New Meeting Structure:
- Quick business first
  - Aimee: We are going to change the format of the meeting since we talked about this at retreat. We want to have more discussions about how we can better CAC.
- Discussions to follow
  - Aimee: At retreat we had some great, important conversations so we would love to continue the productive conversations here at General Council.
- Updates for those that need them
- Starting next meeting!

Chair Guide How-To:
- In the works! Thank you for challenging us!
  - Aimee: We discussed with the new members about creating a how-to guide so that we can help the event chairs. This would include a PR guide, pink form information from Kara and more.
  - Liz: If you’re coming to auditions for U-Sing they are this Sunday and start at 11AM. I would like you to be there by 10:45. It’s at Jim Thorpe, there’s no dress code but please no organizations of any kind on your shirts. I hope you all come, if you’re planning on it please let me know so I can have chairs for everyone.
  - Evan: Is it okay if we have to leave early?
    - Liz: Yes
  - Ryan: How do we let you know?
    - Liz: Just text me and I’ll put my number in the groupme!
Voting:
- Concert Series = Additional $15,000
  - **Aimee**: Concert Series is fronting extra for the concert and need the $15,000 back so they can hold more concerts this year. This is just paying them back for what they have given already.
  - **VOTE FOR THE CONCERT SERIES: ALL PRESENT VOTE TO APPROVE**
- Damaged Painting = $4,000
  - **Aimee**: It wouldn’t have been someone outside of Scandals. It is not OU’s, so the max is $4,000 for the painting and they already paid about $2,000 to fix it as well. This is due to a Scandals act member, so we are responsible.
  - **VOTE FOR THE PAINTING: ALL PRESENT APPROVE**

SGA Updates:
- RSO registration
  - **Aimee**: They now go on OrgSync to register and you identify the group as a Registered Student Organization or university sponsored organization such as Panhellenic, IFC, AISA, HASA. Then there’s government such as us, and then presidential such as PLC, Crimson Club, etc. We are fine and already on the government side of things. It requires that all student organizations have an election process. In the past the president or advisor would just appoint someone. We are hoping this helps provide structure for these organizations. It also requires them to upload constitutions with a “fill in the blank” model.
  - **Aimee**: Also, we just passed the legislation regarding the interview process for SGA applications. Myself and three other leaders in SGA wrote the legislation and presented it, and they passed it this week. In the interviews questions weren’t regulated and the same people weren’t in each interview. We proposed to remove the process, it took about three hours of debating back-and-forth and narrowly passed.

Pumpkin Carve:
- Oct. 20th 5:30p
  - **Daniela**: It is at Nick's house on Normandy. We are going to carve and paint pumpkins and have fun! Address will be posted as it gets closer.

Updates for those who have them:
- **Matthew**: I sent out emails to those of you with absences so please check your emails. To clarify, I made a mistake with the emails and if you missed the GC Potluck it does not count against you for absences!

Let’s head to **P A I N T~F R E N Z Y**
