STATEMENT OF JUROR

I was greatly pleased with the versatility of Oklahoma's high school artists. While having viewed school art work for many years, I had never served as juror proper for such an exhibition. I was immediately struck by the close parallel to adult shows in terms of quality, presentation and the ever present range from excellent to mediocre.

More important than the individual efforts in this exhibition is the happy conclusion: excellent teachers bring forth excellent students. Both are present in this display.
