Subcommittee Reports

Dr. Ben Holt submitted the following report of the Academic Program Review Committee meeting:

• April was a very busy month for the APR committees. After considering unit self-study reports, external reviewer reports, and meetings with unit leadership, most of the APR internal
reviews have been drafted or finalized. This includes the reviews of Business, Drama, Journalism, Musical Theater, and Visual Arts. Over the next few weeks, the Provost and APR committee will individually meet with each unit to share these reports, with an emphasis on unit strengths as well challenges and opportunities. The identification of challenges/opportunities for each unit under review is meant to proactively assist them in their forward planning. However, it is clear from the external reviews that these units are performing at a high level, given numerous financial restraints. A consistent feature across all units has been the impressive dedication of faculty members toward the university, their academic units, and especially, students during these difficult financial times.

Dr. David P. Moxley provided the following information about the Faculty Senate Meeting on April 10, 2017:

- Staff Awards ceremony on April 25, 2017 in the Molly Shi Boren Ballroom.
- Approval of nominations to Senate committees for end-of-year vacancies.

- Nominations for the new faculty senate committee involving faculty diversity, equity, and inclusion. The charge is as follows:

This committee is responsible to the Faculty Senate for reviewing and recommending university policy and practice on issues related to faculty diversity, equity, and inclusion. In carrying out this responsibility, the Committee shall:

1. Investigate, discover, and promote best practices for faculty recruiting and retention.
2. Gather and review information on the allocation of university resources (awards, research grants, prizes, etc.) and advancements (tenure, promotion, named professorships, etc.) relative to metrics of diversity, equity, and inclusion.
3. Suggest to the Senate appropriate proposals, strategies, and forums for advancing the goals of the committee.
4. Work with the Office of University Community to set priorities, advance policy, and follow up on the progress of proposed initiatives.
5. Report at least yearly to the Senate and, upon approval, the President and the Provost.

Operating Procedures: The Committee shall formulate its own operating procedures, which shall include:

1. The election of a chair from among the faculty members of the Committee.
2. Provision for a sub-committee of the Committee to which non-members of the Committee may be appointed by the Faculty Senate, if the Senate deems such additions appropriate.
3. Provision for liaison with all appropriate councils and committees.

The committee will have seven members elected by the Faculty Senate who serve three-year staggered terms. The Senate is soliciting initial members for this committee.

The Graduate College needs 64 codes (2 for each of its programs).
- Other Business: Yes, the Graduate Council meets over the summer.
- New Business:

By the time of graduation, there is an average of 4.65 publications per student.
