move-in map: 2010

University of Oklahoma students who are new or returning to campus can expedite their travel for move-in day by using one of the traffic routes recommended here to avoid construction-related street closings (Lindsey Street at Jenkins Avenue). From Highway 9, turn north on Chautauqua or Jenkins and proceed to Timberdell. From Chautauqua turn east on Timberdell, or from Jenkins turn west. Traveling on Timberdell from either direction, proceed to the first stop sign and turn north onto Asp Avenue. --OR-- From I-35 take the Lindsey Street exit and proceed east to Asp Avenue, then turn south. The construction-related street closings have temporarily blocked access to campus if the approach is west on Lindsey from Classen Boulevard.
