SENATE BILL NO. GS14-10 Carlough’s Mark on Campus Act

Motion to bring to the floor by Sen. 45, second Sen. 87, bill is on the floor.

Speaker from Undergraduate Student Congress: Updates to constitution being proposed, our past leader stepped down, constitution said one thing, thought process was another, followed what constitution said, Madalin assumed only powers and duty of president but not the office, previous act giving her more responsibility and increasing her pay. I have changed the constitution, how things will change, the vice president will assume entire office of president, responsibilities, duties, compensation, process to fill vacancy in the office of the vice president, also a new clause that says if the vice president can’t meet the requirements of the president, then the vice president would stay the vice president, if the vice president and president both removed at same time, chair of undergrad student congress assumes the president’s position, any unforeseen circumstances can be addressed with a simple act of legislation.

Sen. 60: About Section 6, is there actually any difference currently in qualifications for President and Vice President?

Speaker: Currently no.

Sen. 72: What happens if the Vice President cannot meet qualifications of President?

Speaker: There is not specific language to address that, but the Chair of Undergraduate Student Congress would assume the position of President if he meets requirements, if not, an act for further succession.
Motion to pass by unanimous consent by Sen. 75, second Sen. 86, no objections, bill passes.

SENATE BILL NO. GS14-11  Icing on the Cupcake Act of 2014

Motion to bring to the floor by Sen. 59, second Sen. 77, bill is on the floor.

Speaker: This a piece of legislation passed last year, title reflects that, democracy should be the first pursuit of this body. gpa requirements helps establish that democracy, two parts, SGA President gpa requirement, second part the process, gpa requirements were challenged and struck down by virtue of one line that would have allowed individual bodies to develop gpa requirements, this legislation meets the test of all constitutional challenges.

Sen. 60: Since this is establishing a gpa requirement for only the President, if the vice president had less than the gpa requirement, he or she would be skipped over?

Speaker: That is correct.

Sen. 86: You are saying this is democratic to have a gpa requirement?

Speaker: I believe it is democratic to propose it to the students.

Sen. 60: Any downside for including gpa requirement for vice president?

Speaker: We do not want to restrict ourselves, we are currently able to establish gpa requirements, if we change it in the constitution, we set limitations for ourselves.

Sen. 5: Does this act establish gpa requirements?

Speaker: Only for SGA President, but we are proposing a process for establishing gpa requirements.

Sen. 60: In Article 4, Sec. 8, has to be at least 2.5 but could be set higher in the future?

Speaker: That is correct.
