Dear New Sooner,

Congratulations on becoming a member of the Sooner Family! During the next few years, I hope you will take advantage of all the OU community has to offer.

As you begin your first year of college, you will be faced with many first-time experiences. You will be living away from your parents, eating when and what you want, setting up your own study and class schedules and joining various clubs and organizations. The Division of Student Affairs is here to help you with many of these choices. We work to ensure that every student has access to services and support needed to graduate from a top-ranked university.

Seventy percent of your learning at college takes place outside the classroom. OU offers many opportunities for you to become involved on campus. Whether you participate in one of our many cultural organizations, intramurals or one of more than 350 registered student organizations, you will find a perfect match for your interests.

I encourage you to take the time to enjoy our beautiful campus, the faculty, staff, other students and the rich experiences that our campus has to offer. Take a moment to walk around campus during your free time and talk with other students. You will find that the University of Oklahoma has a wealth of opportunities available to you and I am sure you will make the most of them through your graduation.

Welcome to the University of Oklahoma and your first days as a Sooner!

Boomer Sooner,

Clarke A. Stroud  
University Vice President for Student Affairs  
and Dean of Students
The Division of Student Affairs at the University of Oklahoma:
