Call to Order
Roll Call
Chair
Vice-Chair
Secretary
Reports:
  o Chair- We need to talk about committee chair applications. We will have a meeting tomorrow night. I’m getting sick. Tell people about the GSS Toy Drive. We are meeting with the Election Board this week. We are tabling Campus Climate because we haven’t met with Kennedie or Cameron. Emily Mee wants to do a statement with SGA about showing solidarity with students. We will meet during Big Exec to discuss it. Let’s get through this week.

  o Vice Chair- Could you send out the Mock Congress info when you send out the information? We will do all members sworn in are required to go. Kaylee, could you send that out in the e-mail with the agenda? I’m working on updating the handbook to give out at the beginning of next semester. Beyond that, not too much.

  o Secretary- No report

Special Orders
Old Business
New Business
Items to Be Considered
970101 An Act Establishing the Campus Climate Advisory Board (Zafar)
Motion to Table Until the Next Exec Meeting Secretary Mazeitis sec Vice-Chair Reid
Rubio: This resolution came about as a way of SGA taking a stance on a topic that hits home. As residents of OK, there is a strong Native American presence here, especially in terms of the student body at OU. That being said, we've had students come out to North Dakota for the protest of the NDAPL and specifically we wanted to make sure that students knew that if they felt marginalized as Native Americans, SGA has their back. This resolution is to say that we have the back of any student that wants to protest, be it in North Dakota or in Oklahoma City. This is to encourage Native American students to allow their voices to be heard. GSS would like to open up donations to send to protestors at Standing Rock.

Reid: Regarding Section 2, have you considered making that a whereas clause? You state that in the first whereas clause. Would you accept a friendly amendment moving Section 2 to the Whereas section?

Rubio: Yes

Reid: I ask because you're justifying the statement in the sections. I would recommend having a Whereas clause that talks about how students at OU are affected by the history of our state.

Rubio: Have you considered adding a whereas clause regarding how the city of Bismark made it so that the pipeline wouldn't run through their city?

Rubio: I put in some historical information about the Treaty, but I'd be happy to add more.

Reid: Would you accept a friendly amendment adding the information about Bismark?

Rubio: Yes

Mazeitis: Would you accept a friendly amendment striking both from the 4th whereas clause and adding the NA liaison and AISA to the list of recipients?

Rubio: Yes

Motion to Give This Legislation a Rec of No Rec Vice-Chair Reid sec Secretary Mazeitis

Rains: I need a couple of amendments. These bills are our committees without chairs.

Mazeitis: Would you accept a friendly amendment adding the names of Representatives that aren't on the list?

Rains: Yes

Motion to Give This Legislation a Rec of Do Pass Vice-Chair Reid sec Secretary Mazeitis

Chair: Kaylee Rains
Vice-Chair: Austin Reid
Secretary: Jake Mazeitis
