Adviser Acknowledgement Form

Required for Combat Sports and Stunt/Gymnastic-Style Activity

Space utilization for direct combat sports and stunt/gymnastic-style exercises must be held exclusively under the appropriate academic supervision, the Athletic Department, or with a student organization with their full-time faculty or staff adviser present. The adviser must demonstrate qualifications related to the activity in order for the activity to be considered for approval. The use of Fitness and Recreation facilities is not to produce profit for businesses or individuals.

The organization’s adviser, the person who is able to sign requests for items such as Purchase Orders for the University, must be present during the group’s activities in the Sarkeys Fitness Center and must maintain up-to-date Release of Liability forms from all students and affiliates participating in the activity.

By signing below, I understand that I must be present as an adviser during the activities and that if I am not able to be present, the group may be dismissed from using the facility for their activity.

Student Organization: ________________________________
Adviser’s Printed Name: ________________________________
Adviser’s Signature: ___________________ Date: ________________
Campus Phone: ________________________________
Alternate Phone: ________________________________
Email: ________________________________
Campus Address: ________________________________
