The MIS division (http://www.ou.edu/content/price/mis.html) at the University of Oklahoma (OU) seeks applications to fill a Rank-Renewable Term Assistant Professor in MIS. Our strong MIS program builds on a history of excellence in research, teaching, and community outreach. We offer undergraduate, graduate, and doctoral programs in MIS, and are home to a thriving industry-academic partnership, the Center for MIS Studies. Through this center, we engage in advancing MIS curriculum, student scholarship, and research activities. We enjoy strong support from the business community and administration, and there is a vibrant sense of community within the division, college, and university. With new graduate programs, and expansion into executive and international programs, the incoming faculty will have significant opportunities for professional growth and recognition as a member of OU's Michael F. Price College of Business--named after one of its distinguished alumni in 1997--whose various programs are internationally renowned.

Applicants must have an earned PhD in MIS or a related discipline, or be at the ABD stage, with their dissertation to be defended by August 31, 2017. Desirable qualifications include an ability to teach graduate and undergraduate course in MIS, including Analytics, programming and other technical courses. Healthcare interest and experience a plus. Salary is open and competitive and will depend upon qualifications. This position is a 9-month, multi-year appointment. The number of years in the initial appointment depends on candidate qualifications, with subsequent renewal contingent on satisfactory annual performance. Renewable term faculty can be promoted, earn additional summer remuneration, and compete for university awards, as per Price College guidelines.

The University of Oklahoma is a Carnegie-R1 comprehensive public research university offering a wide variety of undergraduate, graduate, continuing education, and public service programs. OU became the first public institution ever to rank #1 nationally in the recruitment of National Merit Scholars. The collegial spirit in the university is matched with a beautiful flower-filled landscape in the 2000-acre Norman campus. The campus houses 12 colleges with approximately 800 faculty and 22,000 students, and in addition, eight medical and health-related colleges are located on the Health Sciences Center campuses in Oklahoma City and Tulsa.

Norman, Oklahoma is a culturally rich and vibrant city of approximately 100,000 people, located within 20 miles of Oklahoma City. A city with outstanding schools, amenities, and a low cost of living, Norman is a perennial contender on "best places to live."

If interested, please electronically submit your application materials (CV, teaching evaluations, sample research, and names of references) in PDF format to: misrecruiting@ou.edu.

The University of Oklahoma is an Equal Opportunity Employer. Protected veterans and individuals with disabilities are encouraged to apply.
