The UNIVERSITY of OKLAHOMA.

COLLEGE PLANNING CHECKLIST
FOR HIGH SCHOOL STUDENTS PRE-SENIOR YEAR

1. VISIT. The best way to experience the Sooner tradition is to visit our beautiful campus. Tours are offered twice a day Monday through Friday and on some Saturday mornings. Schedule yours at tour.ou.edu. You should also take part in OU on-campus events (see upcoming events at ou.edu/go2/events), attend area college fairs and visit with college representatives when they visit your high school.

2. CONNECT WITH US. There are many ways you can discover more about OU and determine if it is the right fit for you. Visit go2.ou.edu often. Follow us on Twitter (@go2ou), like us on Facebook (facebook.com/uoklahoma) and entertain yourself with OU videos on YouTube (youtube.com/universityofoklahoma). Want to read about OU from the perspective of current students? Check out Boomer Blogs (ou.edu/go2/blogs). Also, we are here to answer questions and help you throughout your college search process. Let us make it easy for you—visit ou.edu/go2/rep to meet your OU rep.

3. JOIN OUR MAILING LIST. To make sure you are receiving information about OU and important deadlines, join our mailing list at ou.edu/go2/connect. If your information changes, let us know that, too.

4. FOCUS ON ACADEMICS. Share your goal of going to college with your high school counselor, who can determine a plan for the challenging courses you should take to help prepare. Having a plan will help you stay on track. Review OU’s high school coursework requirements at admissions.ou.edu.

5. PRACTICE WRITING. The ability to write well will be important to your success as a college student and in your career. Ask for feedback on your high school writing assignments and check out college essay questions so you are prepared when you are ready to submit your application. Learn more about OU’s application essay and short answer supplemental questions at ou.edu/go2/essay.

6. SIGN UP FOR THE ACT/SAT and list the University of Oklahoma as one of your colleges of choice. If you’ve already taken the ACT or SAT, make sure to send your scores to OU.

7. GET INVOLVED. When making admission decisions, we will review your test scores and GPA, as well as your passions and how you spend time outside of the classroom to determine if you are a good fit for OU. It is important that you find ways to develop your leadership skills. Also, don’t forget to keep track of what you are doing. This documentation will come in handy when applying for admission and scholarships.

8. THINK ABOUT YOUR CAREER GOALS. What do you want to do professionally? Visit ou.edu/go2/academics to see the 150+ majors that we offer. However, you do not have to declare a major when you apply for admission or when you enroll as an incoming freshman at OU. We have resources available on campus to help the more than 30% of incoming freshmen who have not yet identified what they want to study.

9. ASK FOR SUPPORT. Talk to family members, peers and mentors about your plans to attend college. Ask them for guidance and support. Talk with students who are already attending the institutions you’re considering about their experiences.

10. CONSIDER THE COSTS. It is never too early to think about paying for college. Talk with your family about a financial strategy. Financial aid is available in many forms. Scholarships and grants provide free money, meaning you won’t have to pay it back. Many students also work part time during high school and throughout college (jobs.ou.edu). If you still have a gap in funding, low-interest loans are available.
