The lecture material and discussions are central to your learning. If you miss any time in class you will be responsible for completing a make-up assignment reflecting on the assigned readings for the missed class session. More than 6 hours of absence for the entire course will result in a reduction of your overall grade by 10 percent. If you miss more than 3 sessions you will be asked to drop the course or alternatively receive a failing grade. You are responsible for all course information presented and/or materials passed out regardless of an absence. Be sure to contact a few students for updates.

To be counted as receiving full attendance points you MUST be actively engaged in the happenings of the course, participating in activities and dialogues. There are no exceptions. You will also be actively working in groups with your peers.
Inclement weather:
If the university is closed for an extended period due to inclement weather, I will communicate with students about alternate arrangements. If all classes for an entire weekend are cancelled, I may decide to postpone the assignments. However, unless you are notified otherwise, please assume that assignments will be due as scheduled even if the university is closed.

Class Distractions:
Electronic devices that distract the class by beeping, ringing, or prompting a student to leave the classroom must be off during class time. Other contacts can be made during the regular class break times. Students who do not adhere to this rule during class will be asked to leave and incur an absence upon a second warning. Refrain from non-class related activity - Reading during lecture or class activities, working on non-class material, texting, holding side conversations, sleeping (either sitting up or head down), and/or excessive doodling are examples of unaccepted classroom behavior.

It is expected that you attend all classes and be on time except for excused emergencies.

Excused absences are given for professor mandated activities or legally required activities such as emergencies or military assignments. It is the policy of the University to excuse absences of students that result from religious observances and to provide without penalty for the rescheduling of examinations and additional required class work that may fall on religious holidays. Unavoidable personal emergencies, including (but not limited to) serious illness; delays in getting to class because of accidents, etc.; deaths and funerals, and hazardous road conditions will be excused.

Students are responsible for meeting the guidelines of Tuition Assistance and Veterans Assistance. See the education counselor at your local education center for a complete description of your TA or VA requirements.

Academic Integrity and Student Conduct

Academic integrity means honesty and responsibility in scholarship. Academic assignments exist to help students learn; grades exist to show how fully this goal is attained. Therefore all work and all grades should result from the student's own understanding and effort.

Academic misconduct is any act which improperly affects the evaluation of a student’s academic performance or achievement. Misconduct occurs when the student either knows or reasonably should know that the act constitutes misconduct. Academic misconduct includes: cheating and using unauthorized materials on examinations and other assignments; improper collaboration, submitting the same assignment for different classes (self-plagiarism); fabrication, forgery, alteration of documents, lying, etc…in order to obtain an academic advantage; assisting others in academic misconduct; attempting to commit academic misconduct; destruction of property, hacking, etc…; intimidation and interference with integrity process; and plagiarism. All students should review the Student’s Guide to Academic Integrity at http://integrity.ou.edu/students_guide.html
