**Course Objectives:**

Students will develop a greater understanding of the European perspective towards international affairs, defense and security issues – and how this differs from the American perspective.

Despite having been devastated by the greatest conflict in the history of mankind, the Second World War, Europe has accomplished an impressive recovery over the past 60 years. Indeed, much of the world’s focus has remained on Europe since the end of the Cold War as it continues to solidify politically through the European Parliament, economically via the European Union (EU) and militarily with the North Atlantic Treaty Organization (NATO). America must now balance its international and economic policies with this enlarging European entity – a new dynamic with implications for global security.

**Course of Study:**

The course will follow a series of 10 lectures with associated readings. Audio lectures (30-45 min approx. length) and lecture slides will be available for download from the D2L course webpage. These lectures are entitled:

1. History of Europe Since World War 2;
2. Understanding the EU;
3. Understanding NATO;
4. European Security Issues;
5. European Foreign and Security Policy;
6. EU and NATO Enlargement;
7. Europe and the Former Yugoslavia; and
8. Europe and 9/11 to Date.

Students are responsible for meeting the guidelines of Tuition Assistance and Veterans Assistance. See the education counselor at your local education center for a complete description of your TA or VA requirements.

Academic Integrity and Student Conduct

Academic integrity means honesty and responsibility in scholarship. Academic assignments exist to help students learn; grades exist to show how fully this goal is attained. Therefore all work and all grades should result from the student's own understanding and effort.

Academic misconduct is any act which improperly affects the evaluation of a student’s academic performance or achievement. Misconduct occurs when the student either knows or reasonably should know that the act constitutes misconduct. Academic misconduct includes: cheating and using unauthorized materials on examinations and other assignments; improper collaboration, submitting the same assignment for different classes (self-plagiarism); fabrication, forgery, alteration of documents, lying, etc… in order to obtain an academic advantage; assisting others in academic misconduct; attempting to commit academic misconduct; destruction of property, hacking, etc…; intimidation and interference with integrity process; and plagiarism. All students should review the Student’s Guide to Academic Integrity at http://integrity.ou.edu/students_guide.html

Students and faculty each have responsibility for maintaining an appropriate learning environment. All students should review policies regarding student conduct at http://studentconduct.ou.edu/
