Response Key

1. Instructor was well organized and made adequate preparation for class
2. Instructor related course material to real life situations and fostered development of your analysis and/or design abilities
3. In general, the instructor taught this course effectively
4. The lab exercises increased your interest in the course material/topics
5. This course increased your ability to use the techniques, skills, and modern engineering tools necessary for engineering practice
6. Instructor related course material to real life situations and fostered development of your analysis and/or design abilities
7. In general, the instructor taught this course effectively
8. The lab exercises increased your interest in the course material/topics
9. This course increased your ability to use the techniques, skills, and modern engineering tools necessary for engineering practice

Response Key

4. Instructor was well organized and made adequate preparation for class
6. Instructor related course material to real life situations and fostered development of your analysis and/or design abilities
7. In general, the instructor taught this course effectively
16. The lab exercises increased your interest in the course material/topics
33. This course increased your ability to use the techniques, skills, and modern engineering tools necessary for engineering practice

Response Key

4. Instructor was well organized and made adequate preparation for class
6. Instructor related course material to real life situations and fostered development of your analysis and/or design abilities
7. In general, the instructor taught this course effectively
16. The lab exercises increased your interest in the course material/topics
33. This course increased your ability to use the techniques, skills, and modern engineering tools necessary for engineering practice

1 = Strongly Disagree, 2 = Disagree, 3 = Neutral, 4 = Agree, 5 = Strongly Agree, 6 = Not Applicable

Response Key
4. Instructor was well organized and made adequate preparation for class
6. Instructor related course material to real life situations and fostered development of your analysis and/or design abilities
7. In general, the instructor taught this course effectively
16. The lab exercises increased your interest in the course material/topics
33. This course increased your ability to use the techniques, skills, and modern engineering tools necessary for engineering practice

1 = Strongly Disagree, 2 = Disagree, 3 = Neutral, 4 = Agree, 5 = Strongly Agree, 6 = Not Applicable
