The Mewbourne School of Petroleum & Geological Engineering at the University of Oklahoma is in an ambitious, multi-year period of growth and renewal. As part of this expansion, applications are being sought to fill an Assistant to Associate Professor tenure track faculty position. We are seeking individuals with a proven strong research program in the area of petroleum engineering. MPGE is one of the leading petroleum engineering programs in the U.S. with current research activities that include reservoir characterization and management, petrophysics, unconventional reservoir, chemical flooding, geomechanics, data assimilation, uncertainty estimation, drilling fluids, formation damage, coiled tubing and stimulation and completion. The school has state-of-the-art teaching and research lab facilities.

MPGE offers BS, MS and PhD degrees in petroleum engineering, MS and PhD in geological engineering and an MS in natural gas engineering and management. There are, currently, seventeen full-time faculty, two part-time and three adjunct with a student enrollment of 650 undergraduate and 120 graduate students. The school maintains an excellent relationship with the industry and has very strong support from its alumni.

The successful applicant must have earned a doctorate in petroleum engineering or a related field, industry experience, a record of scientific and professional experiences in the field, a demonstrated ability to carry out vigorous personal programs of research, demonstrated success in securing external research support and teaching experience or the potential to become a successful teacher. Duties include teaching undergraduate and graduate courses, advising and mentoring students, conducting an active research program and participating in both university and professional service activities.

Qualified applicants are requested to submit a cover letter, resume, references and sample publications through this link: apply.interfolio.com/43800. Initial screening begins September 1, 2017 and continues until the positions are filled. For additional questions, contact Sonya Grant at sdgrant@ou.edu.

The University of Oklahoma (OU) is a Carnegie-R1 comprehensive public research university known for excellence in teaching, research, and community engagement, serving the educational, cultural, economic and health-care needs of the state, region, and nation from three campuses: Norman, Health Sciences Center in Oklahoma City and the Schusterman Center in Tulsa. OU enrolls over 30,000 students and has more than 2700 full-time faculty members in 21 colleges. In 2014, OU became the first public institution ever to rank #1 nationally in the recruitment of National Merit Scholars, with 311 scholars. The 277-acre Research Campus in Norman was named the No.1 research campus in the nation by the Association of Research Parks in 2013. Norman is a culturally rich and vibrant town located just outside Oklahoma City. With outstanding schools, amenities and a low cost of living, Norman is a perennial contender on the “Best Places to Live” rankings. Visit soonerway.ou.edu for more information.

The University of Oklahoma is an Equal Opportunity/Affirmative Action employer. Women, minorities, protected veterans and individuals with disabilities are encouraged to apply.
