

Pradeep Yadav

Professor Pradeep Yadav is Johnston Chair and Director of the Finance Division at the *Price College of Business* at the *University of Oklahoma*. He also serves as the Chairman of the *European Finance Association*: he was elected initially for a three-year term from 2011-13, and has since been re-elected for a second three-year term from 2014-16. He is also a member of the Advisory Board of the *Review of Finance*.

Earlier, Professor Yadav has served as Vice-President (in 2003) and as President (in 2004) of the *European Finance Association*; as (full-time) Visiting Professor at the *NYU Stern School of Business* (academic year 2001-02) and the *UCLA Anderson School of Management* (Spring 2000 and academic year 2002-03); as Professor of Finance at *Lancaster University* and *Strathclyde University* in the UK (1993-2005); as a CFR Research Fellow at the *University of Cologne* in Germany; as a member of the CAF Board of Advisors of the *Indian School of Business* in India (2005-13); as an Academic Fellow of the *Institute of Chartered Accountants of England and Wales*; and as a non-executive Director on the Board of Directors of about twenty companies. Before moving to academia, he has worked as CEO and Deputy CEO in public sector corporations and organisations, and held other senior public sector management positions in India as a member of the Indian Administrative Service.

Professor Yadav has also extensively done consulting assignments for financial institutions, consulting firms, and stock exchanges; and has been engaged as an expert or expert witness in several major legal cases in U.S. courts.

The research and consulting interests of Professor Yadav are in the microstructure and liquidity of financial markets; options, futures and risk management; valuation of illiquid loan securities and portfolios; agency costs, corporate governance; and mergers and acquisitions. His research has been published in leading academic and professional journals, and won several “best paper” awards: e.g., a *New York Stock Exchange Prize* for the best paper on Market Microstructure in 2003; the year 2000 *Robert J. Schwartz Memorial Prize* of the *Fisher Black Memorial Foundation* and the *International Association of Financial Engineers* for the most original research paper on derivatives; a *Chicago Board of Trade Prize* for Best Paper on Futures in 1993; and the *INQUIRE UK Best Paper Prize* for 1989.
