  o Ann: Why do you want Facebook?
  o Silas: This is the best way for parents to stay involved. It’s also a cool way to connect the campers. Instagram can create little emotional bits and twitter can be for quick little bits of information.
  o Ann: So would you make a Facebook Event or a Facebook Page?
  o Silas: That’s a good question. The capabilities of Facebook are over my head. I think a page would be the best then have each year event on there.
  o Kylee: For the instagram… I know you said people unfollow cac after hslc are you worried they will unfollow the hslc account afterward?
Silas: No. I think this will allow people to connect. We can post throwback photos and leadership things to keep people invested. Then they’ll be able to spread the word. Instagram is the best way to connect with high schoolers. We could talk about all types of leaders including OU leaders.
