University of Oklahoma Fraternity and Sorority Programs and Services

Minimum Expectations Covenant

Fall 2019

Fraternities and sororities at the University of Oklahoma recognize that academics are, and should be, the foremost priority of each student and the process of joining a fraternity or sorority should not interfere with the academic mission of the university. Fraternities and sororities are committed to excellence in all areas and believe it is the responsibility of each organization to create a comfortable and nourishing environment that promotes scholarship, leadership, friendship, campus involvement and community service.

All University of Oklahoma students and student organizations must abide by the University of Oklahoma Student Rights and Responsibilities Code and all University policies. Fraternities and sororities recognize the importance of the sections pertaining to the alcohol and hazing policy in addition to the Oklahoma State Statutes (Title 21 § 1190). The University of Oklahoma in conjunction with fraternities and sororities will not tolerate the abuse/misuse of alcohol, hazing and/or other conduct that interferes with a new member/pledge/associate's (new member) ability to fully meet all of his/her academic responsibilities or other campus responsibilities. Because the University of Oklahoma expects all fraternities and sororities to eliminate these behaviors and practices from their organizations, the absence of these behaviors will be a condition of being recognized at the University of Oklahoma as a student organization.

The University of Oklahoma Alcohol Policy, hazing and other inappropriate behavior as defined in the University of Oklahoma Student Rights and Responsibilities Code is as follows (in part):

University of Oklahoma Co-Curricular Policy

The mission of the University of Oklahoma is to provide the best possible educational experience for our students through excellence in teaching, research, creative activity, and service to the state and society. Students at the University have the opportunity to receive a high quality education in the classroom and participate in numerous, diverse co-curricular activities outside the classroom. It is the responsibility of University faculty and staff to create a collegiate experience for our students that offers guidance and support. The establishment of priorities and expectations are a critical part of assisting our students to achieve success in all their college endeavors. The following guidelines represent the priorities and expectations of the University community for students balancing academic and co-curricular success.

- All registered student organizations at the University of Oklahoma must require their officers, leaders, and/or committee chairs to be in good academic standing with the University and their respective college and department.
- When classes are in session, no registered and/or recognized student organization may host an event between the hours of 12 a.m. and 8 a.m., Monday through Friday.
- A non-academic event, production, or philanthropy should not exceed a commitment of 15 hours per week from participants.
- Non-academic events, meetings, or productions should never take priority over academic, specifically in-class, responsibilities.
- Registered student organizations should plan to complete programming initiatives prior to dead week. No activities should be scheduled during dead week. Exceptions to this policy may include academic or honorary activities with written permission from the director of Student Life.
- Students must take personal responsibility and be proactive in managing their time and commitments that hinder the most important aspect of the college experience, graduation.

The University recognizes there are exceptions to this policy that could include travel to conferences, meetings, or events, special ceremonies or initiations inherent to the values of the organization, religious observances, or responsibilities with scholarships. Organizational approval can and should be obtained from the director of Student Life prior to the activity. Additionally, each student should work with their respective instructors to manage their course obligations.
This policy will be enforced through the University of Oklahoma Student Rights and Responsibilities Code for the Norman Campus under Title 13 and University and State of Oklahoma Hazing Statutes.

University of Oklahoma Student Rights and Responsibilities Code—Title 16 (selected Sections)

§2 – 1. Abusive conduct: Unwelcome conduct that is sufficiently severe and pervasive that it alters the conditions of education or employment and creates an environment that a reasonable person would find intimidating, harassing, or humiliating. The frequency of the conduct, its severity, and whether it is threatening or humiliating are factors that will be considered in determining whether conduct is abusive. Abusive conduct includes verbal abuse, physical abuse, or holding a person against his or her will. Simple teasing, offhanded comments and isolated incidents (unless extremely serious) will not amount to abusive conduct.

§2 – 11. Hazing: Any action or situation that recklessly or intentionally endangers the mental or physical health, safety, or welfare of an individual for the purpose of initiation, participation, admission into or affiliation with any organization at the University, as defined by Oklahoma or federal law.

§2 – 13. Mental harassment: Intentional conduct that is so extreme and outrageous that a reasonable person would not tolerate it.

University of Oklahoma Student Alcohol Policy

All campus affiliated student organizations and all students who are currently enrolled at the University of Oklahoma or are pre-enrolled for subsequent semesters and have either attended the institution for at least one semester in the current or past academic year are responsible for following federal, state and local laws, the Student Code of Responsibilities and Conduct, and the Student Alcohol Policy.

(1) All fraternities, sororities, and residence halls shall be dry. Alcoholic beverages will not be allowed inside fraternity houses, sorority houses and OU residence halls or on the grounds surrounding them. Fraternity officers and members will sign an agreement to abide by this policy which will be strongly enforced. Enforcement for campus alcohol violations and punishments has been increased.

(2) To curtail alcohol abuse on and off campus, the university has adopted a mandatory, minimum “3 Strikes” policy. The first alcohol violation, whether off campus or on campus, automatically will result in appropriate parent/guardian notification and further alcohol education. A second offense will also automatically carry parent/guardian notification and an appropriate sanction. A third violation will result in automatic suspension from the university for a minimum of one semester.

(3) Parents/guardians will be informed of this policy at the time their son or daughter enrolls at OU.

(4) Events at which alcohol is served, that are sponsored by campus-affiliated student organizations, shall be restricted to only Friday nights and Saturday nights.

(5) Transportation to and from off campus parties sponsored by campus-affiliated student organizations shall include designated drivers or public transportation provided by the sponsoring group.

(6) Alcohol education programs have been expanded and all entering undergraduate students, age 22 and under, are required to complete these programs to remain in good standing. In addition, upon joining a fraternity or sorority, new members will participate in a university approved alcohol education program before their new member program begins.

(7) An anonymous, confidential hotline has been established where violations of the anti-hazing and dry fraternity, sorority and residence hall policies may be reported.

(8) All fraternity and sorority recruitment events are alcohol free. In addition, regulations have been established for IFC fraternities to regulate summer recruitment activities. These regulations include: mandatory registration of recruitment-related facilities, notification one calendar week prior to recruitment events, and open invitations to IFC and University representatives to attend any recruitment activities.
(9) Campus-affiliated student organizations are required to present a plan annually for organizationally-sponsored events prior to any activities at which alcohol is served.

(10) Fraternity and Sorority Programs and Services has enhanced the University's statement on prohibited hazing activities. Fraternity and sorority officers will sign a pledge to abide by this policy and report violations. It will also be provided to new members who will sign a statement promising to report violations. This statement on prohibited hazing activities will also be given to the new members' parents/guardians, who will be urged to report any violations.

(11) The University has established a formal relationship with licensed alcohol counselors for immediate student referrals.

(12) The University has established the SafeRide program that includes a voucher system with a local public transportation company to provide safe rides to discourage drinking and driving.

(13) Because of the critical student health and safety issues, any conflicting policy or process will be waived.

(14) Students who have received a first strike may at any time request that the strike and the record be removed from their student file providing the student meets the relevant eligibility criteria and provides documents evidencing the following criteria. This request must be made in writing to the Student Conduct Officer. In order to be eligible to have the strike and the record removed from their student file at the University, the student must present the following documentation:

- it has been one year since the disposition of the offense, whether by deferral, conviction, or negotiated settlement with the University;
- the student has not received any additional strikes under the University system within the specified period of time based on their negotiated settlement with the University;
- the student has not received any additional charges or alcohol related offenses on or off campus, since receiving the alcohol offense at issue;
- the student completed all agreed upon sanctions required by the University and the court having jurisdiction over the matter, if applicable.

Removal of the strike is at the sole discretion of the University Vice President of Student Affairs or their designee. Additionally, this opportunity for a student to have a first strike removed from their University record does not apply to DUIs and applies only to charges under the University’s Three Strike Policy and in no way limits any other available action by the University, including but not limited to, any violation of the Student Code of Responsibilities and Conduct. However, the following alcohol offenses shall be entitled to an automatic deferred first strike: minor in possession and/or public intoxication and other similar, limited circumstances at the discretion of the University Vice President for Student Affairs. To qualify for the deferral and ultimate removal of the first strike, the student must not receive any other alcohol offense for a period of 12 months from the date of the qualifying deferred first strike offense. A deferred first strike will not be considered an "offense" and will not be maintained as a disciplinary record of the University. However, if the student receives another alcohol offense of any nature, within the 12-month period, the deferral of the first strike shall be revoked and the second alcohol offense shall be considered a second strike. Moreover, students are only entitled to one deferred strike during their attendance at the University.

Alcohol Event Notification

Campus-affiliated student organizations must file an Alcohol Event Notification Form in Student Life (370 OMU) one month before they may host any event at which alcohol will be present. If an event is co-sponsored, each organization must submit a separate form. This form does not replace any form that may be required under the rules of an individual student organization.

Three Strikes Policy

Definition of a Strike

A "strike" is the University's official recognition of a student’s or organization’s violation of the University’s alcohol policy. Nothing herein shall waive a student’s right to due process. A strike is a final University disciplinary action which finds the accused guilty of an alcohol-related offense. A student or organization may be charged with an alcohol-related violation based on the following:
1. A conviction, deferred sentence, or a plea that has the effect of conviction of an alcohol related offense of which the University is made aware; or
2. A University finding or allegation that a student or organization may have committed an alcohol-related violation prohibited by the Student Code. Such violations include, but are not limited to, the conduct prohibited by Title 16 of the Student Code of Conduct, the Student Alcohol Policy, incident reports and citations.

Upon notification of the foregoing, or any other violation reasonably related to alcohol, the University may charge the student pursuant to the Student Code and the student shall be entitled to an appropriate hearing as defined by the Student Code. Whether by decision of an appropriate disciplinary body, administrative official, or by a negotiated settlement, any final University disciplinary action resulting in a finding of guilt for an alcohol related violation shall be considered a strike.

Reporting Mechanisms

The University may act on any reliable information it receives. Although not an exhaustive list, the University may be notified of prohibited conduct in the following ways:

1. A police report from the University of Oklahoma Police Department;
2. A police report from the Norman Police Department;
3. Reports from other law enforcement or security agencies that are received by the University;
4. Notification by a University official that an alcohol violation occurred; or
5. Any other information deemed reliable by the University that comes to the attention of a University official.

However, the University shall not utilize information received based on the student's seeking or accessing medical/mental health treatment nor based on the student's seeking or accessing the Saferide program.

The University, upon notification, may investigate the information received to determine if the conduct constitutes a violation prior to taking action. Nothing herein shall waive a student's right to due process. Students who have received a first strike may at any time request that the strike and the record be removed from their student file providing the student meets the relevant eligibility criteria and provides documents evidencing the following criteria. This request must be made in writing to the Campus Judicial Coordinator. In order to be eligible to have the strike and the record removed from their student file at the University, the student must present the following documentation: (1) it has been one year since the disposition of the offense, whether by deferral, conviction, or negotiated settlement with the University; (2) the student has not received any additional strikes under the University system within the specified period of time based on their negotiated settlement with the University; (3) the student has not received any additional charges or alcohol related offenses on or off campus, since receiving the alcohol offense at issue; (4) the student completed all agreed upon sanctions required by the University and the court having jurisdiction over the matter, if applicable. Removal of the strike is at the sole discretion of the University Vice President of Student Affairs or their designee. Additionally, this opportunity for a student to have a first strike removed from their University record does not apply to DUIs and applies only to charges under the University's Three Strike Policy and in no way limits any other available action by the University, including but not limited to, any violation of the Student Code of Responsibilities and Conduct.

Sanctions for Organizations

---

1 Alcohol offenses and misconduct shall include, but shall not be limited to, minor in possession; public intoxication; manufacture, use or possession of false identification; driving under the influence, driving while intoxicated, actual physical control and involvement in a crime while under the influence. Student Affairs, by and through the Office of Judicial Services, shall determine if a charge is alcohol related; however, the final determination shall be made by an appropriate disciplinary body or administrative official.

2 A final disciplinary action shall be a decision to which no further right of appeal exists in the Student Code.
Organizational sanctions will be administered based on the possession and use of alcohol in an organization’s residence facility or the illegal or prohibited use of alcohol at an organizational event.

Before imposing an organizational sanction, as opposed to solely an individual sanction, the University will consider the entirety of the circumstances surrounding the organizational event, including, but not limited to, whether:

1. the alcohol violation was endorsed, sponsored, sanctioned, enabled, furthered, or funded, in whole or in part, by the organization, its officers, or the officers of its local, state, or national organization acting with actual or apparent authority, and any of them knew or should have known of the alcohol violation and they took insufficient action to prevent or cease the violation; or
2. the alcohol violation occurred on property owned, leased, rented or occupied by the organization, and the officers of the organization took insufficient action to prevent or cease an alcohol violation they knew or should have known existed; or
3. alcohol is located in the organization’s campus or campus affiliated residence facility (e.g. fraternity/sorority chapter houses), unless otherwise exempted; or
4. regardless of its location, the alcohol violation occurred at an event or any gathering of two or more individuals of the organization conducted in furtherance of the mission, or purpose of the organization, including any event, program or ceremony; or
5. the alcohol violation occurred at any gathering utilizing the organization’s name or logo, or which was advertised by the organization; or
6. the alcohol violation occurred at any gathering of two or more individuals that would typically be in furtherance of the organization’s activities, but is designed to circumvent these rules.

The Vice President of Student Affairs has the discretion to determine whether, based on the criteria above and the totality of the circumstances, the alcohol violation occurred at an organization event and warrants an organizational sanction.

Any offense by the group remains part of the organization’s “3 Strikes” record for a period of three calendar years.

This type of action does not create new restriction for the organization.
