Assessment of Child Safety

Course Description: This training will discuss in-depth the Assessment of Child Safety including when it should be completed and the six key questions in gathering information. Participants will learn the difference between a safety plan and a service plan, when an immediate protective action plan is needed versus a safety plan, and where to document it all on the Assessment of Child Safety form. Other information will include when an Assessment of Child Safety should be completed and common mistakes made on safety plans.
