Course Title:
Strategies for Post-Deployment Reintegration

Course Number:
HR 5970-426

Course Description:
Military members and their families face multiple challenges after deployment including reestablishing intimacy with spouses, children, friends, and colleagues; coping with the stress of deployment; and readjusting into post-deployment routines and work life. Service men and women have changed during their deployment, as have friends and family at home. Many military families experience post-deployment let downs and struggles including substance use and abuse, depression, anxiety, PTSD, communication difficulties, among others. This Special Topic Directed Reading examines the literature related to relationships, work, and life post-deployment and explores potential solutions and strategies for maintaining intimacy and connection during and after deployment and for readjusting to life, work, and relationships post-deployment.

Course Objectives:
1. To increase knowledge about the major issues related to deployment and reintegration.
2. To develop knowledge and skills about strategies for assisting military personnel and their families with deployment issues.

Assignments, Grading, and Due Dates:
Note on plagiarism: Be aware that all your papers when put in the Dropbox are automatically submitted to turnitin.com, a plagiarism database that scans your paper and adds it to the database to be used for future searches. The scan gives a percentage for how much of a paper is found in other sources and gives links to those other sources as evidence. Please cite and paraphrase your material appropriately (see APA Publication Manual (6th ed.) and Writing Resources on D2L webpage).

Discussion:
Please post at least three discussion entries in the discussion section of D2L—one for each book. Also, respond to at least 3 other posts. Share whatever you like but do not merely summarize the readings. Share your reactions, thoughts, feelings, ideas for application, case examples, etc. related to the readings. I will also post occasional topics for discussion.

Final Paper:
This will be a double-spaced, APA-style, Microsoft Word paper in which you will integrate all the reading for this course. This paper will consist of two parts.

In Part 1 (8-10 pages), you will write a critical review of the three books. Discuss and critique at least 5 ideas (or chapters) from each book for this course. Give a brief summary of the book (one paragraph at the most, though a summary is not necessary) followed by your discussion/critique. How did the book/idea change and inform your views of deployment and reintegration? What moved you or affected
you the most? What points did you disagree with and why? How will these books (or ideas) influence your own or other’s reintegration? What did you learn about deployment and reintegration?

In Part 2, (8-10 pages) develop a program proposal for assisting military personnel and families with surviving deployment and reintegration, maintaining connections throughout the deployment process, and addressing common post-deployment difficulties. In short, write a “best practices” for working with military personnel and their families when they return home from deployment.

Grading:
This course is graded Satisfactory or Unsatisfactory (S/U). A grade of S is equivalent to B or better.

Notice: Failure to meet assignment due dates could result in a grade of I (Incomplete) and may adversely impact Tuition Assistance and/or Financial Aid.

Incomplete Grade Policy:
A grade of “I” is not automatically assigned, but rather must be requested by the student by submitting to the instructor a “Petition for and Work to Remove an Incompleted Grade” form. An “I” can never be used in lieu of an “F” nor can an “I” be assigned because of excessive failure to participate in class activities.

Technical Support Information:
If you experience technical problems, contact Information Technology by visiting their website at: http://webapps.ou.edu/it/ or contacting them by telephone at: (405) 325-HELP (4357).

Academic Integrity and Student Conduct

Academic integrity means honesty and responsibility in scholarship. Academic assignments exist to help students learn; grades exist to show how fully this goal is attained. Therefore all work and all grades should result from the student's own understanding and effort.

Academic misconduct is any act which improperly affects the evaluation of a student’s academic performance or achievement. Misconduct occurs when the student either knows or reasonably should know that the act constitutes misconduct. Academic misconduct includes: cheating and using unauthorized materials on examinations and other assignments; improper collaboration, submitting the same assignment for different classes (self-plagiarism); fabrication, forgery, alteration of documents, lying, etc… in order to obtain an academic advantage; assisting others in academic misconduct; attempting to commit academic misconduct; destruction of property, hacking, etc…; intimidation and interference with integrity process; and plagiarism. All students should review the Student’s Guide to Academic Integrity at http://integrity.ou.edu/students_guide.html

Students and faculty each have responsibility for maintaining an appropriate learning environment. All students should review policies regarding student conduct at http://studentconduct.ou.edu/
