

GALLOGLY COLLEGE OF ENGINEERING  
**STEPHENSON SCHOOL  
 OF BIOMEDICAL ENGINEERING**  
*The UNIVERSITY of OKLAHOMA*

**Accelerated (BS/MS) Degree Program**

Research Supervising Professor Preference Form

If you are accepted into the Accelerated Degree Program, an important component of your graduate work will be your research. Research in the program can begin as early as your sophomore year. A quality thesis and defense are the goals of the research.

Instructions:

1. Indicate your preference of Research Supervising Professor below from the list of SBME Graduate Faculty and have the faculty member initial next to their name in confirmation. The faculty member **must** have an active [Graduate Faculty Appointment](#) with SBME (\*Professor from outside SBME with SBME appointment).
  - a. Please note that although most students will continue with the same professor throughout their BS and MS years, it is not required. A change can take place during your senior year. Please contact Nicole to initiate a change.
2. Please include this document along with the completed application form and forward it to Nicole at npalmer@ou.edu.
