Course Title: Problems in International Relations: The Politics of the Global Financial Crisis

Course Number: PSC 5550-490

Course Description: The global financial crisis of 2008-9 and its aftermath continue to have dramatic consequences across governments and international organizations worldwide. Pursuit of other critical transnational objectives, such as a global agreement to combat climate change and the UN Millennium Development Goals to attack extreme poverty have been supplanted by the need to establish global financial stability. What were the causes of the financial crisis? What lessons can we extract from earlier episodes of global economic turmoil? Is there adequate global leadership to address the implications of the crisis at a time when the global distribution of power has shifted dramatically, marked by a retreat from US economic preeminence and the rise of several developing countries, including China and India? At the same time, does the turbulence of global finance and related capital flows and asset and commodity prices threaten the very emergence of some of these economies, such as Russia and Brazil?

Academic Integrity and Student Conduct

Academic integrity means honesty and responsibility in scholarship. Academic assignments exist to help students learn; grades exist to show how fully this goal is attained. Therefore all work and all grades should result from the student's own understanding and effort.

Academic misconduct is any act which improperly affects the evaluation of a student’s academic performance or achievement. Misconduct occurs when the student either knows or reasonably should know that the act constitutes misconduct. Academic misconduct includes: cheating and using unauthorized materials on examinations and other assignments; improper collaboration, submitting the same assignment for different classes (self-plagiarism); fabrication, forgery, alteration of documents, lying, etc…in order to obtain an academic advantage; assisting others in academic misconduct; attempting to commit academic misconduct; destruction of property, hacking, etc…; intimidation and interference with integrity process; and plagiarism. All students should review the Student’s Guide to Academic Integrity at http://integrity.ou.edu/students_guide.html

Students and faculty each have responsibility for maintaining an appropriate learning environment. All students should review policies regarding student conduct at http://studentconduct.ou.edu/
