Five reasons why I should consider the **Energy Management** major

1. This major provides you with the skills to work and become a leader in all phases of the energy business.
   - Over 10% of EMGT graduates have become senior executives
   - Over 100 graduates have started their own companies
2. The uniqueness of the program is attributable to the cross campus collaboration incorporating class from four of OU’s strong energy-based college:
   - Price College of Business/Mewbourne College of Earth and Energy/College of Atmospheric and Geographic Science/College of Law
3. Internships are plentiful and a critical aspect of students success, applying real world experiences with the program curriculum.
4. Energy industry experts teach core classes.
5. Largest and longest running EM program in the world.
