Items to Be Considered

950118 Director Appointment Clarification Act (Mazeitis) (Rec of do pass)

Elliott sec Elwick

Mazeitis: Hi everyone, few weeks ago I noticed the language in CA said their shall be a director for every department. However, it is up to the pres. So the language says we shall have. This changes up to presidents discretion so he can have discretion to appoint directors as he sees fit

Mee: Changing just working, but SGA President was initially able to decide on candidate?

Mazeitis: Yes the president should have power. Makes language consistent throughout CA

Reid: Section 2 sounds awful lot like been kind of assumed president has power to appoint or not appoint doesn’t say anywhere that president can just not appoint someone, must be misunderstanding

Mazeitis: Clearly indict vive for President to do as he sees fit

Reid: Doesn’t say that explicitly and in later title and chapters it does say that they shall appoint these so perhaps that the president has not been doing what CA been saying

Mazeitis: I would content current practice like there is no director of development, I think up to pres and its practice been following. Clarification of what we have been doing

Byron: do you think given up to president discretion what to do or not do you think we need sections regarding what departments there are?

Mazeitis: Beneficial for departments that are always going to be there. So up to president to have those departments

Israel: Right now our president can create any department they want without approval?
Mazeitis: No they have to have legislative approval
Sample: Code clarifies what positions available. When president decides what directors to have he or she amends the code to fit their term. This year they felt they did not need to have all of the director positions
Nguyen: So if this passes then its going to eliminates positions that are not filled.
Mazeitis: No all this is saying up to exec to what positions going to fill. Language made it seem if director did not fill all of these departments is in violation of the Code since it says there “shall be” not eliminating positions saying president has ability
Owings: Do you think good idea to not have Code push for a cabinet instead of saying up to them?
Mazeitis: I think code entitles it that it is up to the president. President should get to decided what their exec cabinet looks like. Changes reflect current practices
Motion to extend time by 5 minute Reid sec Chun
Kelling: I understand with what Owings asked, my reading of this it says once that president has power to establish exec then goes title and title after that the CA has intent to establish, so why taking aware intent CA was to establish?
Mazeitis: Intent of CA to codify in case president does want
Byron: President writes legislation to include their own amendatory version of the directors. I think it frivolous. Want he is trying to do put it in the current practice of how it is going, Majority of each department is descriptive of the president in term
Sample: would you say code functions as the bylaws for exec branch?
Byron: I guess you could make comparison, exec functions differently than bylaws, the executive branch used to be three person team now is morphed into a cabinet is completely dependent about what the president and vice president are. Large portions of CA good function as that
Williams: With the possibility of passage of bill is it possible that president could not select a cabinet and just be the three of them?
Sample: In theory yes up to their choice, also keep in mind even though code outlines positons when we appoint director they must come and be approved before us. If we think that someone is missing that needs to be there then we can say so

Motion to extend time for questions by 10 minutes William sec Ryana
Williams: Does it state in code that president have to have a cabinet??
Mazeitis: I would go back to section 2 the student president can establish exec positions, to me that says it is up to the president. I highly doubt that the president would not have a cabinet. There is no part of CA that says there has to be a cabinet. That’s why I found this to be inconsistent with code.
Reid: Would you say these parts of CA are more of a suggestion and guidelines they know how to structure committees should the president choose to do so?
Mazeitis: I would say if that’s to be true that would make legislation even more important. If needs to be a guidelines especially for president to change to fit their needs so language requiring them to have these is even more important to change
Reid: Has Pae been talked to?
Mazeitis: yes he was okay with it.
Watts: Is it your understanding that if we add departments still need to codify those?
Mazeitis: Absolutely.

Watts: Small thing, would you accept friendly amendment to change word clarify to reconcile?
Mazeitis: Yes
Kelling: Looking at section 5 I think it is if going through taking out stuff that shouldn’t be here, this adds friendly amendment to remove the student quiz?
Mazeitis: That has already been done it was just not updated whenever I pulled the code to write my bill, but that has been done.

Motion to move roll call vote Nigh sec Williams
28-1-0 this bill does pass
950119 Nomination Clarification Act of 2016 (Sample) (Rec of do pass)
Israel sec Scott
Sample: This legislation is regarding concerns about nominations that have happened in the past. For our bylaws during nomination and election process, two week process the second regularly meeting of even session and we open nominations all nominates say I nominate so and so this is stating that the nominator must be present and the nomination must not be made on behalf of another nominator, and that should a nominee not be present at time of nomination they have 24 to alert chair in writing as to whether or not they accept. For example, if someone is sick or not apart of body they can accept. Later during election nominators give a 2 minute speech and candidates get 5 minutes to speech. If nominator unable to attend election meeting, nomination speech is forfeited. So no extra time for candidates platform.

Reid: As if nominator is sick or not there can they still give up time to them?
Sample: No it is forfeit so there is not undue benefits that the other candidates do not receive

Israel: Section 3 is it suppose to be as?

Scriveners
Mazeitis: In section 3 subsection c is that 24 hours from the start of the meeting or the end of the meeting?
Sample: Will leave up to chair
Kelling: So I understand the intent of nominator needing to be present, what about recording speeches if nominator cannot attend or skype?
Sample: At this point in time a fair time of technological issues, due to that I do not believe should be the case. I think nominee and nominator should really consider whether or not they will be available during that time. I think unfair so should just be forfeit to avoid conditionals that body might object to when body comes around

950301 A Resolution Supporting Community Gardens (Cox) (Rec of do pass)

Israel sec James
Cox: This resolution is to show support for our garden bill, was originally wanting to show support a for another garden, when writing we learned about the other garden, rather than wanting to focus on a new garden anted to raise more PR and support for current garden. This encourages team building skills, health eating. In comparison to other university OU could do a lot more to show sustainability support. Princeton and Virginia Tech gardens are so big they are included in their farmers markets. So help to show support and hopefully expand the support
Meyer: Wondering last whereas clause is it suppose to be a part when individuals say “berry” important life long bills?
Yes
Watts: Can you explain the first whereas clause? I find it confusing
Cox: Pretty much going over what the garden is and who the sponsors are
Watts: The annual 100 volunteers?
Cox: There to show that they have support, there have been gardens in past that had no support so important to show that there actually is an garden
Williams: This is great! Please explain how to first get involved with the garden?
Cox: I googled healthy sooners. Link to show all about it. Front desk at huff or email Amy Davenport
Reid: Are you accepting co-sponsor?
Yes
Scott, Elliott, Capehart, Williams, Byron, Nguyen, Chun, Reid, Ryana, James, Thompsons, Israel, Sundby, Grunewald, Klima, Mee, Pham, Monolux, Brown, Steward, Zahra, Rains
Reid: Friendly amendment in 4th whereas clause from gain to grains??
Yes
Monolux: Is 100 an exact number?
Cox: Yes
Mazeitis: Friendly amendment to whereas clause adding commas and changing wording?
Yes
Williams: Would you mind adding a citation for the volunteers?
Cox: Yes I will

Watts: So has an RSO ever requested a fence?
