Fine Arts Math Policy

The College of Fine Arts requires that all declared fine arts students complete their college level math course within the first four semesters of enrollment at OU. Transfer students or newly declared fine arts majors will have two semesters in which to complete the requirement. Students who fail to meet this requirement will be restricted from upper division fine arts courses except by permission of their Director and the Dean.

To enroll in a math course at OU, you must first complete the ALEKS Assessment. Details about the assessment can be found here. If you have questions about which math course you can enroll in, contact Monica Roca in the Dean’s Office (mroca@ou.edu).
