The University of Oklahoma Mewbourne School of Petroleum & Geological Engineering (MPGE) is one of the leading petroleum engineering schools in the US. Applications and nominations are sought to fill Assistant to Associate Professor of petroleum engineering position. The position is tenure track. A candidate may be hired as tenured depending on qualifications and experience. Expertise or specialization is preferred in the areas of production engineering or drilling and completions in the petroleum discipline. Current research activities in MPGE include reservoir characterization and management, petrophysics, organic rich shale, chemical flooding, geomechanics, acid fracturing, data assimilation, uncertainty estimation, drilling fluids, formation damage, coiled tubing, and stimulation and completion. The school has state-of-the-art teaching and research lab facilities including:

- Interactive Drilling and Well Control Simulator
- Drilling and Completion Fluids Lab
- Drilling Research Lab
- Chemical Flooding Lab
- Poromechanics Lab
- Reservoir Rock Properties Lab
- Reservoir Fluid Mechanics Lab
- Nano Imaging Lab
- Petrophysics Lab
- Well Construction Technology Center
- Computer labs with major engineering commercial software

The school offers BS, MS and PhD degrees in Petroleum Engineering, MS and PhD in Geological Engineering, and MS in Natural Gas Engineering and Management. There are currently seventeen full time faculty members, two part time faculty, three adjunct, one instructor and a student enrollment of 1000 undergraduate and 100 graduate students. The school maintains an excellent relationship with industry and has very strong support from its Alumni. Applicants must have an earned doctorate in Petroleum Engineering or a related field. Duties include teaching undergraduate and graduate courses, having an active research program, advising and mentoring students, and participating in both University and professional service activities.

Qualified applicants are requested to submit cover letter, resume, references, and sample publications to: Faculty Search, MPGE University of Oklahoma, 100 East Boyd Street, SEC 1210, Norman, OK 73019, or email sdgrant@ou.edu.

Initial screening begins September 1, 2014 and continues until position is filled. The University of Oklahoma is an Equal Opportunity/Affirmative Action employer. Women, minorities, protected veterans and individuals are encouraged to apply.
