

**THE UNIVERSITY OF OKLAHOMA SCHOOL OF SOCIAL WORK  
PRACTICUM PROGRAM**

Medical Site Requirement Checklist for Students

All medical sites will require additional tests and verifications prior to student placement. **It is the responsibility of the student, not the OUSSW or site, to assure that all additional requirements are met prior to beginning the practicum.** Listed below are the requirements of most medical sites where the OUSSW places students. Check with your site to learn what additional requirements will apply to you.

**You will be expected to provide proof of immunity to the following illnesses:**

\_\_\_\_\_ Hepatitis B, usually assured through a complete Hep B series of three shots; some sites will accept a titer and some will exempt a student from this requirement if the student will sign a waiver

\_\_\_\_\_ Measles, mumps, and rubella through either a series of 2 MMR vaccinations or positive titers; in some sites you may be exempt if born before 1957

\_\_\_\_\_ Varicella (chicken pox) through a series of 2 vaccinations; in some sites, written verification of varicella history or varicella titer may be accepted

\_\_\_\_\_ Diphtheria, pertussis, and tetanus (DPT or TD) vaccination within the last 10 years

**You may also be expected to provide verification of the following:**

\_\_\_\_\_ Negative PPD (TB) or chest X-ray within the last 12 months

\_\_\_\_\_ Criminal background check within 2 months of placement

\_\_\_\_\_ CPR training

\_\_\_\_\_ HIPAA training

\_\_\_\_\_ Proof of individual malpractice liability insurance

**In addition, some medical sites require the following:**

\_\_\_\_\_ Proof of personal medical insurance

\_\_\_\_\_ Basic Life Safety training certification

\_\_\_\_\_ Bloodborne pathogen training
