Marketing Plan Assignment

Task: Assume that your group has been contracted as a marketing consultant by the respective sport organization, and have been asked to develop and submit a marketing plan to them.

The marketing plan is a comprehensive, written framework for strategically obtaining marketing objectives. A sport marketing plan can be written for a single sport product/service, a group of products/services, a new promotional strategy, or an entire sport organization.

The Marketing Plan should include the following:

2. Introduction - description of the business; product/service analysis.

3. Business Objectives of the organization and the specific Marketing Objectives. Explain how the proposed event/activity contributes to these objectives.

4. A Situational Analysis (the economic climate, financial status of the organization, demand trends, political environment, competitors, etc.). Discuss the Strengths, Weaknesses, Opportunities, and Threats (SWOT).

5. A summary of Consumer Information. Discuss information that you have obtained on the organization's consumers (due to primary or secondary research). Also, discuss the means of obtaining consumer information via a marketing information system.

6. Marketing Strategies:
   A. A discussion and presentation of a strategy for Market Segmentation
      * What will serve as the basis for segmentation, and why?
      * Provide an analysis and rationale for selecting the target markets?

   C. A discussion and presentation of the Pricing Strategies.
   D. A discussion of the Place the event is held and means of its Distribution.

F. Develop a plan to secure **Corporate Sponsorships**.

7. A presentation of a **Timeline** for implementation/plan of action.

8. A discussion of methods of **Evaluating** the plan/marketing strategies.
   - **Note:** each group should try to gather some primary or secondary information pertinent to the activity/event - by designating one person to call the organization (be sure to identify yourself as a graduate student at OU working on a project for a Sport Marketing class) and/or by doing internet or library searches for the needed background information.
   - The marketing plan should be thorough and detailed enough so that a person could actually implement it based on the information and suggestions contained therein.
