (Buchanan Hall, Rm. 230) and they will enroll the student in the conflicting course. Please note that only the Enrollment Services Office staff can enroll students in time conflicting courses.

Enrollment Error Message
If you see an error message while you are enrolling online, please contact the Fine Arts Dean’s Office, 405-325-7370. They will need to know the exact wording of the error message.

If a student wishes to enroll in more than the Normal Max number of hours allowed, then they must complete a Petition for Enrollment Overload. To qualify for overload permission a student must have a minimum of 3.00 OU and Combined Retention GPAs. Enrollment Overload Petitions are available in the Fine Arts Dean’s Office or on the Fine Arts website.

Advising Stop and College Stop
All students will have an Advising Stop until the yellow copy of their Advisement Form has been turned in to the Fine Arts Dean’s Office. A College Stop occurs if a student has a math deficiency or is on probation. Contact the Fine Arts Dean’s Office (405-325-7370) if you have questions regarding stops on your enrollment.

Adding a Class
Students may add a class during the first week of classes for Fall and Spring without instructor approval. Add the class online through oZONE.

Students may add a class during the second week of classes for the Fall and Spring semester with approval of instructors and an override permission.

Third through last week of Fall and Spring semesters: a petition and late add form, signed by the instructor, must be approved by the Dean’s office.

Dropping a Class
Students may drop a class without additional charges or grading penalties through the end of the second week of classes in the Fall or Spring session. Courses may be dropped through oZONE during this time period.

Third through tenth week of Fall and Spring session: Students may drop courses during this time with an automatic grade of “W” on your transcript. Go to the Enrollment Services office (Buchanan Hall 230) to drop a class.

Eleventh week through end of classes in Fall and Spring: Students must petition the Dean’s office for permission to drop a class and have the instructor sign a drop slip indicating a grade of W or F. The “University Petition to Drop After the Deadline” is available in the Fine Arts Dean’s Office or on the Fine Arts website. The Drop Form is also available in the Fine Arts Dean’s Office.

Limits students to five (5) drops with the grade of W during the student’s undergraduate career at OU.

- Dropping a class with a W prior to fall 2011 does not count against the student’s five-drop limit.
- Any Ws on a transcript from other institutions do not count against the limit.
- When a student has reached the five-drop limit, s/he will not be allowed to drop any courses after the two-week “free drop” period.
- After the five-drop limit has been reached, a student may petition for an exception to policy based on documented extreme and extenuating circumstances.

**Math Facts**

**College of Fine Arts Math Policy:**

The Weitzenhoffer Family College of Fine Arts requires that all declared fine arts students complete their college level math course **within the first four semesters of enrollment at OU**. Transfer students or newly declared fine arts majors who have not completed their college level math requirement will have two semesters in which to complete the requirement. Students who fail to meet this requirement will be restricted from upper division fine arts courses except by permission of their Director and the Dean.

**Math Deficient from High School:**

Students who are math deficient from high school must by State Regents policy be enrolled in a remedial math course every semester until the deficiency has been remediated. Successful completion of DMAT 0123 will remove the deficiency. The student must still complete a college level math course after DMAT 0123.

**Advisement:**

If a student has not taken the math placement exam, “Math-determined by placement exam” should be listed on the advisement form.

**Math Placement Exam:**

In order to enroll in math at OU, **students must first take the ALEKS math placement.** The exam determines what level of math the student remembers from high school and places them accordingly. It will test them over material from basic math skills to calculus. **The Assessment Center will give the student enrollment overrides for the highest level of math the student can place into**, and everything below it. This does not mean that the student must take Math 1523, Elementary Functions, or 1823, Calculus, if that is where they place. They may take the basic college math options if they so choose.

- The exam is not timed.
- Students may take the exam three times; only the first attempt is unproctored.
- Placement scores are valid for one calendar year.
- Most fine arts students take one of the following courses:
  - MATH 1473-Math for Critical Thinking
  - COMM 2513-Introduction to Statistics
  - PHIL 1113-Introduction to Logic
  - PSY 2003-Understanding Statistics

**Assessment Center:** Wagner Hall, 270; 325-4336
**Flat Rate Tuition**

“In an effort to save students money throughout their OU career, a flat rate program for full-time undergraduates was implemented in fall 2013. The rate is based on OU’s current 15-credit hour rate of tuition and hourly mandatory fees. Students registered in fewer than 12 hours will continue to pay on a per credit hour basis.”

For more details and FAQs visit [www.ou.edu/bursar/flat-rate-tuition.html](http://www.ou.edu/bursar/flat-rate-tuition.html) (Retrieved 7/6/15)

**Correspondence Course Policy**

Undergraduate Weitzenhoffer Family College of Fine Arts students within their last 30 hours are prohibited from enrolling in correspondence courses to satisfy degree requirements for their respective degrees.

Note: Students may petition their School for a waiver with regard to this policy. The waiver must be approved by both the Director and the Dean’s Office.

**Residency Policy**

Residency is defined as coursework taken through any University of Oklahoma campus, excluding correspondence courses.

- Candidates for an undergraduate degree **must complete a minimum of 30 hours in residence at the University of Oklahoma and in the Weitzenhoffer Family College of Fine Arts**.
- At least 24 hours of upper division **major** credit applied toward the degree must be earned in residence as a declared Dance, Drama, Music (15 hours for BA in Music), Musical Theatre, or Art History major.
- A minimum of 30 hours of upper division **major** credit applied toward the degree must be earned in residence as a declared Art studio major.
- A student must be listed as a Weitzenhoffer Family College of Fine Arts student at the time of graduation.
- Capstone courses must be taken in residence.

**Repeat Policy**

“Policy set forth by the Oklahoma State Regents for Higher Education that allows for the exclusion from the retention GPA of hours of repeated courses in which the original grade was a D or F up to a maximum of four courses, not to exceed 18 hours.”

OU General Catalog, Glossary of Terms & Abbreviations, retrieved 8/2/2013 from [http://catalog.ou.edu](http://catalog.ou.edu).

“Only the second grade will be included in the calculation of the retention/graduation grade point average. The original grade will still appear on the student’s permanent record, but will not be calculated into the student’s retention/graduation grade point average or total hours earned.”

To file for Repeat Policy visit with one of the Academic Counselors in the Dean’s Office, FJC 122.
